

Memorandum of agreement

Section 256 transfer

Reference number: **18568**

Title of Scheme:

Funding Transfer from NHS England to social care – 2013/14

1. How will the section 256 or 257 transfer secure more health gain than an equivalent expenditure of money on the National Health Service?

The resources will be used to progress the integration agenda in Doncaster. Integration will enable better co-ordination of intermediate care services across agencies. A co-ordinated approach to funding will also support the prevention and personal responsibility programmes of work. The DCCG and Adult Social Care services are also committed to driving forward the telehealth and telecare agenda and the 256 resources will support this programme of work.

2. Description of scheme (in the case of revenue transfers, please specify the services for which money is being transferred).

As per the table in section 3. Additional detailed workings have been provided and agreed with NHS England.

Financial details (and timescales)

3. Total amount of money to be transferred and amount in each year (if this subsequently changes, the memorandum must be amended and re-signed).

2013/2014 Amount Revenue **£5,404,111**

Analysis of the adult social care funding in 2013/2014 for transfer to local authorities	
Service Areas	Amount £'s
Community equipment and adaptations	121
