		<u>ACTION</u>
1.	<u>APOLOGIES FOR ABSENCE.</u>	
2.	<u>DECLARATIONS OF INTEREST, IF ANY.</u>	
3.	<u>CRIME & COMMUNITY SAFETY PERFORMANCE REPORT</u>	
	<p>To accompany the report, the Panel received a presentation relating to high level information regarding the level of crime and anti-social behaviour in Doncaster based on the previous 12 months, and an update relating to the Selective Licensing Scheme in Edlington and Hexthorpe areas of the Borough.</p> <p>It was noted that the general crime level had deteriorated however, there was a more positive trend with regard to anti-social behaviour and domestic abuse.</p> <p>The presentation covered the following areas:</p>	

- DMBC and theme groups' structures;
- Doncaster Community Safety Partnership priorities, to be re-visited as part of 2018 Strategy review; and
 - Reduce crime, anti-social behaviour and re-offending;
 - Protecting vulnerable people;
 - Reducing substance and alcohol misuse and the associated effects on crime;
- How priorities are delivered.

Members addressed the following areas:

Organised Crime – the new theme group entitled Serious Organised Crime Local Partnership Board was noted, which would be addressing Serious Organised Crime, Human Trafficking, Modern slavery and Counter Terrorism activity.

Off road bikes and quads – it was recognised that most areas across the Borough had experienced anti-social behaviour created through off-road bikes and quads. The Partnership was taking the issue seriously and had recently purchased off-road bikes and trained officers to undertake operations across the area, focusing particularly in hot spot areas. It was confirmed that the spray, which worked like smart water, would be used on unlawful bikers and when caught could be used in follow-up investigations.

Perpetrator Programme – this initiative which ensured perpetrators were being held to account, recognised the positive work being undertaken in Doncaster supported by the Police and Crime Commissioner, had been rolled out across the County.

Child Sexual Exploitation (CSE) – It was noted that landlords, through the Selective Licencing Scheme and staff in the Frenchgate Centre, Doncaster had been trained to recognise any possible signs of CSE.

Domestic and Sexual Abuse – It was noted that the rape statistics had increased and recognised that they were not always stranger rapes.

Complex Lives – the issue was highlighted and noted that there was a strong wish by all partners to find new innovative ways of addressing the issues. There was an assurance that people were receiving the support they required, with partners not just taking an enforcement stance.

736000 and 101 Non-emergency Police reporting – the Panel expressed concern that the 101 telephone waiting times were lengthy, therefore people were hanging up or not attempting to report a crime. It was acknowledged that this was not just a local problem but a national issue. With regard to the crime reported through both the Local Authority and non-emergency number it was confirmed that the

crime statistics were being combined and discussed. It was noted that all reported incidents were provided at the monthly partnership meeting ensuring crimes were not missed and also not being double recorded.

Following concern expressed by a Councillor it was stressed that the community do not need to physically attend a police station to report when a crime has been committed. It was also stressed that if a Police Officer does not make a visit to a person following an incident, it does not mean that that the reported crime has not been logged. When criminal investigations are undertaken all crimes were taken into account to build a picture ahead of potential arrests.

Information sharing/communication – the Panel noted that the positive work and information sharing did not stop with the gradual reduction of neighbourhood policing with monthly and weekly case meetings continuing. However, with the reintroduction of neighbourhood policing in some areas this would look to strengthen partnership and public relationships, re-establishing links that worked well in the past. It was acknowledged that communities did not lose their Inspector and Sergeants, it was resources that were reduced throughout the whole area. This therefore had an impact on Parish Council and Community meetings not having Police attendance.

South Yorkshire Police was actively seeking to find different ways to ensure links with communities continued with an additional team working on specific identified areas across the Borough. With regard to the number of Police Officers, it was noted that recruitment had recently been opened.

It was acknowledged that if a Police Officer responded to an incident and then a different Officer responds to a subsequent incident there was no consistency. Following interventions that had been introduced and phased re-introduction of neighbourhood policing in some areas, it was hoped that Officers would have the capacity to provide continuity and deal with issues from the same victim of crime.

Additional to the above discussion, it was suggested that consideration be given to how communication between South Yorkshire Police and ward councillors could improve to ensure positive feedback is promoted within the community.

A number of examples of recent criminal activity was highlighted and the Panel's main concern was ensuring there was a good flow back of information to communities. This would assure people that incidents were being addressed and regularly that criminals had been arrested and either in custody, on bail or acceptable behaviour contracts. Unfortunately there were not enough resources to ring everyone that has reported a crime however, everyone does receive feedback and this may be done by email. To assist with improved communication, for example, the reintroduction of the dedicated phone line for the

community to leave messages was a mechanism being investigated. It was acknowledged that in this modern age, the community also expects up to date information being provided through Facebook , Twitter and texting methods. The Panel noted that South Yorkshire Police was arranging pop up community sessions in areas such as supermarkets where they were able to gather information and feedback information to the community.

It was noted that in Doncaster there was a high perception of crime, however information shows that satisfaction is good when a victim has unfortunately had to receive support services from South Yorkshire Police and it's partners.

Parking Enforcement – It was confirmed to the Panel that the Police Force was not responsible for responding to vehicles being left on double yellow lines but it was responsible for obstructions on the highway.

Safer Neighbourhood Teams – It was acknowledged that Doncaster had a strong and vibrant night time economy and accepted that Neighbourhood Police Officers would, on a rotational basis, be required to work within the town centre.

CCTV – Members enquired as to whether the public could be trained to use and download CCTV in hotspot community areas, to assist the Police and Local Authority. It was recognised that CCTV popularity has grown, more officers were being trained in their use and additional cameras were being installed in key locations. With regard to use by Members of the public, there were issues with regards to regulations and confidentiality preventing this assistance.

Organised Crime Groups – Information sharing was undertaken by the theme groups as is strategic mechanisms and best practice. It was acknowledged that Doncaster was not the only town having to respond to this situation with sophisticated work being undertaken on a daily basis including drug and CSE crimes.

