How will this contribute to improving health and wellbeing in Doncaster?
<p>Doncaster MBC is committed to tackling fuel poverty and the many health issues faced by a significant number of households. A range of aims and objectives have been developed, designed to assist with the alleviation of fuel poverty, delivering affordable warmth and ensuring that the benefits of energy efficiency measures are brought to the attention of all households. This will involve accurate targeting of the people who most need support and assistance to tackle fuel poverty and reduce health inequalities, working alongside with the Energy Team to provide energy efficient housing.</p>

Recommendations

The Board is asked to:-Endorse the Affordable Warmth Plan 2014-2017 and support the action plan.
