

HWBB Priority 1 14/15: Reduce Obesity

APPENDIX A

Indicator	Performance Chart	Current Value	National Average	Performance Story
% of Obesity Action Plan complete	<p>A bar chart with a vertical axis from 0% to 100% and a horizontal axis for fiscal years 2011/12, 2012/13, 2013/14, and 2014/15. All bars are at the 0% level.</p>	0%	*	<p>15-Dec-2014 The development of an obesity alliance is one of the options to facilitate action and co-ordinate engagement of partners in this area of work – however this approach is being reviewed in light of the health improvement framework and subsequent actions.</p> <p>The obesity prevention and weight management Tier 2 services have now undergone a review and the tender evaluation is now complete. The new provider has been informed and the contracts are due to be signed early January for the new service to commence on 1st April 2015. A local plan to target school aged children and their families have been developed to support both the Change for Life campaign and National Obesity Awareness Week in January 2015.</p>
% Of children aged 4–5 that are classified as overweight or obese	<p>A bar chart with a vertical axis from 0 to 22.5 and a horizontal axis for fiscal years 2011/12, 2012/13, 2013/14, and 2014/15. The bars for 2011/12, 2012/13, and 2013/14 are labeled with values 23.9, 22.1, and 23.7 respectively. The bar for 2014/15 is at 0.</p>	23.7%	22.5%	<p>Provisional Figures for 2013–14 show a slight increase.</p>

Number of 4hr RDaSH Emergency responses

12

17-Dec-2014 From August 2014 the emergency response data from RDaSH now includes both in and out of hour's data. This is reflected by the rise to 12, all of which were patients seen in hours and within the targeted time frame of 4 hours. Data previous to August only includes out of hours information.

Number of Hospital Admissions

461

Carers Requiring
Emergency
Respite

16-Dec-2014 DMBC Re configuring Respite Reports due to changes and migration to new phase of Carefirst system. Should be able to report in Q3 and backfill data.

Patient/Carer
Quality Of Life
Score

98.4

17-Dec-2014 From 127 responses to 10 agreed Quality of Life questions during Q2 98.4% of people taking part from the Sue Ryder contract responded positively. It has been agreed from Q3 onwards all providers will use the same 10 questions for scoring Quality of life.

Once the temporary solution is in place the data should be available once again. This is not the first time that this has happened and it affects all national reporting from SystemOne. We are in the process of testing some strategic extracts that we can get directly from TPP which should, we hope, not be affected by such changes in the future.</p>
