10.	<u>CRIME AND COMMUNITY SAFETY PERFORMANCE</u>	
	<p>DONCASTER LIVING AND CARING THEME</p> <p>A presentation was made to the Crime and Disorder Scrutiny Panel relating to the Following Areas:</p> <p>Complex Lives; Community Safety Strategy Update; Domestic Abuse – update from Scrutiny Review recommendations; Modern Slavery; Child Exploitation; and CCTV - impact from the CCTV Strategy.</p> <p><u>COMPLEX LIVES</u></p> <p>It was reported that the Doncaster Complex Lives Alliance, mobilised in late 2017 was an integrated care approach to supporting rough sleepers with complex needs. The Panel was reminded that during mid to late 2016 there was growing homelessness and rough sleeping, drug misuse, crime and anti-social behaviour like many towns across the country.</p> <p>Through a partnership focused approach on prevention and early intervention, Members were informed of the accommodation offer, links that have been strengthened with prisons and criminal justice agencies and how vulnerable individuals receive support through assertive outreach.</p> <p>The Panel noted the Complex Lives basic process and how the wrap around method worked and supported the numbers that require help.</p> <p>The following areas were addressed by the Panel:</p> <p><u>Future Funding</u> – In response to the Panel’s concern with regard to future funding to continue work already undertaken, it was explained that the Flexible Homeless Support Grant was predicted to be maintained in the coming years but additional support was also being sought from the Better Care Fund. There was however a note of caution that these were limited pots of funding. It was stressed that the plan was to utilise external grants where possible and that several funding bids had been made to the Government’s rough sleeper team.</p> <p>Members were delighted to learn that the Government’s Rough</p>	

Sleeper Team, had recently announced that Doncaster had been adopted as one of 42 local authorities to take a rough sleeper programme forward. Information on the finer details were awaited.

Stabilisation of people who receive support and a wraparound service – it was confirmed that once people's lives began to improve, the existing support would continue for people who required assistance including, routine access to drug and alcohol standard services.

Partnership working – It was confirmed that this was working well, with the Local Authority having close relationships with all partners. Without everyone's hard work and commitment it would not have been possible to achieve the success to date. Mainstream statutory services include St Leger Homes of Doncaster, RDaSh, Clinical Commissioning Group, Primary Care Trust, South Yorkshire Police and the Children's Trust were committed. It was noted that the next phase of partnership working would focus on private sector housing landlords and the faith sector.

Resettlement of prisoners – concern was expressed due to the prison population in and around the Doncaster area, particularly relating to a person's resettlement when released. It was noted that this was a national issue and a Doncaster rehabilitation company had been established, with work due to commence in Spring 2019. It was noted that some prisoners return to their home town if not from Doncaster but some do stay and start a new life in the town. It was recognised however, that the nature of lifestyle can be transient and all partners could do more to help

Displacement of people with complex lives – in response to a Member's query, the following information was provided:

- 115 people were case managed by the team, all were originally rough sleeping;
- Nearly 90 were now in accommodation and receiving support;
- 67 - rough sleepers in the summer – with partners not just planning for winter need;
- 16 – current number of rough sleepers who were being supported;
- 4 – was the average number of new rough sleepers per week, for example, prison release, evictions and newcomers to the area;
- 54 – known to be at risk of rough sleeping (sofa surfers, unstable housing situations, hospital and planned evictions); and
- 2 were now in employment.

Displacement was monitored closely on a weekly basis and it was acknowledged that a small number of people were creating an issue throughout the borough. People were not provided with inappropriate housing that could potentially worsen their situation.

People begging in the street – it was recognised that there were people across the borough that were not homeless but chose to beg in the town centre. It was acknowledged that kindness and generosity was found on the street but it was not the answer to poverty. It was stressed that once people were stable they tended to see a brighter future and no longer have the wish to beg.

COMMUNITY SAFETY STRATEGY 2018-2021

A presentation was provided on the Community Safety Strategy 2018-2021, delivered by the Community Safety Partnership, highlighting the ambitions for Doncaster's community safety over the coming four years.