EPIC – this scheme was acknowledged as a successful targeted approach tailored to specific issues, with wrap around services ensuring young people, some with complex home lives, did not become the next adult crime members.

Youth services – the Doncaster Youth Offending Services was highlighted as one of the best performing in the Country and made a positive impact on young people who, if interventions were not put in place, could again turn to future adult crime members.

Amber project – Members were pleased that this was a more sustainable project addressing street prostitution and asked that it not

be diluted in future commissioning. A report to a future meeting on its success was requested.

To conclude Members recognised that resources across South Yorkshire Police and partners had been reduced dramatically and applauded the effort put into making the Borough a safer place to live.

Resolved: That the discussion be noted.

SELECTIVE LICENCING

The Panel received a presentation updating Members of the Selective Licencing schemes in Hexthorpe and Edlington area and how this contributed to reducing anti-social behaviour. It was noted that selective licencing provided the Council with additional tools to help combat anti-social behaviour and can legally require landlords to take responsibility for tenancy management. The presentation outlined the benefits to landlords, tenants, the wider community and the local authority and partners.

The following areas were addressed:

- The importance of housing stressing it was the foundation of the quality of life, well-being, health, opportunities for employment and economic growth;
- Low housing demand being coupled with anti-social behaviour and how this was being addressed;
- With there being costs at £515 per rented property Members expressed concern that good landlords could feel that they were being penalised however there were many benefits for the landlord, including training opportunities.
- The scheme provided the local authority and partners with details of property owners making it easier to undertake investigations if tenants were behaving in an anti-social manner. Landlords were personally addressing anti-social behaviour and approaching the Council with ideas and increasing tenant engagement;
- Hexthorpe area – has a telephone hotline and tenants meetings, with good links being forged with the Council. It was stressed that the population was comfortable with approaching officers direct, particularly when they pass people in the street.
- Roll out of the scheme – This was being investigated and not ruled out however it was noted that it was a labour intensive scheme and the Authority was very conscious that schemes were not created where landlords did not benefit. Edlington and Hexthorpe were being concentrated on at the current time.
- Annual Inspections – these were undertaken either with the landlord and tenants knowledge or, if there were antisocial

	<p>behaviour issues, then unscheduled inspections would be undertaken.</p> <p>Resolved: That the Panel note the discussion and consider the recommendations from the Crime and Disorder review as part of the work plan later on the agenda.</p>	
4.	<p><u>COMMUNITY AND ENVIRONMENT CRIME AND DISORDER PANEL WORK PLAN FEBRUARY 2018</u></p>	
	<p>The Panel considered the Overview and Scrutiny Work Plan and issues that may require consideration as part of the Forward Plan of key decisions.</p> <p>Recommendations from the Crime and Disorder Scrutiny review – the Panel moved to accept the recommendations as set out in the appendix to the report, subject to recommendation 1 being Strengthened in relation to working in partnership with communities.</p> <p>Drainage Board Governance - The chair stressed that the issue would require programming in the near future.</p> <p>Strengthening Communities – it was suggested that this could be investigated by the Panel in the following year, hearing from community groups and partners, for example, EPIC and Doncaster Rovers.</p> <p>RESOLVED that the recommendations from the Crime and Disorder Committee be accepted and forwarded to the Overview and Scrutiny Management Committee for ratification.</p>	

Doncaster Council

Report

Date: 13th February 2019

To the Chair and Members of the Community and Environment (Crime and Disorder Committee) Overview and Scrutiny Panel Committee

Report Title: Crime & Community Safety Performance Report

Relevant Cabinet Member(s)	Wards Affected	Key Decision
Councillor Chris McGuinness	All	No

EXECUTIVE SUMMARY

1. This report provides the high level information regarding the level of crime and anti-social behaviour in Doncaster. It is based upon the previous 12 month period and shows that the overall level of crime in Doncaster is 8% higher compared to the previous 12 months. This is similar to the trend across South Yorkshire. Reported incidents of anti-social behavior have fallen by almost 30%.

EXEMPT REPORT

2. This is not an exempt report.

RECOMMENDATIONS

3. The Crime and Disorder Committee Members are asked to comment on and note the information contained within the report and presentation, which provides an update on the Safer Stronger Doncaster Partnership (SSDP) priorities and an update on the complex lives agenda within the town centre.

WHAT DOES THIS MEAN FOR THE CITIZENS OF DONCASTER?

4. The level of crime and anti-social behaviour incidents will impact on residents feeling of safety and their quality of life. This report provides information on these levels and the current trends in Doncaster.

BACKGROUND

5. The Community and Environment Crime and Disorder committee receive regular performance updates relating to crime and disorder and have recently commented on the new Community Safety Strategy 2018-21 from which our priorities are taken.

7. The current picture indicates a slight increase in overall crime but reduced levels of reported anti-social behaviour.
8. It is a statutory requirement for partners to tackle crime and disorder and for the Community and Environment (Crime and Disorder) committee to hold the partnership to account.

COMPLEX LIVES OVERVIEW

9. The Doncaster Complex lives alliance is an integrated care approach to supporting rough sleepers with complex needs.
10. The team became fully mobilised in late 2017 with objectives to transform outcomes for people with complex lives and reduce the demand and costs for public services. Since then the team and alliance partners have been responding to immediate issues but maintaining a strategic, systematic response. This is in recognition of a policy direction that acknowledges the importance of a focus on homelessness and issues related to supporting people with complex lives
11. Through a Partnership approach focused on prevention and early intervention, the alliance has responded to the challenge. The presentation outlines how the accommodation offer has been extended, links have been strengthened with prisons and criminal justice agencies and vulnerable individuals receive support through assertive outreach.
12. The work is closely aligned to the integrated town centre management and the need to provide a collaborative response to supporting vulnerable people with complex needs to break the cycle of homelessness and rough sleeping and receive help to rehabilitate. The Gold, Silver and Bronze Governance model ensures that all partners are held to account and a balanced approach is taken to enforcement using the Public Spaces Protection Order and other measures.

