Agenda Item 4

DONCASTER METROPOLITAN BOROUGH COUNCIL

LICENSING SUB-COMMITTEE

MONDAY, 27TH FEBRUARY, 2017

A MEETING of the LICENSING SUB-COMMITTEE was held at the COUNCIL CHAMBER - CIVIC OFFICE on MONDAY, 27TH FEBRUARY, 2017, at 9.30 am.

PRESENT:

Councillor Iris Beech (In the Chair)

Councillors Bev Chapman and Steve Cox.

APOLOGIES:

An apology for absence was received from the Chair, Councillor Linda Curran.

1 ELECTION OF CHAIR

Due to the absence of the Chair, Councillor Linda Curran, nominations were sought for the election of a Chair for this meeting.

Councillor Bev Chapman moved that Councillor Iris Beech be elected as Chair, which was subsequently seconded by Councillor Steve Cox

RESOLVED that Councillor Iris Beech be elected as Chair of the Licensing Sub-Committee, for this meeting.

2 DECLARATIONS OF INTEREST, IF ANY

There were no declarations made at the meeting.

3 MINUTES OF THE MEETINGS HELD ON 22ND DECEMBER, 2016 AND 24TH JANUARY, 2017

RESOLVED that the minutes of the Licensing Sub-Committee meetings held on 22nd December, 2016 and 24th January, 2017, be approved as a correct record and signed by the Chair.

4 APPLICATION FOR A PREMISES LICENCE - EDA SUPERMARKET, 60 HEXTHORPE ROAD, HEXTHORPE, DONCASTER, DN4 0BD

The Sub-Committee considered an Application for a new premises licence in respect of 'EDA Supermarket', 60 Hexthorpe Road, Hexthorpe, Doncaster, DN4 0BD.

The Sub-Committee Members, the Applicant, the persons making representations and the Responsible Authorities had received the agenda prior to the meeting.

Representations regarding the application had been received from Councillor Glyn Jones, Hexthorpe and Balby North ward Councillor (on behalf of residents of Hexthorpe and Councillor Sue Wilkinson), and the sub-postmaster at New Hexthorpe Post Office. Copies of the representations were attached to the report at Appendix E.

During the consultation period the applicant had agreed with South Yorkshire Police that additional conditions shall appear on the licence should it be granted. Details regarding the additional conditions were attached at Appendix F for Members' consideration.

The Chair made introductions and outlined the procedure to be followed.

The Applicant and the Agent acting on behalf of the Applicant made representations and answered questions, during which the Applicant amended her application in the following terms:-

- Reduce the opening hours and sale of alcohol from 11.00pm to 10.00pm
- The licence to be valid for the period of 6 months

Councillor Glyn Jones, Hexthorpe and Balby North ward Councillor, who had made written representations on behalf of the residents of Hexthorpe, was in attendance at the meeting and made representations in respect of their objections to the application.

All parties were then asked to leave the room whilst the Sub-Committee deliberated on the Application and reached a decision.

RESOLVED that the Licensing Sub-Committee, having considered an Application for a new Premises Licence for 'EDA Supermarket', 60 Hexthorpe Road, Hexthorpe, Doncaster, DN4 0BD, and having taken into account the relevance of the written representations made and the evidence presented at the meeting, the steps that are appropriate to promote the Licensing Objectives, the Home Office Guidance and the Council's Statement of Licensing Policy, decided to grant the Application in the terms as set out in Appendix B to the report, subject to the following amendments:-

- That the terminal hour for the sale of alcohol shall be 10.00 pm; and
- The licence shall be valid for a limited period, that being 6 months from the date of the hearing.

And be subject to the following conditions:-

A CCTV system will be fitted, maintained and in use at all times whilst the premises are open.

The CCTV images will be stored for 28 days and the Police and authorised Officers of the Council will be given access to images for purposes in connection with the prevention and detection of crime and disorder.

Members of the management team will be trained in the use of the system.

Challenge 25 Scheme – The Challenge 25 scheme must operate including, a refusals log, signage and the maintenance of staff training records.

No singular alcoholic drinks, including, beer, lager and cider in cans will be sold; a minimum purchase of 4 will be required.

A Personal Licence Holder will be available on the premises during the times alcohol is being sold.

The Sub-Committee made its decision for the following reasons:-

The Sub-Committee noted the concerns of the objectors and the fact that there are issues in the area. There is no suggestion that any issues emanate from this premises. The Sub-Committee was concerned that the premise is already advertising the sale of alcohol when they do not have a licence but were satisfied no alcohol was being offered for sale. However, they are satisfied that imposing the conditions we have ensured that the 4 licensing objectives are being promoted.

CHAIR: _____

DATE: _____

This page is intentionally left blank

28th March, 2017

**To the Chair and Members of the
Licensing Sub-Committee**

Licensing Act 2003 – Application for a New Premises Licence.

Bucharest Supermarket, 19-21 Nether Hall Road, Doncaster, DN1 2PH

EXECUTIVE SUMMARY

1. To request that members of the Sub-Committee determine the application for a new premises licence in respect of Bucharest Supermarket, 19-21 Nether Hall Road, Doncaster, DN1 2PH. The procedure for considering the application is set out at Appendix A.

RECOMMENDATIONS

2. It is recommended that the Sub-Committee determine this application having regard to the representations made and the evidence before it.

WHAT DOES THIS MEAN FOR THE CITIZENS OF DONCASTER

3. The Licensing Act 2003 requires the Licensing Authority to exercise its obligations on licence applications which are the subject of representations.

BACKGROUND

4. The premises concerned are currently a supermarket specialising in products from Eastern Europe. The application is for a new premises licence to permit the premises to sell alcohol for consumption off the premises.
5. The premises are located in an area that is subject to a cumulative impact policy namely Area 2 – Part of the Town Ward. (Section 7 – Doncaster Council's Statement of Licensing Policy 2016 – Licensing Act 2003).
6. A summary of the application is attached as Appendix B to this report.
7. A location plan of the premises is attached at Appendix C.
8. A copy of the application is attached at Appendix D.

9. Under the Licensing Act 2003, statutory guidance issued under section 182 of the Act and the Licensing Authority's statement of Licensing Policy, any licensing application under the Act in respect of which representations have been made to the Licensing Authority and which have not been withdrawn or resolved by mediation fall to be determined by the Licensing Sub-Committee having regard to the evidence before it.
10. Representations regarding the application have been received from Public Health and Licensing Responsible Authorities. Copies of the representations are attached at Appendix E.
11. A summary of premises currently licensed for the sale of alcohol within the cumulative impact area is attached at Appendix F.
12. A copy of the application has been sent to each of the Responsible Authorities. Details of the application have been published on the Council website.