The Committee received information on the following priorities:

- Reducing crime and reoffending;
- Tackling anti-social behaviour;
- Tackling serious and organised crime; and
- Reducing substance and alcohol misuse.

In response to Members queries the following areas were addressed in detail:

County Lines – It was acknowledged this was a very serious national phenomenon where criminal gangs set up a drug dealing operation in a place outside their usual operating area. Gangs would move their drug dealing from big cities, for example, London, Manchester and Liverpool, to smaller towns in order to make more money. This has a devastating impact on small communities and brings with it serious criminal behaviour. Within Doncaster, this was being addressed both strategically and tactically. It was noted that nationally people were now working together and sharing good practice to stop this criminal behaviour. A lot of work was required to safeguard the young people who were being enticed into the lifestyle.

Neighbourhood Policing - It was stressed that when this was reintroduced provision would never be the same as had been originally, but placed in areas that needed it most. Some areas would have more support than others and officers may not be seen as regularly as in previous years. Reassurance was provided that cover was addressed on a daily and weekly basis, responding to developing problems.

Crime reporting using telephone number 101 – it was acknowledged that communities were frustrated with the length of time it was taking to report crime on the 101 telephone system. It was noted that investment had been made to improve the telephony system with waiting times reducing and recognised that there would clearly be peak periods of demand. Performance had improved and it was hoped that this would continue.

The Committee was reminded that if a crime was being committed then the 999 emergency response number must be used.

With regard to staffing the 101 telephone line, it was confirmed that there was a separate team answering calls to the 999 team. It was highlighted however, staff were interchangeable, and if there was a significant emergency situation then staff would be deployed appropriately to respond.

The same IT telephony system was being used by a number of Forces around the UK and if there was a technical fault then calls would be transferred, if required. South Yorkshire had recently had to take calls for the Metropolitan Police Force.

Drug and methadone use – it was acknowledged that a support programme was in place to reduce drug habits however, there was a small cohort that would always find this difficult.

Off-road motor cycle nuisance – In response to a Member's query it was noted that that criminality had reduced by 16% and clarified that it was not just motor cycles that were involved in crime but all vehicles. Specifically relating to motor cycle nuisance, issues raised regularly included noise nuisance and actions that were creating anti-social behaviour. South Yorkshire Police stressed that motor cycle safety was a priority but criminal use of motor vehicles was addressed separately.

It was explained with regard to the use of off road bikes being driven across green space and parks, that there was a degree of frustration when trying to catch offenders. Motor cycles can be passed around a number of users, so there was the need to catch both the bike and person at the same time to ensure a criminal charge could be made. The feelings of the Panel and stories of community annoyance were noted and would be taken into account by South Yorkshire Police when addressing this nuisance.

GDPR – it was noted that a data sharing policy was in place to assist working across the partnership.

Safeguarding – It was confirmed that every person working for South Yorkshire Police is either CRB checked or was subject to a more

vigorous check, depending of the work being undertaken, as the safety of all citizens was paramount.

PROTECTING VULNERABLE PEOPLE

Following the Scrutiny Committee's review on Domestic Abuse, Members received and update on their recommendations and achievements made since the review, and included:

- i. Commissioned services were based on qualitative outcomes as well as services being value for money;
- ii. A single point of contact for partner organisations and victims of domestic abuse was being introduced in 2019;
- iii. A new multi-agency Domestic Abuse Protocol was being produced to ensure that the needs of victims of domestic abuse were responded to consistently by all professionals;
- iv. The provision of support for standards and medium risk victims had been reviewed and factored into the commissioning of new services and the creation of the Domestic Abuse Hub;
- v. Domestic Abuse Caseworkers were now providing more therapeutic support;
- vi. Networking and training opportunities had increased. By 31st March, 2019 the Workforce Development Officer would have delivered training to approximately 1,000 people in this financial year. A monthly newsletter has been introduced to keep professionals up to date;
- vii. The Safeguarding Boards have delivered partnership events to raise awareness of domestic abuse;
- viii. A presentation to Team Doncaster would identify long term financial concerns affecting provision of services going forward and seek further partnership buy-in; and
- ix. £98,000 had been sourced from MHCLG to support victims from marginalised and isolated members of communities.