OVERALL CRIME

13. The table below highlights the changes in overall crime for Doncaster and provides a comparison with the average increase in South Yorkshire. It highlights that Doncaster has seen a comparable increase with the rest of the force, when comparing figures to the same period last year.

Overall Crime: Total Number of Incidents			
	Rolling 12 months Monthly		
	Jan 2017 - Dec 2017	Jan 2018 – Dec 2018	% change
Doncaster	35,542	38,468	+8%
South Yorkshire Force Average	135,465	143,864	+6%

14. Last year we saw the reintroduction of neighbourhood policing in Doncaster and the benefits of this are starting to be seen in local management and early intervention of emerging issues, working in conjunction with local partners.

ANTI-SOCIAL BEHAVIOUR (ASB)

15. There has been a large reduction in police reported ASB in Doncaster, which mirrors other areas of South Yorkshire. Similar reductions have also been experienced by partners.
16. Motorcycle nuisance continues to be a key reported issue, however, since January 2018 148 off-road and quad bikes have been seized in Doncaster contributing to a 16% reduction in reported vehicle nuisance.

Rolling 12 Months Jan 2015-Dec 2015						
	Doncaster			Force		
	Doncaster Jan 17 - Dec 17	Doncaster Jan 18 - Dec 18	Doncaster % Change	Force Jan 17 - Dec 17	Force Jan 18 - Dec 18	Force % Change
Total ASB Incidents	13,857	9,834	-29%	62,703	41,965	-33%

PROTECTING VULNERABLE PEOPLE

17. There has been a small increase in the number of reported domestic abuse incidents. A new Domestic Abuse Hub has been created using funding secured from the Ministry for Housing, Communities and Local Government. This will ensure more cohesive partnership working and a single point of contact for victims and partner organisations. This is supported by a new multi-agency Domestic Abuse Protocol.

Rolling 12 Months Jan 2018-Dec 2018 Total Incidents						
	DONCASTER			FORCE		
	Jan 17 - Dec 17	Jan 18 - Dec 18	% Change	Jan 17 - Dec 17	Jan 18 - Dec 18	% Change

Non-Crime	4,774	3,775	-21%	18,153	14,471	-20%

SEXUAL ABUSE

18. During 2018 reported sexual abuse incidents have increased by 5% compared to 2017. This is smaller increase than other areas of South Yorkshire.

Rolling 12 Months Jan 2018-Dec 2018 Total Incidents						
	DONCASTER			FORCE		
	Jan 17 - Dec 17	Jan 18 - Dec 18	% Change	Jan 17 - Dec 17	Jan 18 - Dec 18	% Change

Other Sexual Violence	621	657	+6%	2,546	2,638	+4%

FURTHER AREAS OF UPDATE

19. As part of the presentation, there are further updates to the Community and Environment Overview and Scrutiny Committee regarding the implementation of recommendations from the Domestic Abuse Scrutiny Report, Modern Slavery, Child Exploitation and an update on the progress of the CCTV strategy.

OPTIONS CONSIDERED

20. There are no specific options to consider, the report is for update and discussion.

RISKS AND ASSUMPTIONS

23. Good quality performance management arrangements ensure that priorities are achieved and good quality services are delivered to the residents of

Doncaster.

LEGAL IMPLICATIONS [Officer Initials NC Date 24/1/2019]

24. Section 17 of the Crime and Disorder Act 1998, places a duty on local authorities, the Police and other partners to exercise their functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent crime and disorder (including anti-social behavior and other behavior adversely affecting the local environment), the misuse of drugs, alcohol and other substances, and re-offending in its area.

FINANCIAL IMPLICATIONS [Officer Initials...OB...Date...28.01.19]

25. There are no specific financial implications arising from this report.

HUMAN RESOURCES IMPLICATIONS [Officer Initials...BT... Date...28/01/19]

26. There are no specific Human Resource issues within this Report. Any staffing resources identified in necessary Service Reviews and /or funded new posts for job evaluation are coordinated within HR Partnership Meetings with the relevant Heads of Service and in line with the relevant policies and procedures for implementation.

TECHNOLOGY IMPLICATIONS [Officer Initials PW Date...24/01/19]

27. There are no specific Technology implications within this report.

HEALTH IMPLICATIONS [Officer Initials...RS ..Date ...24/01/2019]

28. This report outlines the work plan to identify interventions to address crime within Doncaster's communities. Indirect long term influences of exposure to crime can include the psychological and physical consequences of injury, victimisation and isolation due to fear. Without safe and secure communities, measures to encourage people to exercise, socialise or adopt more sustainable lifestyles (e.g. using public transport) are more likely to fail as people feel trapped in their houses and cars and unable to engage with local communities. Even broader economic inequalities can remain stubbornly entrenched when investment in the poorest communities by businesses and organisations is inhibited by risks of crime to staff and customers. It is recommended that interventions to address crime are co-produced with residents but based on research and evidence with ongoing evaluation to determine impact and inform future resourcing decisions. A wider system approach to the prevention of crime with approaches that focus on the primary prevention of crime and violence through reducing risk factors and promoting protective factors over the life course and the role of the built environment would be welcomed.

EQUALITY IMPLICATIONS [Officer Initials BH Date 18.01.19]

29. There is a wide range of information concerning the victims and perpetrators of crimes in Doncaster that underpin the data presented in this report. Specific groups and characteristics are more prevalent in specific crime types, examples include more women being victims of domestic abuse than men and significantly more men are accused of a crime than women.

30. This information is mainly held on age, gender and ethnicity and although some of this information is sensitive in nature the detail can be used to support decisions and the impact they may have on particular groups.

Our moment to shine

Our journey so far.....