OPTIONS CONSIDERED

13. The Licensing Act 2003 requires the Licensing Authority to exercise its obligations on licence applications, which are the subject of representations and therefore no other option other than to hold a hearing can be considered.
14. Where the Licensing Authority considers that action under its statutory powers is appropriate, it may take any of the following steps:
 - Grant the licence subject to conditions which are consistent to the operating schedule, modified to such extent as the authority considers necessary for the promotion of the licensing objectives, and those conditions which are mandatory.
 - To exclude from the scope of the licence any of the licensable activities to which the application relates.
 - To refuse to specify a person in the licence as the premises supervisor.
 - To reject the application.

IMPACT ON THE COUNCIL'S KEY OUTCOMES

15.

	Outcomes	Implications
	<p>All people in Doncaster benefit from a thriving and resilient economy.</p> <ul style="list-style-type: none"> • <i>Mayoral Priority: Creating Jobs and Housing</i> • <i>Mayoral Priority: Be a strong voice for our veterans</i> 	<p>It is recognised that Licensed premises are, quite often, businesses and places of employment.</p> <p>The Licensing Committee/Sub-Committee, subject to the general principles set out in the Council's Statement of Licensing Policy and</p>

	<ul style="list-style-type: none"> • <i>Mayoral Priority: Protecting Doncaster's vital services</i> 	<p>the overriding need to promote the 4 licensing objectives, will have regard to this priority when making licensing decisions.</p> <p>The licensing objectives are:</p> <ol style="list-style-type: none"> 1. Prevent crime and disorder 2. Prevent public nuisance 3. Public safety 4. Protection of children from harm
	<p>People live safe, healthy, active and independent lives.</p> <ul style="list-style-type: none"> • <i>Mayoral Priority: Safeguarding our Communities</i> • <i>Mayoral Priority: Bringing down the cost of living</i> 	<p>The Licensing Committee/Sub-Committee, subject to the general principles set out in the Council's Statement of Licensing Policy and the overriding need to promote the 4 licensing objectives (see above), will have regard to this priority when making licensing decisions.</p>
	<p>People in Doncaster benefit from a high quality built and natural environment.</p> <ul style="list-style-type: none"> • <i>Mayoral Priority: Creating Jobs and Housing</i> • <i>Mayoral Priority: Safeguarding our Communities</i> • <i>Mayoral Priority: Bringing down the cost of living</i> 	<p>It is recognised that Licensed premises are, quite often, businesses, places of employment and potential assets to the community.</p> <p>The Licensing Committee/Sub-Committee, subject to the general principles set out in the Council's Statement of Licensing Policy and the overriding need to promote the 4 licensing objectives, will have regard to this priority when making licensing decisions</p>
	<p>All families thrive.</p> <ul style="list-style-type: none"> • <i>Mayoral Priority: Protecting Doncaster's vital services</i> 	<p>None</p>
	<p>Council services are modern and value for money.</p>	<p>None</p>
	<p>Working with our partners we will provide strong leadership and governance.</p>	<p>None</p>

RISKS AND ASSUMPTIONS

16. There are no risks or assumptions other than those referred to in the Legal Implications below.

LEGAL IMPLICATIONS

17. Other than to ensure that the Licensing Authority complies with its obligations under the Licensing Act 2003 and associated Regulations there are no further legal implications.

FINANCIAL IMPLICATIONS

18. The costs associated with the application and their determinations are met from fees paid to the Council by applicants for Premises Licences under the Licensing Act 2003 and there are no further financial considerations.

HUMAN RESOURCES IMPLICATIONS

19. Not applicable

TECHNOLOGY IMPLICATIONS

20. Not applicable

EQUALITY IMPLICATIONS

21. Decision makers must consider the Council's duties under the Public Sector Equality Duty at s149 of the Equality Act 2010. The duty requires the Council, when exercising its functions, to have 'due regard' to the need to eliminate discrimination, harassment and victimisation and other conduct prohibited under the act, and to advance equality of opportunity and foster good relations between those who share a 'protected characteristic' and those who do not share that protected characteristic. There are no specific equality implications arising from this report. However, any activities arising from this report will need to be the subject of separate 'due regard' assessments.

CONSULTATION

22. Copies of the application form have been sent to all relevant Responsible Authorities referred to in Section 53 of the Licensing Act 2003. These are:

South Yorkshire Police

South Yorkshire Fire and Rescue Authority

Doncaster Council – Licensing Authority

Doncaster Council - Planning Services

Doncaster Council - Health & Safety Enforcement

Doncaster Council – Environmental Protection - Enforcement

Doncaster Council - Trading Standards

Doncaster Safeguarding Children Board

Doncaster Council - Public Health

PROCEDURE FOR CONSIDERING APPLICATIONS
DONCASTER METROPOLITAN BOROUGH COUNCIL
LICENSING ACT 2003
LICENSING ACT 2003 (HEARINGS) REGULATIONS 2005
INFORMATION FOR APPLICANTS AND OTHER PARTIES

1. **Meaning of Expressions used in this Document**

<i>“the Act”</i>	- Licensing Act 2003
<i>“the Regulations” or any particular reference to a “Regulation”</i>	- The Licensing Act 2003 (Hearings) Regulations 2005
<i>“the Authority”</i>	- Doncaster Metropolitan Borough Council, in its capacity as the relevant licensing authority under the Act, or where the context so admits the Committee
<i>“the Committee”</i>	- the Sub-Committee of the Authority’s Licensing Committee constituted under the Act to determine the matter before it
<i>“the Chair”</i>	- the member of the Committee appointed to act as Chairperson of the Committee
<i>“the Applicant”</i>	- the party making the application e.g. the licence/certificate holder or prospective holder, or the party seeking a review
<i>“interested parties”</i>	- those living or working in the vicinity of the premises and who have made representations, or bodies representing them
<i>“responsible authorities”</i>	- the public or other bodies described in the Act as “responsible authorities” and who have made representations

2. Rights of attendance, assistance and representation at hearings

- (a) A party may attend the hearing and may be assisted or represented by any other person. There is no requirement that a party's representative is legally or otherwise professionally qualified.
- (b) The hearing shall take place in public, unless the authority decides to exclude the public from all or part of the hearing because it considers that the public interest in doing so outweighs the public interest in the hearing, or that part of the hearing taking place in public. A party and any person assisting or representing a party, may be treated as a member of the public.
- (c) The Authority may exclude from a public hearing any person attending who acts in a disruptive manner, and refuse to re-admit that person, or impose conditions on his/her re-admission. Any such excluded person may, before the end of the hearing, submit to the Authority in writing any such information that he/she would have been entitled to give orally.
- (d) The Authority may dispense with a hearing if all of the persons required by the Act agree that a hearing is unnecessary, have given notice to the Authority that they consider a hearing to be unnecessary, and the Authority have given notice to all parties that the hearing has been dispensed with.