The Committee was grateful for the update to their review and raised a number of issues relating to keeping people safe with regard to female genital mutilation and initiation ceremonies to join the gang culture. It was confirmed that there were a number of campaigns to help children, young people and adults (both male and female) to help victims with such crimes.

Members requested that a Seminar be provided to keep up to date with how they respond if they feel they have identified domestic abuse.

MODERN SLAVERY

The Committee was provided with a presentation on how the issue of modern slavery was addressed through the Organised Crime Partnership Theme Group. It was noted that the Local Authority linked closely with South Yorkshire Police modern slavery and human

trafficking team and other statutory partners including Immigration, Gang masters and Labour Abuse Authority, providing support with Adult and Children's Safeguarding issues. Quarterly meetings focus on intelligence/trends/ victim identification and care/prevention/awareness raising and training. The training for staff has led to an increase in referrals with a 255% increase in reported incidents in Doncaster.

CHILD EXPLOITATION

The Committee noted that Doncaster was forward thinking with regard to Child Criminal Exploitation with a Strategic Group and Operations Group addressing the position. The Operations Group met monthly and was currently dealing with between 6 to 8 cases.

Moving forward South Yorkshire Police had appointed a Force Lead and was developing strategies and policies that would be shared with partners and other Boroughs.

All front line staff were receiving Child Criminal Exploitation (CCE) awareness training.

CCTV AND IMPACT FROM THE STRATEGY

The Panel was provided with an update on the impacts arising from the CCTV strategy and how the infrastructure across Doncaster Town Centre upgrade was helping to address anti-social behaviour within communities.

In response to Members' questions the following areas were addressed:

Securing a CCTV camera – It was noted that there was no additional capacity to provide new CCTV cameras, however there was the capability for them to be moved from somewhere else in the borough if the Safer Neighbourhood Team agreed it was required. The unfortunate issue with this, was neighbourhoods would not want them removed once installed.

CCTV technical installation – It was recognised that there could be difficulties and cost implication with siting CCTV on certain lamp columns therefore work was currently being undertaken by Street lighting to address the technical issues. It was noted that the new lamp columns at the train station development were pre-stress tested.

Taxi driver assistance with reporting suspicious incidents – following the recent training for taxi drivers, when they were asked to report suspicious behaviour, it was noted that any small piece of information could help solve a crime. It was explained that the same training had been extended to other groups, for example, Enforcement Officers.

	<p>To conclude the Chair thanked the Officers and partners in attendance for the information provided.</p> <p>RESOLVED That:</p> <ul style="list-style-type: none"> a) a members seminar on Domestic Abuse, be provided; and b) the presentations and discussion be noted. 	
11.	<p><u>C&E O&S WORKPLAN - UPDATE FEBRUARY 2019</u></p>	
	<p>The Governance Officer presented the Overview and Scrutiny Work Plan and Forward Plan or key decisions for the Committee's consideration.</p> <p>Members suggested that, following the Flood Review, an update from the Internal Drainage Board be added to the Community and Environment Scrutiny Panel's work plan for 2019/20.</p> <p>RESOLVED that an update from the Internal Drainage Board be added to the Overview and Scrutiny Work Plan for 2019/20.</p>	

Doncaster Council

Report

Date: 12th February 2020

To the Chair and Members of the Community and Environment (Crime and Disorder Committee) Overview and Scrutiny Panel Committee

Report Title: Crime & Community Safety Performance Report

Relevant Cabinet Member(s)	Wards Affected	Key Decision
Councillor Chris McGuinness	All	No

EXECUTIVE SUMMARY

1. This report provides the high level information regarding the level of crime and anti-social behaviour in Doncaster. It is based upon the previous 12-month period and shows that Doncaster has seen a slight overall decrease in reported crime during 2019. Reported incidents of anti-social behavior have fallen by 18% along with the Force 21% decrease.