- Mid - late 2016.....Growing homelessness and rough sleeping, drug misuse, crime and anti-social behaviour - as many other towns and cities across the UK
- Identified as Team Doncaster priority for a 'New Operating Model' reflecting the shared challenge and our complexity
- Deep Dive cohort analysis identified approx. £50m p.a. cost to all public services – a conservative view
- Complex Lives Alliance whole system model designed and team fully mobilised late 2017, with objectives to:
 - Transform outcomes for people with complex lives
 - Reduce demand and costs for public services
- Since then responding to immediate issues but maintaining a strategic, systematic response
- Now moving to the next stage of reform

David, 41

“I should be dead...I’ve lost a lot of friends on the streets...I know I’m lucky to be alive.”

David has spent the last 20 years on the streets and on drugs, and in prison and rehab.

He was abused by his father and is beginning to confront his deep-rooted mental health troubles. His self-esteem and self-worth is fragile.

He barely knows himself outside of life on the streets and drugs. Now he is finally in housing, he is uncertain of his surroundings and the life now open to him.

He values his family greatly, and wants his mother to see she does not have to worry about his health, and is determined to be there for his son.

Complex Lives basic business processes

Level 1 Process

Level 2 Processes

Who

Level 2 Process Description

1. Complex Lives Alliance integrated delivery model

2.1 Identify and Engage

All Partners / Practitioners across Alliance and in variety of prevention settings

The process that all partners and practitioners use to identify when cases have reached a level of risk where intensive multi-agency intervention from Complex Lives becomes appropriate and how cases are then referred and initially brought on to the Complex Lives caseload.

This includes engagement at street level and in acute and prevention settings (e.g. Prison, hospital, care leavers, people in unstable housing settings).

2.2 Rapid review triage and stabilisation

Complex Lives Team/SLH SPOA

The process that the Complex Lives Team and the ST Leger SPOA follow after initial referral and/or engagement to a) allocated a lead professional/worker b) secure the individuals informed consent to share data (or if not possible agree basis of data sharing if required) and c) establish what is known across partner agencies about individuals, producing a rapid review triage report and d) to establish an immediate support plan to stabilise a persons situation usually involving securing accommodation and measures to secure initial health treatments and financial stability .

2.3 Wrap around support/case mgt

Complex Lives Alliance and other accommodation and support providers

The process that the Complex Lives Team and providers of accommodation and support services use to complete assessments, agree wrap around support and intervention plans, assess progression and update and maintain information about cases. This includes progression to enable judgements about step down from MEAM to Navigator or other case work support and for potential of move on, including engagement n day opportunities and training for more independent living.

2.4 Move – on (step down)

Complex Lives Alliance and other accommodation and support providers

The process that the Complex Lives Team and providers of accommodation and support services use to plan and manage transitions and follow on support plans which securely 'step down' a case from the Complex Lives team into a different support setting or into independent living with appropriate support.

The Complex Lives Integrated Team and method – ‘wrap around’ by design

And Since Summer 2018

The results so far in numbers...and our outstanding challenge

We have made a big impact – responding to major challenges...

115

People are case managed by the team, all were originally rough sleeping.....

81

Now in accommodation and receiving support for the CL team and Alliance partners

67

The peak of a worrying summer spike in rough sleepers – taught us it's not just winter plans we need

16

The current number of rough sleepers – due to very proactive joint efforts – and still working at it – our goal is 0

We have to 'close the back the door' - prevent demand in the system...

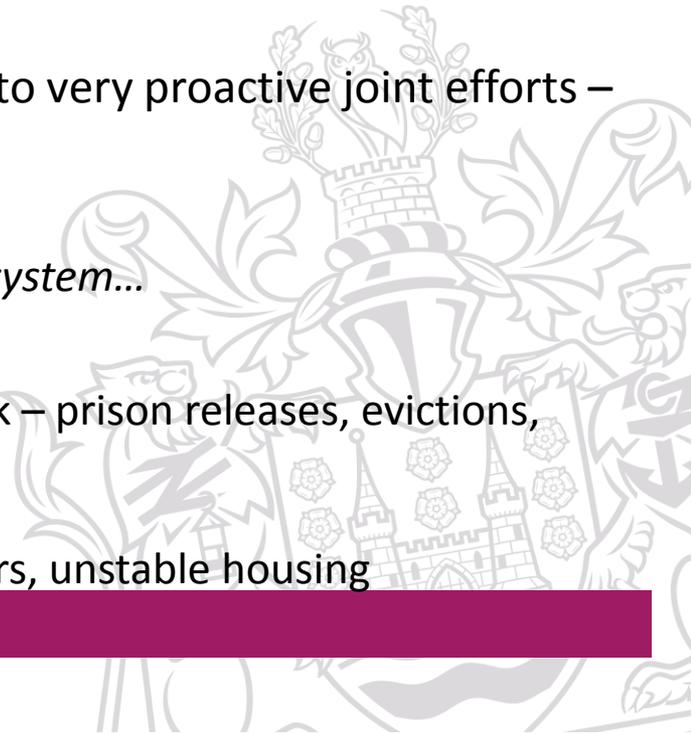

4

Average number of new rough sleepers per week – prison releases, evictions, newcomers

54

Known to be at risk of rough sleeping (sofa surfers, unstable housing situations, hospital, planned evictions)

Our next stage of reform and delivery

Page 27

Reforming our accommodation offer , extending the model

- 'Housing Plus Pathway' reducing over reliance on hostels - move to more dispersed housing with wrap around support
- 'Housing First' as part of a mix (not a panacea)
- Bespoke options for specific vulnerable groups, particularly women
- Strengthening links with Prisons and criminal justice system
- More focus on productive daytime opportunities and personal development
- Community 'soft threshold' hub – asset based support
- Strengthening assertive outreach

And a shift to prevention and early intervention

Homelessness Prevention Strategy – earlier identification and intervention

Targeted work with Prisons and the wider Criminal Justice System

- Release planning
- Alternatives to custody

A focus on prevention for Vulnerable Groups
(Women, Care Leavers)

And....Engaging the public in a constructive way

The Safer Stronger Doncaster Partnership

Reflective of new agendas: Modern Slavery/Human Trafficking, Cyber Crime & more defined role in tackling Serious and Organised Crime

Community Safety Strategy 2018-2021

- The Doncaster Community Safety Partnership is responsible for the delivery of the Community Safety Strategy for 2018 – 2021.
- Sets out our ambitions for community safety across Doncaster over the coming four years.