3. Non-attendance of a party at the hearing

- (a) If a party has informed the Authority that he/she does not intend to attend the hearing, or be represented at the hearing, the hearing may proceed in his/her absence.
- (b) If a party who has not so notified the Authority does not attend either in person or by his/her representative, the Authority shall adjourn the hearing to a specified date if it considers it in the public interest to do so, but it shall otherwise proceed with the hearing in that party's absence.
- (c) Where the hearing proceeds in the absence of a party, the Authority shall consider the application, representations or notice made by that party.
- (d) Where the hearing is adjourned, the Authority shall forthwith, notify the parties of the date, time and place to which the hearing has been adjourned.

4. Procedure at the Hearing

The hearing shall take the form of a discussion led by the Authority. The following procedure is intended to give form to such a discussion to ensure that all parties are able to put their case. Each party shall have equal maximum time in which to address the Committee. The Committee may take into account documentary or other information provided by a party before the hearing, or with the consent of all other parties at the hearing. The Committee may change the procedure in individual cases, upon the application of a party, or upon its own motion, if it considers it necessary to properly determine the business before it.

- (a) At the commencement of the hearing, the Chair will make introductions and establish that all parties understand the procedure to be followed. The Committee will then receive and determine any application that a party may wish to make to permit another person to appear at the hearing, and any application that any party wishes to make to vary the following order of addresses.
- (b) The Applicant may then address the Committee and provide any further information that the Authority have requested. At the conclusion of the Applicant's address, members of the Committee may ask the Applicant questions. Following questions by Committee members, any other party that wishes to question the Applicant may request permission to do so. If granted, the party or parties receiving permission may question the Applicant.
- (c) Other parties entitled to address the Committee or given permission to do so under paragraph (a) above, may then do so; and also provide to the Committee that the Authority have requested. Following the address, the members of the Committee may question the party addressing the Committee. Following any Committee questions, any other party wishing to question the party that has addressed the Committee may seek the Committee's permission to do so. If granted, the party or parties receiving permission may question the Applicant.

Order of Addresses under paragraph (c)

Subject to any direction given by the Committee under paragraph (a) above, the order of addresses by other parties, under paragraph (c) above, shall be:-

- [1] Any representative of a "responsible authority" (as defined in the Act)
- [2] Any other party opposing the Applicant
- [3] Any other party not falling within category [1] or [2] above, or category [4] below

[4] Any other party supporting the Application

Permission to question or cross-examine the Applicant or other party

A party may question any other party appearing if given permission by the Authority.

The Committee will determine any application by a party to question another party on its merits.

Cross examination shall not be permitted unless the Authority considers that cross examination is required for it to consider the representations, application or notice, as the case may require.

The Committee shall determine any application by one party to permit cross examination of another on its merits.

Normally, permission will be given to one party to question or cross-examine another, only where:-

- (i) a material fact put forward by one party is disputed by another party and the dispute can be properly determined, only if cross examination is permitted; or
- (ii) the question that one party wishes to put to the other is non contentious and is for the purpose of clarification only.

5. The Committee's Deliberations and Determination

- (a) The Authority considers that normally, it will be in the public interest that the deliberations of the Committee are conducted in private. Deliberations will take place in private unless, an application is made by any party present for these to be conducted in public. If any such application is made, the Committee shall determine such application.
- (b) Subject to paragraph (a) above, the Chair shall formally exclude the public including, the parties and their representatives from the meeting under Regulation 14(2), to enable the Committee to deliberate in private. The Committee shall deliberate only in the company of its legal adviser. The function of the legal adviser shall be to advise the Committee on points of law and procedure only.
- (c) If during its deliberations, the Committee require any further information from any party in order to assist in its deliberations, the Chair shall reconvene the public hearing for the purpose of attempting to secure that further information.
- (d) Following the Committee's deliberations, the public shall be re-admitted to the hearing, whereupon the Chair shall announce the determination of the Authority, where the provisions of the Act or the Regulations

require a determination to be made at the conclusion of the hearing, or otherwise where the Committee is unable to announce its determination.

- (e) Following the announcement of any determination of the application, representations or notice before the Committee, the hearing shall conclude.

6. Record of proceedings

A record of the hearing will be taken in a permanent and intelligible form. Any such record will be kept for a period of six years from the date that the application or review is finally determined (including, in either case, any appeal or judicial review).

Issuing licensing authority (if known)

PROPOSED DESIGNATED PREMISES SUPERVISOR CONSENT

How will the consent form of the proposed designated premises supervisor be supplied to the authority?

- Electronically, by the proposed designated premises supervisor
- As an attachment to this application

Reference number for consent form (if known)

If the consent form is already submitted, ask the proposed designated premises supervisor for its 'system reference' or 'your reference'. Page 26

ADULT ENTERTAINMENT

Highlight any adult entertainment or services, activities, or other entertainment or matters ancillary to the use of the premises that may give rise to concern in respect of children

Give information about anything intended to occur at the premises or ancillary to the use of the premises which may give rise to concern in respect of children, regardless of whether you intend children to have access to the premises, for example (but not exclusively) nudity or semi-nudity, films for restricted age groups etc gambling machines etc.

Section 18 of 19

LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

List here steps you will take to promote all four licensing objectives together.

Staff shall be trained in respect of their legal and social responsibilities when serving alcohol. Training shall include not selling alcohol to underage persons or persons who are drunk, conflict management and the conditions contained within the premises licence. A record of staff training shall be maintained at the premises, and shall be produced to the Police or Authorised Officers of the Council on request.

Staff training shall receive refresher training every 6 months.

b) The prevention of crime and disorder

A CCTV system will be fitted, maintained and in use at all times whilst the premises are open. The CCTV images will be stored for 28 days and Police and Authorised Officers of the Council will be given access to images for purposes in connection with the prevention and detection of crime and disorder. Members of the management team will be trained in the use of the system.

All alcohol products shall be stored in the area closest to the serving counter, as indicated on the attached layout plan of the premises.

Only alcohol products from Eastern European countries shall be sold at the premises.

No singular cans of alcoholic drinks, including beer, lager and cider will be sold. A minimum purchase of 4 cans of these products will be required.

No beers, lagers or ciders which exceed 6.5% alcohol by volume (ABV) shall be sold at the premises.

Spirits shall be displayed on shelves behind the serving counter of the premises.

No spirits in quantities of less than 350ml will be sold at the premises.

No wines in quantities of less than 375ml will be sold at the premises.

The premises licence holder will ensure that a personal licence holder will be available on the premises during the times

Continued from previous page...

alcohol is being sold.

The Designated Premises Supervisor shall attend Shopwatch meetings, whilst such a scheme exists.

c) Public safety

Staff shall be trained in respect of the fire risk assessment and health and safety issues.

First aid facilities shall be maintained at the premises.

d) The prevention of public nuisance

A notice will be displayed in a prominent position at the exit of the premises, asking customers to respect nearby residents and to leave quietly, not to loiter outside the premises and not to drink alcohol products in the street.

