

**To the Chair and Members of the  
HEALTH AND WELLBEING BOARD**

**REPORT FROM THE HEALTH AND WELLBEING BOARD STEERING  
GROUP AND FORWARD PLAN**

**EXECUTIVE SUMMARY**

1. The purpose of this report is to provide an update to the members of the Health and Wellbeing Board on the work of the Steering Group to deliver the Board's work programme and also provides a draft forward plan for future Board meetings.

**WHAT DOES THIS MEAN FOR THE CITIZENS OF DONCASTER?**

2. The work programme of the Health and Wellbeing Board has a significant impact on the health and wellbeing of the Doncaster population through the Joint Health and Wellbeing Strategy, the Joint Strategic Needs Assessment, system management and any decisions that are made as a result of Board meetings.

**EXEMPT REPORT**

**RECOMMENDATIONS**

4. That the Board RECEIVES the update from the Steering Group, and CONSIDERS and AGREES the proposed forward plan at **Appendix A**.

**PROGRESS**

5. At the first full Board meeting on 6<sup>th</sup> June 2013, Board members agreed that there would be a Health and Wellbeing Officer group to provide regular support and a limited support infrastructure to the Board. In March 2016 this support was changed to a steering group.

The Steering group has had two meetings since the last Board in June 2017 and can report the following:

- **Health and Wellbeing Board Outcome Framework**

The June Health and Wellbeing Board considered and approved an approach to monitor outcomes using a matrix across the life course and four key categories (Wellbeing, prevention, care, and support and dying well). It was acknowledged that the approach needs further work and some dedicated

time to work through the detail which will be undertaken by the Health and Well Being Steering group in September (14<sup>th</sup>), before forming part of a workshop for the board in October. The input derived from these sessions will inform a new report to the board at the November meeting which will include further detail and performance information for the board to consider and agree.

- **Doncaster Festival of Research 2017**

Doncaster’s Festival of Research will take place in October (16th-20th). The main conference day will be Tuesday 17th October and will be themed around the HWB priorities. Our key note speaker is Professor Steve Peters author of the Chimp Paradox.

The idea behind the festival is to showcase Doncaster’s research and attract more research to Doncaster as this is good for both Health and Wealth. This is also a chance to begin a conversation about why people do research and how they use the knowledge generated to underpin decisions. There will be a number of fringe events during the week which will aim to both engage and entertain people living and working in Doncaster. A call to run fringe events will be released shortly, but so far we have interest from Hatfield prison, South Yorkshire Fire and Rescue and Well Denaby. Funding has been secured from the clinical research network to support this work. This event is being jointly planned by DMBC, CCG, RDASH and DBTH.

- **Antimicrobial resistance**

In October 2017 Public Health England (PHE) will launch a national campaign across England to support efforts to reduce inappropriate prescribing for antibiotics. Health and Wellbeing Board partners are asked to support the campaign.

- **Yorkshire and the Humber HWB chairs event**

The next Yorkshire and the Humber HWB chairs event will take place Friday the 22nd of September 2017. Doncaster has 6 places and this is open to all Board members.

- **Forward Plan for the Board.**

This is attached at **Appendix A.**

## **EQUALITY IMPLICATIONS**

10. The work plan of the Health and Wellbeing Board needs to demonstrate due regard to all individuals and groups in Doncaster through its work plan, the

Joint Health and Wellbeing Strategy and Areas of focus as well as the Joint Strategic Needs Assessment. The steering group will ensure that all equality issues are considered as part of the work plan and will support the Area of Focus Leads to fulfil these objectives.