Our priorities are:

- Reducing Crime and re-offending
- Reducing Anti-Social Behaviour
- Protecting Vulnerable People
- Tackling Serious and organised crime
- Reducing substance and alcohol misuse

Priority One – Reducing Crime and Re-offending

- Doncaster has seen an overall slight increase in reported crime; however the rate of increase has reduced since the period January – December 2017 where it stood at 24% increase.
- In terms of re-offending - identified small cohort responsible for a majority of re-offending.
- In response, CRC have created a High Frequency Cohort Team to manage this group of offenders in conjunction with Partners (theft / shoplifting is the most prevalent crime associated with re-offending).

Overall Crime: Total Number of Incidents			
	Rolling 12 months Monthly		
	Jan 2017 - Dec 2017	Jan 2018 – Dec 2018	% change
Doncaster	35,542	38,468	+8%
South Yorkshire Force Average	135,465	143,864	+6%

Priority One – Reducing Re-offending

- High Frequency offender cohort being managed between Community Rehabilitation Company / Police / Courts to break the cycle.
- Significant gains being made in prison detections / arrests to mitigate availability of drugs into the estates to allow for much greater offender engagement / diversion.
- Op Shield – Doncaster Operation to forensically mark and protect residential / commercial premises and thereby reduce burglary offences. Over 1400 households have been visited since the op began in October.
- Better managing prison releases through collection and delivery to relevant agencies to ensure timely engagement and prevent immediate relapse into intoxication / offending behaviours.

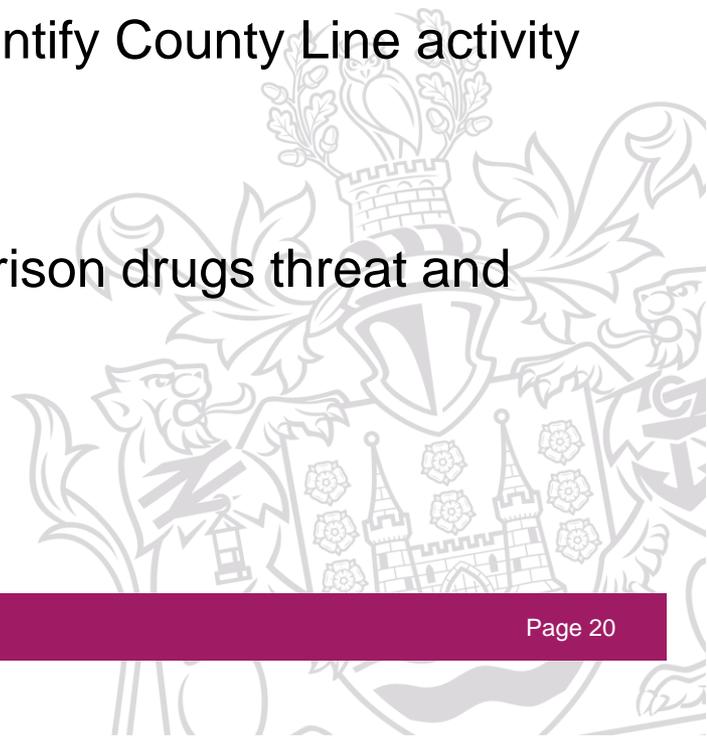

Priority Two – Tackling Anti-Social Behaviour

- There has been a large reduction in police reported anti-social behaviour in Doncaster which mirrors other areas of South Yorkshire. Similar reductions have also been experienced by partners.
- Motorcycle nuisance continues to be a key issue – since January 2018 148 off-road bikes and quads have been seized in Doncaster.
- Vehicle Nuisance has seen a 16% reduction in reported incidents in 2018 compared to 2017.
- Dedicated SYP off-road bike team deployed in Doncaster for 50% of week and 9 District Officers have been trained to supplement the dedicated team.
- The ASB Theme Group continues to monitor and manage the cohesion agenda, producing a weekly Community Tension Assessment.

Rolling 12 Months Jan 2015-Dec 2015						
	Doncaster			Force		
	Doncaster Jan 17 - Dec 17	Doncaster Jan 18 - Dec 18	Doncaster % Change	Force Jan 17 - Dec 17	Force Jan 18 - Dec 18	Force % Change
Total ASB Incidents	13,857	9,834	-29%	62,703	41,965	-33%

Priority Four–Tackling Serious and Organised Crime

- Dedicated Theme Group established with all key partners now supported by Bronze Tactical Group.
- All OCGs mapped across Doncaster – highest percentage (27%) of OCG members in prison in South Yorkshire.
- Intensification weeks of action planned to identify County Line activity and child criminal exploitation.
- Planning in place to proactively reduce the prison drugs threat and related disorder from organised crime

Priority Five—Reducing Substance and Alcohol Misuse

- The Substance Misuse Theme Group remain focused on dependent drinkers and the prevalence of traditional opiate based drugs. Bids have been submitted to further support this work.
- Work closely with Town Centre multi agency team around the Complex Lives agenda particularly the impact of synthetic cannabinoids (Spice)
- Relaunch of Doncaster Alcohol Services in January 2019 and new premises affords better access for clients.