The area immediately in front of the premises shall be kept clean and tidy at all times the premises are open to the public.

e) The protection of children from harm

The premises licence holder shall operate Challenge 25 as its age verification policy. Staff shall be trained in respect of this policy and a record of such training shall be maintained.

A notice shall be displayed in a prominent position near the point of sale, to advise customers of the age verification policy in place at the premises.

A notice shall be displayed in a prominent position warning that it is an offence to buy alcohol on behalf of persons who are under the age of 18, or on behalf of persons who are drunk.

The premises licence holder shall maintain a refusals log, which shall record details of when a sale of alcohol is refused. The refusals log shall be produced for inspection on request of Police or Authorised Officers of the Council.

Section 19 of 19

PAYMENT DETAILS

This fee must be paid to the authority. If you complete the application online, you must pay it by debit or credit card.

Premises Licence Fees are determined by the non-domestic rateable value of the premises.

To find out a premises non domestic rateable value go to the Valuation Office Agency site at http://www.voa.gov.uk/business_rates/index.htm

Band A - No RV to £4300 £100.00

Band B - £4301 to £33000 £190.00

Band C - £33001 to £8700 £315.00

Band D - £87001 to £12500 £450.00*

Band E - £125001 and over £635.00*

*If the premises rateable value is in Bands D or E and the premises is primarily used for the consumption of alcohol on the premises then you are required to pay a higher fee

Band D - £87001 to £12500 £900.00

Band E - £125001 and over £1,905.00

There is an exemption from the payment of fees in relation to the provision of regulated entertainment at church halls, chapel halls or premises of a similar nature, village halls, parish or community halls, or other premises of a similar nature. The costs associated with these licences will be met by central Government. If, however, the licence also authorises the use of the premises for the supply of alcohol or the provision of late night refreshment, a fee will be required.

Schools and sixth form colleges are exempt from the fees associated with the authorisation of regulated entertainment where the entertainment is provided by and at the school or college and for the purposes of the school or college.

If you operate a large event you are subject to ADDITIONAL fees based upon the number in attendance at any one time

9. Appendix 1 – Profiles for the priority communities.....	12

1. Introduction

This report outlines the local data that could be used to support a Cumulative Impact Policy (CIP) for off-licenses in Doncaster. Doncaster is one of 20 pilot areas under the Local Alcohol Action Area; this forms part of a project assessing the feasibility of health as a licensing objective within the Licensing Act 2003. It has been produced in collaboration with the Home Office and Public Health England.

The proposed CIP is based in areas outside the Town Centre and would, where appropriate, seek to limit the density of off-licenses in residential communities. The reasoning for this is threefold; i) the national Alcohol Strategy 2012 identifies home drinking as a key driver for the increase in alcohol related harm, ii) Academic research shows that off-license density is associated with rates of alcohol harm (see section 3 below), iii) Doncaster already has a CIP for the Town Centre to manage on-licenses.

2. Objectives of this report

- To identify health and social care data relevant to a CIP for licensed premises. Within this, to acknowledge the validity, strengths and weaknesses of the sources available.
- To map the density of off-licenses in Doncaster against the indicators and indices of deprivation.
- To define and propose a geographic area that would benefit from a CIP.

3. Research linking outlet density to alcohol harm

There is an evidential link between the density of premises and alcohol harm;

Theall, K.P. et al (2009). The neighbourhood alcohol environment and alcohol-related morbidity. *Alcohol and Alcoholism*, **44**(5), pp.491-499.

Alcohol outlets had a significant impact on health and social outcomes at a neighborhood level, irrespective of individual consumption. There was a significant association between off-licence density and rates of liver disease, sexually transmitted infections and violence.

Livingston, M (2011). A longitudinal analysis of alcohol outlet density and domestic violence. *Addiction*, **106**(5), pp.919-925.

Alcohol outlets had a significant impact on rates of domestic violence; the affect was larger for off-licenses compared to on-licences. A 10% increase in the number of off-licenses increased hospital admissions by 1.9% (on-licenses = 0.5%).

Osterberg, E (2009). *Availability of Alcohol*, a chapter within *Alcohol in the European Union; Consumption, Harm and Policy Approaches*. WHO Regional Office for Europe, pp83-88.

Consistent evidence that limiting availability (regulating the density of outlets and times of sale) leads to a reduction in alcohol harm.

Alcohol Concern (2011). *One on every corner – The relationship between off-license density and alcohol harms in young people*. Report by the Alcohol Concern Youth Policy Project.

Moderate but significant relationship between off-license density and underage alcohol specific admissions; 10% of admissions were directly attributable to off-license density.

4. Priority Communities

There are 88 communities in Doncaster. These have been prioritised based on the levels of alcohol harm, and associated indicators, experienced by their populations.

These communities were defined in 2004 using ONS Output Areas. NHS Doncaster and Doncaster Council worked in unison, developing these to reflect natural boundaries and to create homogenous socio-economic geographies.

The prioritisation criteria is based on those communities that are significantly ‘worse’ than the Doncaster average using 95% confidence intervals (i.e. accounting for natural variation). The following indicators are argued to be directly or indirectly influenced by alcohol misuse. Numbers in structured drug and alcohol treatment and alcohol related hospital admissions are the primary criteria and the remaining indicators provide extra context;

Numbers in structured drug and alcohol treatment	First time entrants to the Youth Justice Service
Alcohol related hospital admissions	Child social care referrals
A&E attendance under 18 years	NEET young people
Emergency admissions under 18 years	Teenage conceptions
Hospital admissions for self-harm	Unemployment
Antisocial behaviour	

9 communities have a significantly high number of residents in drug / alcohol treatment and significantly high rates of alcohol related hospital admissions and significantly worse outcomes for a number of the other indicators. Detailed profiles are available in Appendix 1.

