## **B.** Improve *professional practice*, particularly in safeguarding and children in care, through managers effectively managing performance

| Targets  |   |                        |                                 |                   |   |  |  |  |  |  |  |
|--|---|------------------------|---------------------------------|-------------------|---|--|--|--|--|--|--|
| Measure  | Actual<br>(as at<br>[31<br>August<br>2012]) | Similar<br>Authorities | Outturn<br>2011/12 <sup>1</sup> | Target<br>2012/13 | Any Comments  |  |  |  |  |  |  |
| <b>1.</b> Initial Assessments completed within 10 days | 76.40%                                      | 84.29%                 | 85.77%                          |                   | Cumulative performance for the year is showing as     |  |  |  |  |  |  |
|  |   | (Red)                  | (Red)                           | (Red)             | 76%.Performance is still an issue in this area and is |  |  |  |  |  |  |

<sup>&</sup>lt;sup>1</sup> Provisional

<sup>2</sup> Target is lower than last year but higher than national average and accounts for the continued increase in work

|   |   | Та                     | rgets                           |                   |   |
|---|---|------------------------|---------------------------------|-------------------|---|
| Measure   | Actual<br>(as at<br>[31<br>August<br>2012]) | Similar<br>Authorities | Outturn<br>2011/12 <sup>1</sup> | Target<br>2012/13 | Any Comments  |
|   |   |                        |                                 |                   | below target. This is being robustly monitored and an action plan is in place. There are issues with the volume of work and staff vacancies/absences.   |
| 2. Core Assessments completed within 35 days  | 73.96%                                      | 84.26%<br>(Red)        | 85.76%<br>(Red)                 | 85%<br>(Red)      | The outturn for July shows a slight improvement in timeliness of core assessments (from 71.9 - June to 73.96% in July). The continuing pressure on resources in the Targeted Family Support (TFS) Service continues, with high levels of incoming work. Plans to focus on preventative work, transfer points, step up and step down processes are in place. However, until these are implemented there is unlikely to be a significant change in performance on core assessments.   |
| <b>3.</b> Child Protection Plans ceasing that had lasted 2 years                                | 7.09%                                       | 7.24%<br>(Green)       | 3.67%<br>(Red)                  | 6.5%<br>(Amber)   | Review of all cases at 15 months commenced, which we anticipate will impact On performance in December.   |
| 4. Children becoming the subject of Child<br>Protection Plan for a second or subsequent<br>time | 17.41%                                      | 11.95%<br>(Red)        | 17.35%<br>(Amber)               | 15%<br>(Amber)    | This area is being monitored through the monthly<br>Children and Families Performance Surgery<br>meetings and is subject to ongoing focussed<br>investigation. There are 15 children who have been<br>on a Child Protection Plan longer than two years.<br>However, there is one family of five siblings within<br>this cohort that will have a significant impact on the<br>percentage outturn. Also due to Liquidlogic migration<br>the ability to 'de-plan' was not available during this<br>full reporting period and the figure may need |

|  |   | Та                     | rgets                           |                   |   |
|--|---|------------------------|---------------------------------|-------------------|---|
| Measure  | Actual<br>(as at<br>[31<br>August<br>2012]) | Similar<br>Authorities | Outturn<br>2011/12 <sup>1</sup> | Target<br>2012/13 | Any Comments  |
|  |   |                        |                                 |                   | updating subsequently.  |
| <ol> <li>Numbers of CAFs (Common Assessment<br/>Frameworks) three month rolling average</li> </ol> | 59  | NA                     | 77<br>(Amber)                   | 104<br>(Red)      | The number of Common Assessment Frameworks<br>recorded for August dipped to 35. This is likely to be<br>as a result of schools not being open in the summer<br>months. There is to a high level strategic review of<br>the use of the Common Assessment Framework, led<br>by the Director CYPS, to be undertaken in the<br>context of development a single multi agency service<br>pathway as part of One Team Working. |
| 6. % of substantive qualified social workers   | 76%   | NA                     | 76%<br>(Amber)                  | 80%<br>(Amber)    | We expect the most recent and further recruitment of<br>qualified practitioners and managers will increase the<br>percentage of substantive social workers.   |
| <ol> <li>Percentage Performance and Development<br/>Reviews (PDRs) completed</li> </ol>            | 100%  | NA                     | 67%<br>(Green)                  | 90%<br>(Green)    | The actual relates to Performance and Development<br>Reviews for Director, Assistant Director and Heads of<br>Service posts, all of which have been completed.<br>The target for end September 2012 is that 90% or<br>more of all staff will have been subject to a<br>Performance and Development Reviews. This will be<br>reported to the October meeting of the Children's<br>Board.                                 |
| 8. Days lost per employee due to sickness  | 14.82                                       | 12<br>(Red)            | 14.7 <sup>3</sup><br>(Amber)    | 12.4<br>(Red)     | Quarter 1 result 14.82 days. Monthly data is being run, but the reporting is a month in arrears, therefore Quarter 1 is the latest data available   |
