**Issues that have not been programmed but Members may wish to consider**

1. Use of agency staff by the Children and Young People's Services Directorate – not undertaken due to duplication of priorities in the Directorate's improvement plan.
2. Community Based Paediatric Health – update following presentation by Lee Golze from NHS CCG, made to the Panel January, 2013. Is this an area that needs to be considered by the Health and Adult Social Care Panel?
3. Spotlight review into good outcomes for children with disabilities e.g. support to families (short breaks) or access to education. The latter was considered as part of the Panel's work on the Inclusion Strategy, but is an area that could be revisited.

**Review:** - Outcome for Care Leavers – Concluded and reported forwarded to the Mayor and Cabinet Members.