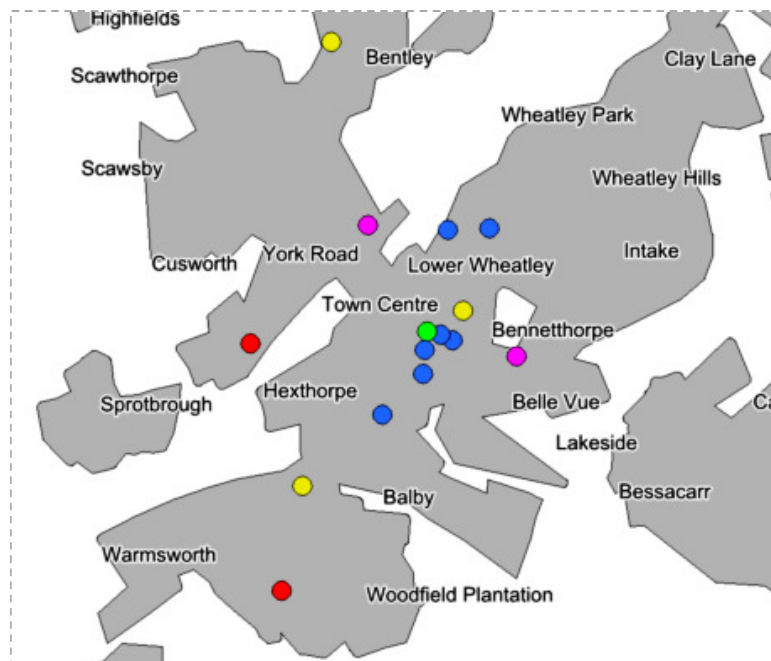

5. Key locations for vulnerable people

The maps below pinpoint locations frequented by people who may be vulnerable to alcohol misuse, either through their own misuse or that of others;

Urban centre of Doncaster

6. Off-license density

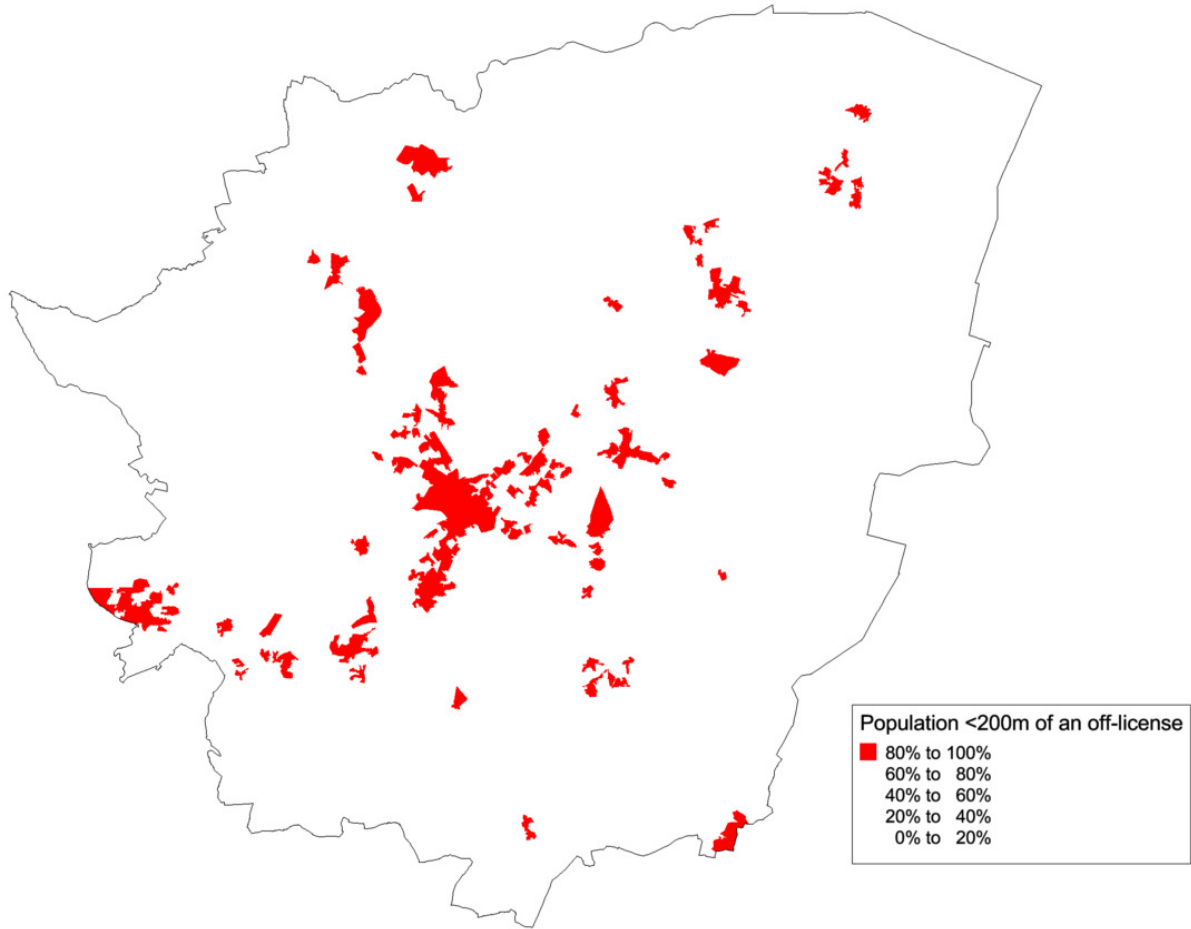

The following maps detail the % of residents that live within 200m of an off-license by ONS Output Area.

This has been calculated by creating a 200m buffer around the off-licenses. All Doncaster postcodes, which also contain the adult population for each postcode, have then been superimposed over the 200m buffer. It is then possible to identify the postcodes and populations that sit inside and outside the 200m boundary. The postcodes have then been aggregate into Output Areas to calculate the proportion of residents within 200m as a % of all residents.

This first map presents all Output Areas on a gradient from 0% of residents <200m up to 100% of residents <200m;

