

Subject: Q2 Performance Report

Presented by: Allan Wiltshire/Andrea Butcher

Purpose of bringing this report to the Board	
Regular performance reports on the priorities set out in the Health and Well-being strategy will provide assurance that progress is being made and the board are made aware of any risks or barriers to improvement in key areas.

Equalities		Y
Other Implications (please list)		N

How will this contribute to improving health and wellbeing in Doncaster?
<p>Good quality performance management arrangements ensure that priorities are achieved and good quality services delivered to the residents of Doncaster. Also this report should highlight progress against the key health and well-being priorities identified as priorities in Doncaster.</p> <p>The Crisis Care Concordat was published earlier this year and communities have been asked to sign a local Declaration signalling their intentions to deliver the key principles of the Concordat to deliver better response, early intervention and care for people experiencing a mental health crisis. Doncaster Health & Wellbeing Board have agreed to act as the Partnership accountable for the delivery of the Concordat and has signed the Declaration which has now been uploaded onto the national Crisis Care Concordat system on 5th December. Locally, we are also working on Crisis Care Pathway redesign and local action plan which will also be shared nationally by February 2015 meaning that Doncaster will be one of the front runners in supporting the Concordat and we will be given a GREEN rating.</p>

Recommendations

The Board is asked to:-

- a) Note the performance against the key priorities
- b) Identify areas of specific concern that might need further information/representation to be assured of progress.
- c) Mental Health Crisis Concordat;
 - I. Endorse Doncaster's response to the Crisis Care Concordat. This plan for Doncaster will deliver the key principles of the Crisis Care Concordat.
 - II. Agree to share the plan with the National Team and give agreement for this to be shared nationally through upload onto the national data base
 - III. Act as the accountable partnership board for the delivery of the actions and receive updates on progress quarterly.