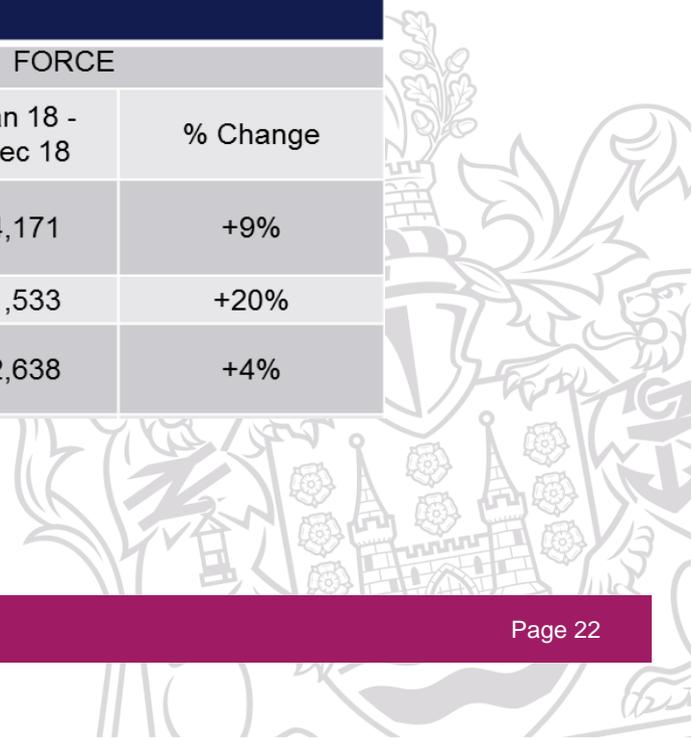

Strategic Challenge:

- A forthcoming reduction in the Public Health Allocation in 2020/21 and 2021/22 has meant a Redesign work stream with Aspire the treatment provider is underway, to remodel services within a reduced financial envelope

Priority Three – Protecting Vulnerable People

Other Sexual Violence	621	657	+6%	2,546	2,638	+4%

Priority Three – Protecting Vulnerable People

Domestic Abuse:

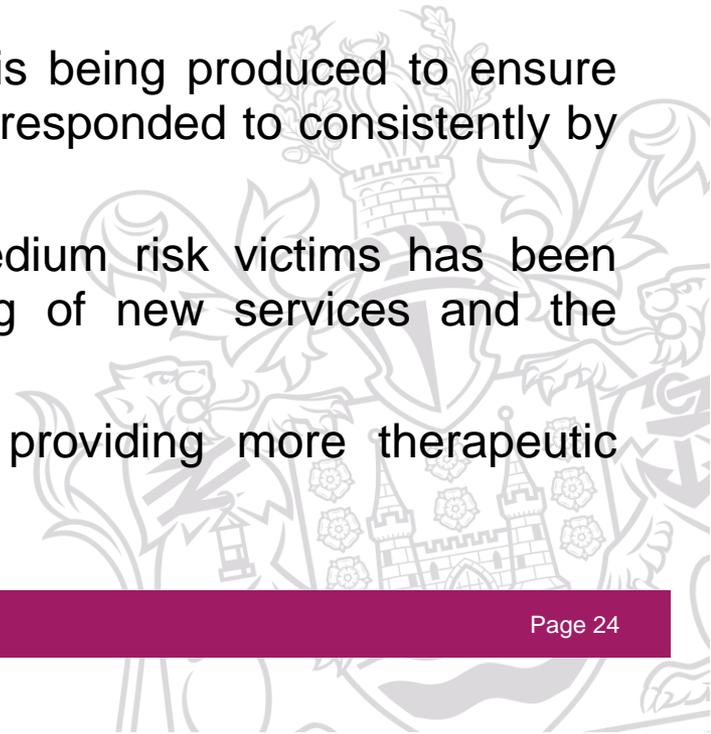

- The Domestic and Sexual Abuse Partnership has been restructured and refreshed
- The fragmented approach to domestic abuse services is being resolved with the creation of a Domestic Abuse Hub
- An additional £98k has been secured for domestic abuse services from the Ministry for Housing, Communities and Local Government
- A new Sexual Abuse Strategy has been adopted
- Progress made on understanding the full extent of domestic and sexual abuse in Doncaster

Domestic Abuse Recommendations

What has been achieved since the Scrutiny panel recommendations were produced in 2016:

1. Commissioned services are based on qualitative outcomes as well as services being value for money
2. A single point of contact for partner organisations and victims of domestic abuse is being introduced in 2019
3. There is some evidence that information is being shared appropriately between agencies
4. A new multi agency Domestic Abuse Protocol is being produced to ensure that the needs of victims of domestic abuse are responded to consistently by all professionals
5. The provision of support for standard and medium risk victims has been reviewed and factored into the commissioning of new services and the creation of the Domestic Abuse Hub
6. The Domestic Abuse Caseworkers are now providing more therapeutic support

Domestic Abuse Recommendations

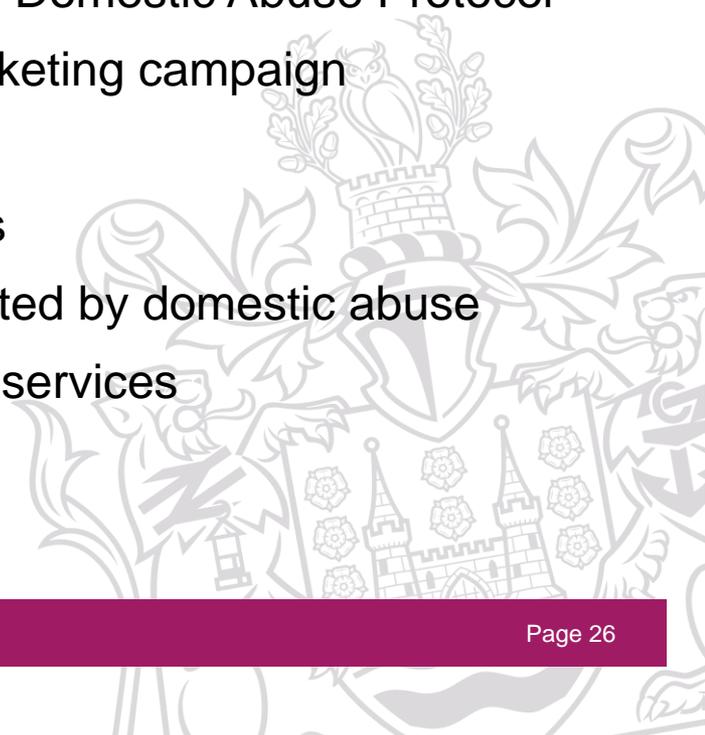

Cont.