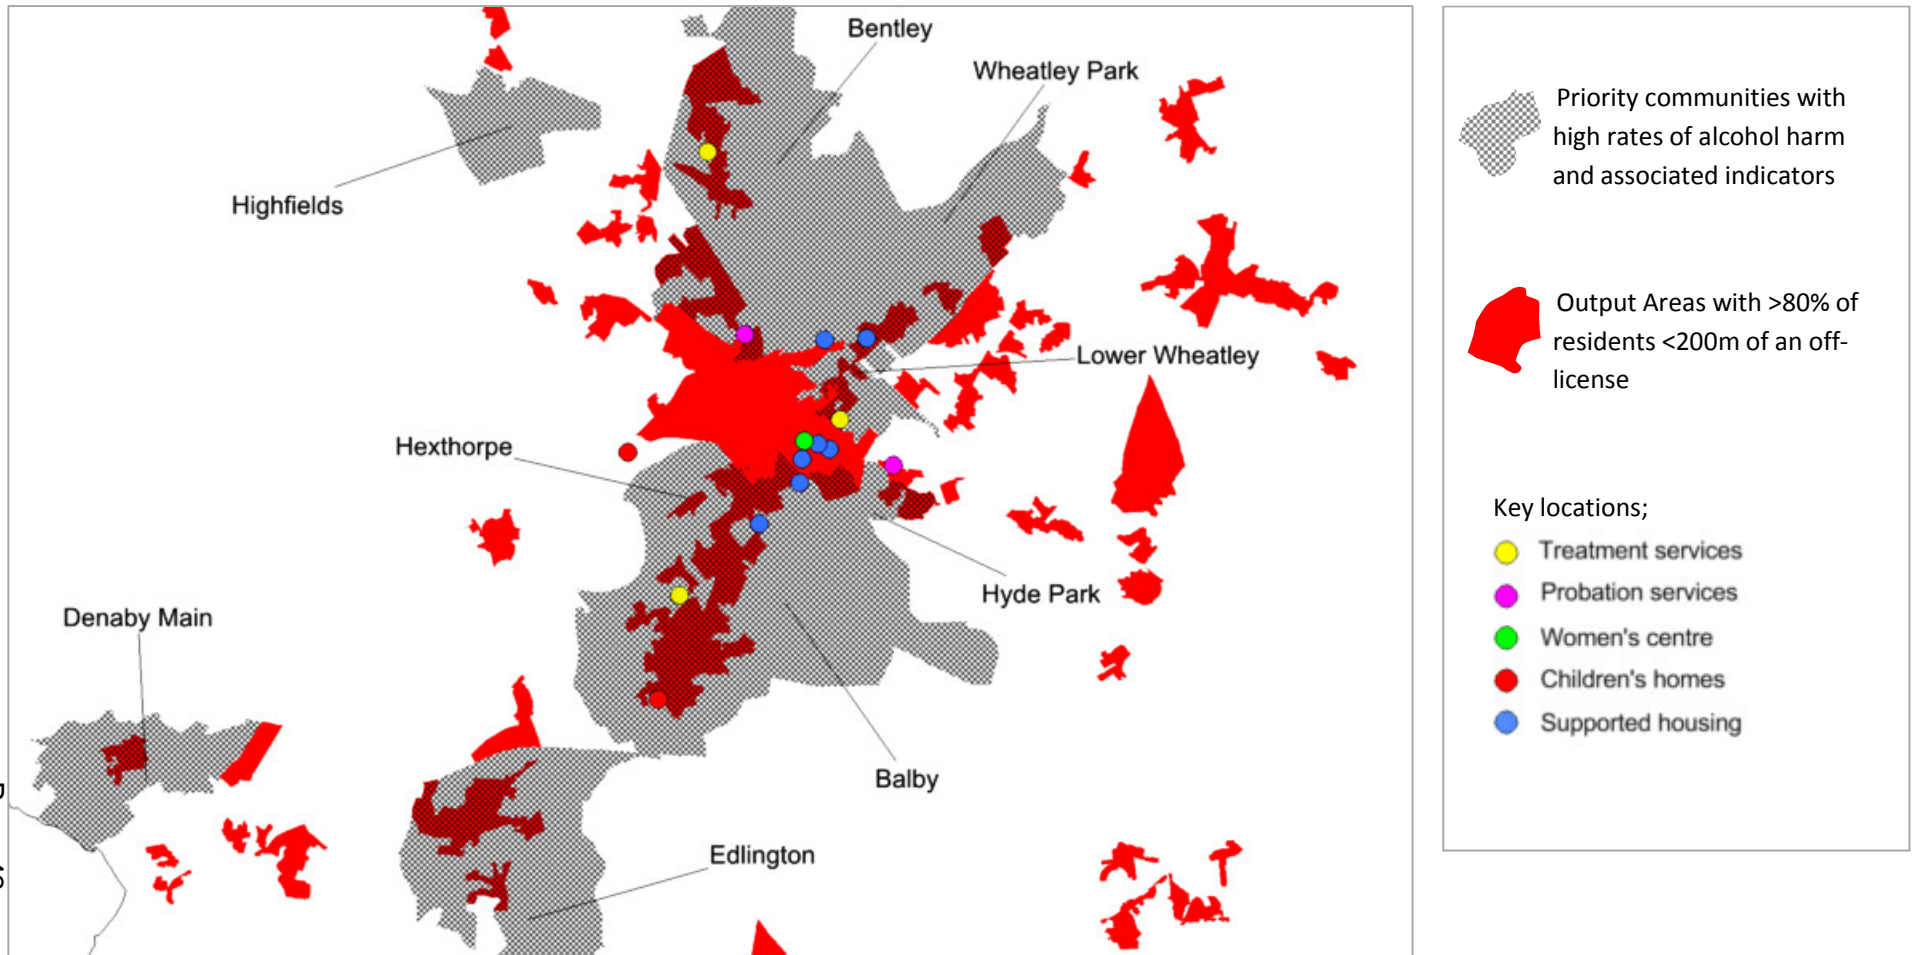

This second map presents only those Output Areas where >80% of the population live within 200m of an off-license. This isolates those Output Areas with the highest outlet density and the greatest availability of alcohol;