EXEMPT REPORT

2. This is not an exempt report.

RECOMMENDATIONS

3. The Crime and Disorder Committee Members are asked to comment on and note the information contained within the report and presentation, which provides an update on the Safer Stronger Doncaster Partnership (SSDP) priorities and an update on the complex lives agenda within the town centre.

WHAT DOES THIS MEAN FOR THE CITIZENS OF DONCASTER?

4. The level of crime and anti-social behaviour incidents will impact on residents feeling of safety and their quality of life. This report provides information on these levels and the current trends in Doncaster.

BACKGROUND

5. The Community and Environment Crime and Disorder committee receive regular performance updates relating to crime and disorder.
 - 5.1 The current picture indicates a slight overall decrease in reported crime and significantly reduced levels of reported anti-social behaviour.

- 5.2 It is a statutory requirement for partners to tackle crime and disorder and for the Community and Environment (Crime and Disorder) committee to hold the partnership to account.

COMPLEX LIVES OVERVIEW

6. The Doncaster Complex Lives alliance is an integrated care approach to supporting rough sleepers with complex needs.
- 6.1 The team became fully mobilised in late 2017 with objectives to transform outcomes for people with complex lives and reduce the demand and costs for public services. Since then the team and alliance partners have been responding to immediate issues but maintaining a strategic, systematic response. This is in recognition of a policy direction that acknowledges the importance of a focus on homelessness and issues related to supporting people with complex lives
- 6.2 Through a Partnership approach focused on prevention and early intervention, the alliance has responded to the challenge. The presentation outlines how the accommodation offer has been extended, links have been strengthened with prisons and criminal justice agencies and vulnerable individuals receive support through assertive outreach.
- 6.3 The work is closely aligned to the integrated town centre management and the need to provide a collaborative response to supporting vulnerable people with complex needs to break the cycle of homelessness and rough sleeping and receive help to rehabilitate. The Gold, Silver and Bronze Governance model ensures that all partners are held to account and a balanced approach is taken to enforcement using the Public Spaces Protection Order and other measures.

OVERALL CRIME

7. The table below highlights the changes in overall crime for Doncaster and provides a comparison with the average increase in South Yorkshire. It highlights that Doncaster has seen a decrease where a small increase has been experienced Force-wide, when comparing figures to the same period last year.

ALL CRIME	Jan 2018 - Dec 2018	Jan 2019 - Dec 2019	2018/19 % Change
Doncaster	38,478	37,842	-1.7%
SYP Forcewide Crime	143,781	146,964	2.2%
Doncaster Crime as a % of Force	27%	26%	

- 7.1 The benefits of the reintroduction of neighbourhood policing in Doncaster continue to be seen in local management and early intervention of emerging issues, working in conjunction with local partners.

ANTI-SOCIAL BEHAVIOUR (ASB)

8. There has been a large reduction in police reported ASB in Doncaster, which mirrors the Force-wide picture. Vehicle Nuisance (including Off Road Bikes) reduced by 7% during 2019. The dedicated SYP Off Road Bikes Team continued to be deployed within key hotspot areas in Doncaster during 2019. SYP Roads Policing Team deployments may have also influenced reporting as the team aim to keep our roads a safer and target individuals using our roads to commit crime.

ANTI SOCIAL BEHAVIOUR	Jan 2018 - Dec 2018	Jan 2019 - Dec 2019	2018/19 % Change
Doncaster ASB	9,827	8,058	-18.0%
SYP Forcewide ASB	42,012	33,172	-21.0%
Doncaster ASB as % of Force	23%	24%	

PROTECTING VULNERABLE PEOPLE

9. There has been a decrease in the number of reported domestic abuse incidents. A new Domestic Abuse Hub has been created using funding secured from the Ministry for Housing, Communities and Local Government. This ensures more cohesive partnership working and a single point of contact for victims and partner organisations. This is supported by a new multi-agency Domestic Abuse Protocol.
- 9.1 Prior to May 2019 there was no single point of contact or clear referral pathway for all agencies. The Domestic Abuse Caseworkers received all referrals from South Yorkshire Police and some from partner agencies but did not have capacity to provide a quality service for all people referred to the service. With the introduction of the Hub, a new Domestic Abuse Advisor was employed to contact and triage all victims referred to the Hub and there was increased capacity as Phoenix WoMen's Aid and Riverside began to take referrals for victims that wanted support, alongside the Domestic Abuse Caseworkers.