7. Networking and training opportunities has increased. By 31st March 2019 the Workforce Development Officer will have delivered training to approx.1,000 people in this financial year. A monthly newsletter has been introduced to keep professionals up to date
8. The safeguarding boards have delivered partnership events to raise awareness of domestic abuse
9. A presentation to Team Doncaster will identify long term financial concerns affecting provision of services going forward and we are seeking further Partnership buy-in
10. £98,000 has been secured from MHCLG to support victims from marginalised and isolated members of communities

Domestic Abuse Recommendations

What do we still need to work on:

1. Embedding domestic abuse into all aspects of commissioning where possible
2. Establish better links with agencies such as DWP and the voluntary sector
3. Improve working with GPs including training and referral pathways
4. Information sharing and consistent responses to domestic abuse – this should be resolved with the introduction of a new Domestic Abuse Protocol
5. Raising awareness- addressed through new marketing campaign
6. Continued work with schools
7. Further updated information for elected members
8. Earlier intervention and support for children affected by domestic abuse
9. Longer term financial stability of domestic abuse services

Modern Slavery

How we work in Partnership:

- Strategic – Agenda managed through OCG Theme Group
- Several operations have been undertaken in Doncaster linked to labour exploitation
- Authority links closely with SYP modern slavery and human trafficking team, providing support with Adult and Children’s safeguarding issues also link with other statutory partners e.g. Immigration, Gangmasters and Labour Abuse Authority (GLAA)
- Quarterly Modern Slavery partnership meeting; focused on intelligence/trends/victim identification and care/prevention/awareness raising/training
- Raising awareness and staff training has led to increase in referrals as illustrated below

Rolling 12 Months Jan 2018-Dec 2018 Total Incidents						
	DONCASTER			FORCE		
	Jan 17 - Dec 17	Jan 18 - Dec 18	% Change	Jan 17 - Dec 17	Jan 18 - Dec 18	% Change
Modern Slavery	11	28	+255%	53	92	+74%

Child Exploitation

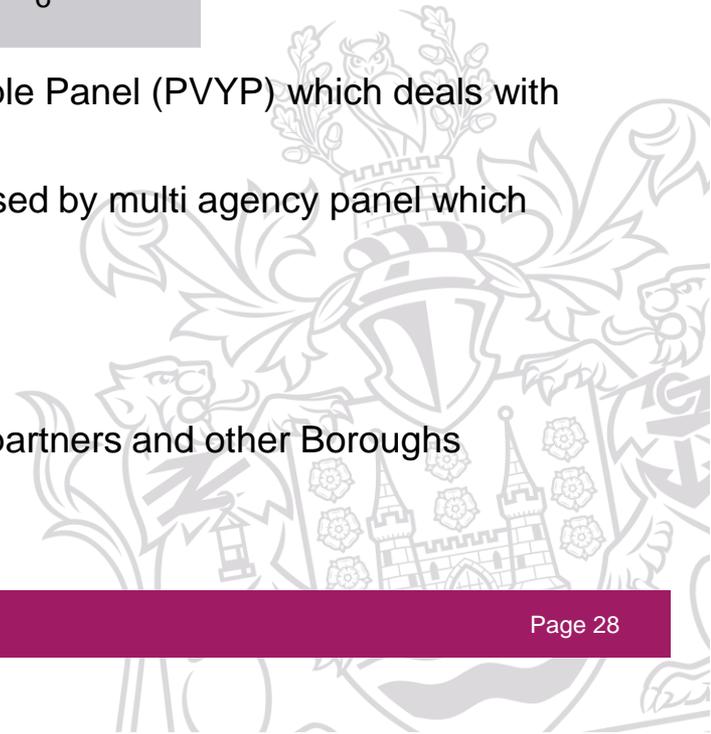

- Doncaster is forward thinking with regard to Child Criminal Exploitation (CCE)
- Established CCE Strategic Group reporting to SSDP & Child Exploitation Sub Group (which reports to the Children’s Board)
- Also established CCE Operations Group Chaired by Police and Trust representatives
- Group meets monthly and current case load is between 6-8 cases

Number of Referrals	Number of referrals accepted	Number currently supported by EPIC	Number previously supported by EPIC
18	17	5	6

- CCE Group sits alongside the Protecting Vulnerable Young People Panel (PVYP) which deals with other areas of vulnerability
- Children at risk of or suffering CCE referred to group and discussed by multi agency panel which meets monthly

Moving Forward:

- SYP has appointed a Force Lead for CCE
- Lead is developing SYP strategies and policies for sharing with partners and other Boroughs
- All front line staff are receiving awareness training on CCE

CCTV impact from the CCTV Strategy

- CCTV Infrastructure across Doncaster Town Centre upgraded to facilitate latest technology CCTV cameras
- Voluntary/community group assisted in installation of CCTV to combat anti-social behaviour in their community and operating agreement developed
- CCTV installed to combat Serious OCG activity and provide reassurance to residents
- Refresh of relocatable CCTV Cameras stock on-going
- Overarching CCTV Policy for Doncaster developed and annual review undertaken October 2018
- Development of end to end process to install relocatable cameras in conjunction with area teams, local inspectors and street lighting colleagues.