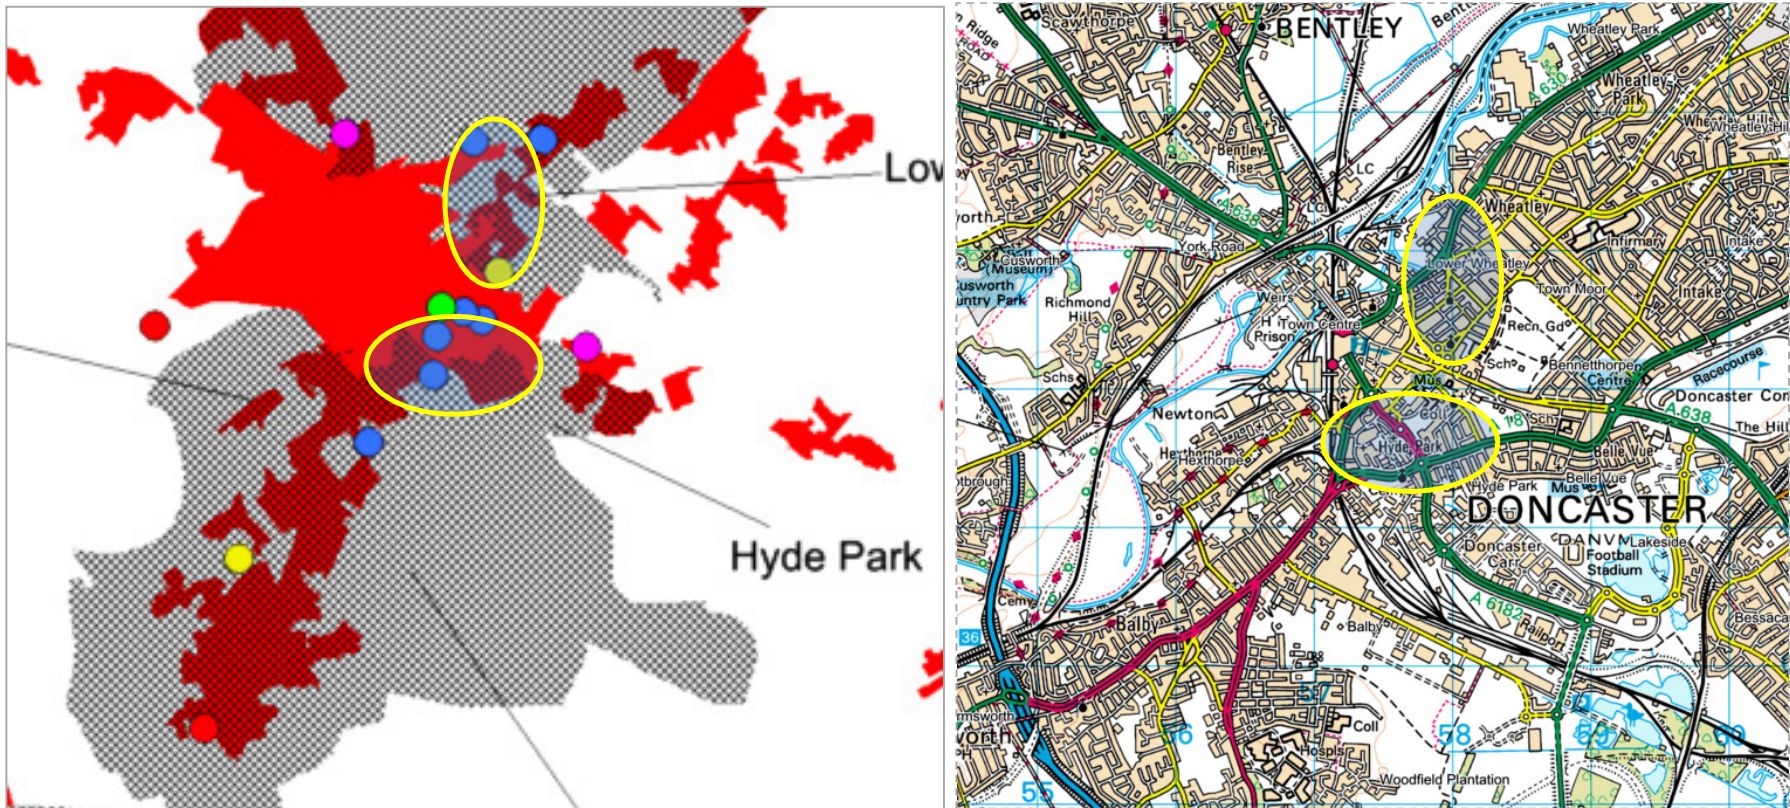

7. Overlay of priority communities, vulnerable locations and off-license density

The map below overlays each of the datasets in the previous sections; i) the 9 priority communities, ii) the key vulnerable locations and iii) the Output Areas where >80% of the population live <200m of an off-license.

The areas highlighted in yellow below are suggested as possible candidates for a CIP based on the health data, triangulating the different sources of information. However these are subject to the strengths and limitations identified in section 8.

8. Strengths and limitations of the data and process

Strengths

- The Licensing Authority believes that Community level data is at a low enough scale to evidence need for a CIP.
- Numerous datasets are available in the Community Profiles, which are already created as part of the Joint Strategic Needs Assessment. These can be easily collated and applied to the Licensing process (see profiles in Appendix 1). These community profiles are refreshed every 2-3 years meaning the datasets remain up to date.
- The Community Profiles contain a wide breadth of indicators with data covering direct alcohol harm (numbers in treatment, hospital admissions) but also the wider social impacts of alcohol (child social care referrals, teenage conceptions).
- Over half the indicators focus on children and young people. Issues affecting children and young people are particularly emotive and it may be easier to pass a CIP framed on these issues, negating the argument of personal choice and responsibility levelled at older drinkers. As discussed below, the emphasis on young people also has limitations.
- The process triangulates multiple sources with a holistic view based on alcohol harm, social impacts, vulnerable locations and off-license density. Coupled with a stakeholder consultation, this would present a strong evidence base to present to a Licensing Committee.
- The process is supported by a strong ethos of partnership working. Doncaster has a Data Observatory, giving a platform for analytical teams in different organisations to collaborate on specific projects. Data sharing agreements are in place and the Observatory can draw on a broad pool of expertise across the NHS, Police and Local Authority. The Community Profiles were produced through this process.

Limitations

- The effectiveness of the existing Town Centre CIP is unknown. The CIP may encourage applicants to accept more restrictive conditions but this has not been evaluated, and only one application has been successfully rejected. The CIP may act to discouraged applicants altogether but there is no way of measuring this.
- Health data cannot be aggregated and presented at small geographic scales. Low counts need to be suppressed to protect identities and statistical methods require a volume of data to identify significant differences. Community level is as low as health data can be meaningfully analysed. Output Areas and postcodes are not feasible. This would be an issue responding to new applicants within the CIP, where evidence needs to be relevant to specific, individual locations.

- It can be argued that the indicators used to prioritise the communities are all influenced by alcohol but some are more clearly linked than others. For instance, the number of NEET young people will be dependent on a number of factors at an individual, family, community and societal level. The role of alcohol should not be over emphasised for the indicators.
- This process was dependent on data that was readily available from the community profiles. Those indicators that had a link with alcohol tended to focus on children and young people (e.g. hospital activity for people under 18, first time entrants to the youth justice system, child social care referrals). Ideally the indicators would have been more balanced across the life course describing need in working Age people and older people. Some of the indicators in this report could just be incorporated into the existing objectives, e.g. protecting children from harm, without the need to create a new health objective.
- A high number of areas, and significant populations, were covered by the areas that overlap alcohol harm and high outlet density. It is impractical to impose a CIP across all these areas – CIPs usually regulate discrete areas numbering a handful of streets. Those areas that contained or bordered vulnerable locations (supported housing et cetera) also bordered the Town Centre, which already has a high density of on and off-licensed premises. The criteria in this process (prioritising the communities and mapping the % of residents <200m) could be more strict to isolate smaller areas.
- Presumably a CIP in residential areas would be more susceptible to displacement. A Town Centre CIP based on the evening economy is more workable as premises benefit from being near to each other so need to operate in specific streets and require a specific type of premise. A small business, such as a corner shop, benefits from great flexibility and could operate just outside the cumulative impact zone.
- Key datasets are missing. At present Public Health receives data on A&E attendance for alcohol related injury which names licensed premises where appropriate. But the field naming licensed premises is not consistently and rarely states off-licenses, plus there is an assumption that the actions of the named premise contributed to the injury. The data is not at postcode level and thus could not be used in this mapping exercise. Similarly, ambulance data is not available but would provide a useful insight.
- There is a risk that a CIP would create a protected zone that reduces competition in an area. Incumbents may not need to try as hard, so perversely standards may drop.
- Policy governing Cumulative Impact contradicts directives from other Government Departments. For example the Department of Culture, Media and Sport are seek to deregulate activities (i.e. alcohol within the Deregulation Bill currently in its Third reading at the House of Lords) at the same time the Home Office tightens controls. This creates conflict within local areas.