PRIORITY THREE - DOMESTIC ABUSE	Doncaster			SYP Force		
	Jan 2018 - Dec 2018	Jan 2019 - Dec 2019	2018/19 % Change	Jan 2018 - Dec 2018	Jan 2019 - Dec 2019	2018/19 % Change
Total Domestic Abuse	8,938	8,483	-5.1%	3,3983	34,271	0.8%
Domestic Abuse – Crime	5,147	5,380	4.5%	19,464	21,013	8.0%
Domestic Abuse - Non Crime	3,791	3,103	-18.1%	14,519	13,258	-8.7%

SEXUAL ABUSE

10. During 2019 reported sexual abuse incidents have increased by 3.7% compared to the previous 12 month period. This is smaller increase than that experienced across the Force.

PRIORITY THREE – SEXUAL ABUSE	Doncaster			SYP (Force)		
	Jan 2018 - Dec 2018	Jan 2019 - Dec 2019	2018/19 % Change	Jan 2018 - Dec 2018	Jan 2019 - Dec 2019	2018/19 % Change
Total Sexual Abuse	939	974	3.7%	4,128	4,362	5.7%
Rape	283	304	7.4%	1,507	1,603	6.4%
Other Sexual Offences	656	670	2.1%	2,621	2,759	5.3%

TACKLING SERIOUS AND ORGANISED CRIME

11. Doncaster currently has 13 Active mapped Organised Crime Groups (OCGs) comprising of 163 individuals. Each of these OCGs undergo regular review and scoring which is undertaken jointly with the support of colleagues from the Yorkshire and Humber Regional Organised Crime Unit.
- 11.1 The methodology for scoring an OCG provides a structure in which to prioritise activity based on threat, risk and harm. The highest scoring OCGs therefore attract the highest levels of resources.
- 11.2 A bronze, silver and gold structure is used to support the multi-agency tackling of OCG activity, capturing work undertaken within the '4 P' framework (Pursue, Prepare, Protect and Prevent).

REDUCING SUBSTANCE AND ALCOHOL MISUSE

12. The Substance Misuse Theme Group works to reduce the crime and health harms associated with drug and alcohol misuse in accordance with the Doncaster substance misuse strategy. It is well attended by partner organisations who share good practice and jointly remove barriers to specific delivery issues.
- 12.1 Key points currently being addressed by the theme group are:
- Alcohol treatment - there is a 93% unmet need in specialist alcohol service.
 - Opiate prevalence shows a 50% unmet need of people accessing specialist treatment.
 - Although there is an increase in drug related crime we are doing well in terms of treatment penetration which is better than the National average.
 - In terms of alcohol our treatment penetration is lower than the National average.
- 12.2 The Health and Wellbeing Board and Safer Stronger Doncaster executive have supported the development of an Alcohol Alliance in response to unmet need for alcohol misuse, where senior officers have developed and are delivering an alcohol specific action plan for Doncaster.

FURTHER AREAS OF UPDATE

13. As part of the presentation, there are further updates to the Community and Environment Overview and Scrutiny Committee regarding the broader themes of tackling knife crime, crime in prisons and Child Criminal Exploitation.

OPTIONS CONSIDERED

14. There are no specific options to consider, the report is for update and discussion.

REASONS FOR RECOMMENDED OPTION

15. The report is for update and discussion.

RISKS AND ASSUMPTIONS

17. Good quality performance management arrangements ensure that priorities are achieved and good quality services are delivered to the residents of Doncaster.