To the Chair and Members of the Community and Environment Overview and Scrutiny Panel

OVERVIEW AND SCRUTINY WORK PLAN 2018/2019 – February 2019

Relevant Cabinet Member(s)	Wards Affected	Key Decision
Councillor Chris McGuinness Communities, Voluntary Sector and the Environment	All	None
Councillor Joe Blackham, Highways, Street Scene and Trading Services		
Councillor Nigel Ball, Cabinet Member Public Health, Leisure and Culture		

EXECUTIVE SUMMARY

- The Panel is asked to consider the Overview and Scrutiny Work Programme for 2018/19, receive an update on progress and agree future items for consideration.

EXEMPT REPORT

- The report is not exempt.

RECOMMENDATIONS

- The Committee is asked to:
 - Review the Overview and Scrutiny work plan attached at Appendix A;
 - Agree when items be programmed for consideration or removed from the work plan; and

- c) Consider the Council's Forward Plan of key decisions attached at Appendix B.

WHAT DOES THIS MEAN FOR THE CITIZENS OF DONCASTER?

4. Regular review of the Overview and Scrutiny work plan enables the Committee to ensure it remains relevant and is responding to important issues for citizens and the borough. The work plan update helps support openness, transparency and accountability as it summarises outcomes from Overview and Scrutiny activities. Citizens are able to contribute to the work of Overview and Scrutiny by attending meetings or contributing to reviews.

BACKGROUND

5. Overview and Scrutiny has a number of key roles, which focus on:
- Reviewing decisions made by the Executive of the Council;
 - Policy development and review;
 - Monitoring performance (both service indicators and financial); and
 - Considering issues of wider public concern.
6. An updated version of the work plan is regularly presented to the Overview and Scrutiny Management Committee and Panels for consideration. The Panel is asked to consider the unresolved issues in Appendix A and agree when items should be programmed or removed from the list. It should be noted that the work plan highlights those items that have been considered and those that are planned at the time this agenda is published.

Council's Forward Plan of Key Decisions

7. Attached at Appendix B is the Council's Forward Plan of key decisions for consideration by the Panel.

OPTIONS CONSIDERED

9. There are no specific options to consider within this report as it provides an opportunity for the Panel to review its work plan for 2018/19.

REASONS FOR RECOMMENDED OPTION

10. There is no recommended option.

IMPACT ON THE COUNCIL'S KEY OUTCOMES

RISKS AND ASSUMPTIONS

12. To maximise the effectiveness of the Overview and Scrutiny function it is important that the work plan is manageable and that it accurately reflects the broad range of issues within its remit. Failure to achieve this can reduce the overall impact of the function. National research has identified that over ambitious work plans that include too many items are a common cause of frustration for Scrutiny Members as they fail to achieve any outcomes. The work plan will continue to be reviewed at each ordinary meeting and officers will advise on the capacity available to undertake any additional work. This provides an opportunity to ensure work plans can be regularly monitored and reviewed.

LEGAL IMPLICATIONS [SRF 01.02.19]

13. Overview and Scrutiny procedure rule 6a, of the Council's Constitution states that subject to matters being referred to it by the Full Council, or the Executive, Overview and Scrutiny will determine its own work programme.

FINANCIAL IMPLICATIONS [AT 25.01.19]

14. There are no specific financial implications in relation to this report please

HUMAN RESOURCES [AC Date: 25.01.19]

15. There are no human resource implications specific to the Overview and Scrutiny panel work plan. Any matters that emerge from the committee that impact on the workforce would require HR engagement at the appropriate time and would be subject to separate approval.

TECHNOLOGY IMPLICATIONS [PW 24/01/19]

16. There are no specific technology implications in relation to this report.

HEALTH IMPLICATIONS [RS Date: 24.01.2019]

17. This report provides an overview on the work programme and as such there are no specific health implications associated with this report. Within its programme of work the Communities and Environment Overview and Scrutiny panel will need to ensure it is able to review how the Council addresses health inequalities within its policies and programmes and ensure that these do not cause or worsen health inequalities.

EQUALITY IMPLICATIONS [CM 04.02.19]

18. This report provides an overview on the work programme and there are no significant equality implications associated with the report. Within its programme of work Overview and Scrutiny gives due consideration to the extent to which the Council has complied with its Public Equality Duty and given due regard to the need to eliminate discrimination, promote equality of opportunity and foster good relations between different communities.

CONSULTATION

19. During May and June 2018, OSMC and the standing Panels held work planning sessions to identify issues for consideration during 2018/2019.

BACKGROUND PAPERS

20. Agenda, guidance and draft work plan produced following Scrutiny work planning events held during May and June 2018.

DONCASTER METROPOLITAN BOROUGH COUNCIL
FORWARD PLAN FOR THE PERIOD 1ST MARCH, 2019 TO 30TH JUNE, 2019

The Forward Plan sets out details of all Key Decisions expected to be taken during the next four months by either the Cabinet collectively, The Mayor, Deputy Mayor, Portfolio Holders or Officers and is updated and republished each month.

A Key Decision is an executive decision which is likely:-

- (a) to result in the Local Authority incurring expenditure which is, or the making of savings which are, significant having regard to the Local Authority's budget for the service or function to which the decision relates; or
- (b) to be significant in terms of its effects on communities living or working in an area comprising two or more wards or electoral divisions in the area of the Local Authority;
- (c) any decision related to the approval or variation of the Policy and budget Framework that is reserved to the Full Council.

The level of expenditure/savings which this Authority has adopted as being financially significant is £250,000.

Please note in addition to the documents identified in the plan, other documents relevant to a decision may be submitted to the Decision Maker. Details of any additional documents submitted can be obtained from the Contact Officer listed against each decision identified in this plan.

In respect of exempt items, if you would like to make written representations as to why a report should be considered in public, please send these to the contact officer responsible for that particular decision. Unless otherwise stated, representations should be made at least 14 days before the expected date of the decision.