Table Guide

Category	Town		#	Doncaster		Doncaster Ward Worst	KEY:	Ward Values:	Doncaster Ward Best
	#	Rate (95% CI: Lower, Upper)		Rate (95% CI: Lower, Upper)	Rate (95% CI: Lower, Upper)				
Indicator									
Indicator Description	Number of Events. 'Sup' is suppressed data, where the number is 5 or less.	Rate for comparison of areas e.g.: per 100,000 population Confidence intervals in brackets.			Worst Rate for Doncaster		Grey bar presents range from the worst and the best of the selected Ward. Red Line: Doncaster average.		Best Rate for Doncaster

Deprivation

This map shows differences in deprivation in this ward, based on national quintiles of the Index of Multiple Deprivation 2010 by Lower Super Output Area (LSOA). The darkest colour represents most deprived areas.

Life Expectancy

Category	Town		Doncaster		Doncaster Ward Worst	KEY: Ward Range Doncaster Value	Ward Values: ● Significantly better than Doncaster ● Statistically similar to Doncaster ● Significantly worse than Doncaster ○ Statistical significance not available	Doncaster Ward Best
	#	Rate (95% CI)	#	Rate (95% CI)				
1 Male Life Expectancy at Birth	n/a	76.3 (75.0 , 77.5)	n/a	77.9 (77.6 , 78.3)	73.90		83	
2 Female Life Expectancy at Birth	n/a	79.9 (78.5 , 81.3)	n/a	81.8 (81.5 , 82.1)	78.89		86.10	
3 Male Life Expectancy at 65	n/a	16.5 (15.5 , 17.4)	n/a	17.8 (17.6 , 18.0)	14.99		20.63	
4 Female Life Expectancy at 65	n/a	19.4 (18.4 , 20.4)	n/a	20.4 (20.1 , 20.1)	18.24		23.89	
5 Deprivation	1	n/a	n/a	n/a	1	Not Applicable	21	

1-4: Calculated with mortality and population data 2010-2014 using SEPHO life expectancy tool; 5. Index of Multiple Deprivation Rank for 2010. 1 represents most deprived ward and 21 least deprived ward.

Self Reported Health

Category	Town		Doncaster		Doncaster Ward Worst	KEY: Ward Range Doncaster Value	Ward Values: ● Significantly better than Doncaster ● Statistically similar to Doncaster ● Significantly worse than Doncaster ○ Statistical significance not available	Doncaster Ward Best
	#	Rate (95% CI)	#	Rate (95% CI)				
6 Good and Very Good Health	14,270	73.0% (72.4% , 73.7%)	231,867	76.4% (76.2% , 76.5%)	67%		84%	
7 Disability (day to day activities limited a lot)	1,547	7.9% (7.5% , 8.3%)	31,688	10.4% (10.3% , 10.5%)	14%		7%	

6. Proportion of population who perceive their health as good and very good (2011) 7. Proportion of population who perceive their day to day activities being limited a lot by their disability (2011).

Licensing Act 2003

Responsible Authority Representation Form

Responsible Authority	Doncaster Council
Location	Civic Office, Waterdale, Doncaster, DN1 3BU
Officer Details	Name: Andy Collins Job title: Public Health Alcohol Co-ordinator Tel: 01302 734579 Email:andy.collins@doncaster.gov.uk

Application Details	
Our Reference	WK/216027393
Address of Premises	Bucharesti
Type of Application	Premises licence

Details of Representation
<p>Cumulative Impact Policies (Zones) were introduced as a tool for licensing authorities to limit the growth of licensed premises in a problem area. This is set out in the statutory guidance issued under section 182 of the Licensing Act 2003.</p> <p>Lower Wheatley which makes up 28.4% of the Doncaster Town Centre Ward Profile. According to this profile, Lower Wheatley fares significantly worse than the rest of Doncaster in a number of health and social indicators. In regard to the CIZ in Lower Wheatley, Alcohol Specific Admissions to DRI for residents in this area is the second worse in Doncaster Borough and both Emergency Admissions to DRI and Emergency Admissions for Self Harm are significantly worse the Doncaster Average. The crime data which comes under the wider determinants section in the Profile shows that the Town Centre Ward has the highest rate of crime in the Borough, highest rate of ASB, highest rate of Theft/Burglary/Robbery and highest rate of Criminal Damage and Violence Against Others.</p> <p>In October 2015 Public Health proposed a new Cumulative Impact Zone in and around Nether Hall Road, e.g. Nether Hall Road, Copley Road, Christchurch Road. Consumption in the home has been a key driver for the increases in alcohol harm (National Alcohol Strategy, 2012) and this new zone would seek to minimise harm from further increases in off-licence density. The evidence for this proposal is contained in the attached document, which shows that:</p> <ul style="list-style-type: none"> • Research shows that levels of alcohol harm have a positive correlation with the density of off-licence premises • The proposed zone in Lower Wheatley already has a high density of licensed premises compared to other areas in Doncaster • The population of Lower Wheatley already experiences high levels of alcohol harm (e.g. high

rates of alcohol-related hospital admissions, high rates of people in specialist drug/alcohol treatment)

- The zone contains or borders locations that are frequented by vulnerable people (e.g. various supported housing provisions and substance misuse treatment services).

As of 2015 Lower Wheatley has 33 premises that sell or serve alcohol which equates to 6 premises per every 1000 inhabitants. Lower Wheatley which makes up 28.4% of the Doncaster Town Centre Ward Profile, according to this profile, Lower Wheatley fares significantly worse than the rest of Doncaster in a number of health and social indicators. In regard to the CIZ in Lower Wheatley, Alcohol Specific Admissions to DRI for residents in this area is the second worst in Doncaster Borough and both Emergency Admissions to DRI and Emergency Admissions for Self Harm are significantly worse than the Doncaster Average.

In 2016 there were 287 offences on or near Netherhall Road, (Police.uk, 2017) Of these offences the majority was anti-social behaviour and public order offences.

As it stands, over 80% of the lower Wheatley live within 200 metres of an off licence. Public Health feels that the area is saturated with existing off-licences without the need for another. It is for this reason that DMBC Public Health opposes the premises licence for Bucharesti

Address of Premises	Bucharest Supermarket, 19-21 Nether Hall Road, Doncaster, DN1 2PH
Type of Application	New Application: Premises Licence

Details of Representation	
<p>The Licensing Authority objects to the granting of this application for a Premises Licence based on the potential impact on the Prevention of Crime and Disorder licensing objective.</p> <p>The premises are situated in an area where a Cumulative Impact Policy applies due to high rates of violence, criminal damage and antisocial behaviour.</p> <p>The Town Ward Profile shows that rates of Antisocial Behaviour, Theft/Burglary/Robbery, Criminal Damage and Violence Against Others in this area are the worst in Doncaster.</p> <p>An additional licenced premises selling alcohol in the cumulative impact zone is likely to increase the incidence of crime and disorder in the area.</p>