LEGAL IMPLICATIONS [Officer Initials NC Date 21/1/2020]

18. Section 17 of the Crime and Disorder Act 1998, places a duty on local authorities, the Police and other partners to exercise their functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent crime and disorder (including anti-social behavior and other behavior adversely affecting the local environment), the misuse of drugs, alcohol and other substances, and re-offending in its area.
19. The Police and Justice Act 2006 places a duty on local authorities to have a Crime and Disorder Committee to review and scrutinise at least once every 12 months, the activities of the local Crime and Disorder Reduction Partnership. That committee must also have the power to make reports and recommendations to the local authority in relation to the exercise of that function. The terms of the reference of Community and Environment (Crime and Disorder Committee) Overview and Scrutiny Panel confirm that it is for that Panel to undertake this work.

FINANCIAL IMPLICATIONS [Officer Initials...OB...Date...21/01/20]

20. There are no specific financial implications arising from this report.

HUMAN RESOURCES IMPLICATIONS [Officer Initials...BT... Date...20/01/20]

21. There are no specific Human Resource issues within this Report. Any staffing resources identified in necessary Service Reviews and /or funded new posts for job evaluation are coordinated within HR Partnership Meetings with the relevant Heads of Service and in line with the relevant policies and procedures for implementation.

TECHNOLOGY IMPLICATIONS [Officer Initials PW Date...21/01/20]

22. There are no specific Technology implications within this report.

HEALTH IMPLICATIONS [Officer Initials...HC...Date ...21/01/2020]

23. This report outlines the work plan to identify interventions to address crime within Doncaster's communities. Indirect long-term influences of exposure to crime can include the psychological and physical consequences of injury, victimisation and isolation due to fear. Without safe and secure communities, measures to encourage people to exercise, socialise or adopt more sustainable lifestyles (e.g. using public transport) are more likely to fail as people feel trapped in their houses and cars and unable to engage with local communities. Even broader economic inequalities can remain stubbornly entrenched when investment in the poorest communities by businesses and organisations is inhibited by risks of crime to staff and customers. It is recommended that interventions to address crime are co-produced with residents but based on research and evidence with ongoing evaluation to determine impact and inform future resourcing decisions. A wider system approach to the prevention of crime with approaches that focus on the primary prevention of crime and violence through reducing risk factors and promoting protective factors over the life course and the role of the built environment would be welcomed.

EQUALITY IMPLICATIONS [Officer Initials BH Date 21/01/20]

24. There is a wide range of information concerning the victims and perpetrators of crimes in Doncaster that underpin the data presented in this report. Specific groups and characteristics are more prevalent in specific crime types, examples include more women being victims of domestic abuse than men and significantly more men are accused of a crime than women.
- 24.1 This information is mainly held on age, gender and ethnicity and although some of this information is sensitive in nature the detail can be used to support decisions and the impact they may have on particular groups.

OVERVIEW & SCRUTINY WORK PLAN 2019/20

DONCASTER METROPOLITAN BOROUGH COUNCIL
FORWARD PLAN FOR THE PERIOD 1ST MARCH TO 30TH JUNE, 2020

The Forward Plan sets out details of all Key Decisions expected to be taken during the next four months by either the Cabinet collectively, The Mayor, Deputy Mayor, Portfolio Holders or Officers and is updated and republished each month.

A Key Decision is an executive decision which is likely:-

- (a) to result in the Local Authority incurring expenditure which is, or the making of savings which are, significant having regard to the Local Authority's budget for the service or function to which the decision relates; or
- (b) to be significant in terms of its effects on communities living or working in an area comprising two or more wards or electoral divisions in the area of the Local Authority;
- (c) any decision related to the approval or variation of the Policy and budget Framework that is reserved to the Full Council.

The level of expenditure/savings which this Authority has adopted as being financially significant are (a) in the case of the revenue budget, gross full-year effect of £250,000 or more b) in the case of capital budget, £1,000,000 or more in respect of a single project or otherwise across one financial year.or the decision has a significant impact on 2 or more wards.

Please note in addition to the documents identified in the plan, other documents relevant to a decision may be submitted to the Decision Maker. Details of any additional documents submitted can be obtained from the Contact Officer listed against each decision identified in this plan.

In respect of exempt items, if you would like to make written representations as to why a report should be considered in public, please send these to the contact officer responsible for that particular decision. Unless otherwise stated, representations should be made at least 14 days before the expected date of the decision.
