12 MINUTES OF THE ELECTIONS AND DEMOCRATIC STRUCTURES COMMITTEE MEETING HELD ON 23RD NOVEMBER 2021

RESOLVED that the minutes of the meeting held on 23rd November, 2021, be approved as a correct record and signed by the Chair.

13 2022 ELECTIONS UPDATE

The Committee received a report updating Members on the forthcoming South Yorkshire Mayoral Combined Authority Elections on Thursday 5th May 2022. It was noted that this would be the second time a Mayor will be elected for a four year term.

Preparations for the elections were outlined at paragraphs 10 to 15 of the report. In terms of polling stations for the elections, Appendix A to the report provided a draft list which was currently under review. It was reported that once all suitable arrangements have been sourced, members would be notified of the final proposals. A copy of the timetable of key dates was also provided at Appendix B to the report.

Members were also notified of a By-Election at High Melton Parish Council. Details of the preparations were highlighted at paragraph 16 of the report and if contested the election would take place on Thursday 17th March 2022.

In addition to the By Election, it was notified that the Rossington Neighbourhood Planning Referendum had also been scheduled to take place on the 17th March 2022. Details of the preparations were outlined within paragraph 17 of the report.

RESOLVED that the report be noted.

14 ANNUAL CANVASS OUTCOME

The Committee were provided with an update on the final outcome of the Annual Canvass and a detailed breakdown of the statistics for each Route.

Members were advised that the overall response rate for all three Route properties including those that did not need to respond was 91.85%, which was slightly down on previous years. However, due to Covid a foot canvass was not carried out the previous year so this was not a true comparison.

It was noted that the revised full annual Electoral Register was published on December 1st to meet the Electoral Registration Officer's statutory duty and the new electorate as of the 1st December 2021 was 227,875 electors, which had risen by 2,678 since the start of the canvass. A detailed breakdown by ward including postal vote breakdown was provided at Appendix A to the report.

In terms of the annual absent voters refresh detailed at paragraph 17 of the report, it was noted that letters and forms had been sent to 5,287 electors in Doncaster who were due to refresh their signatures. It was advised that electors have six weeks to return their refreshed signature forms. However, should they not reply then the elector will lose their entitlement to vote by post and will need to re-apply should they wish to remain a postal voter.

Following the update, the Electoral Services Manager answered a range of questions from members including the following:-

Councillor James Church made reference to the financial implications from the Cabinet office and asked what they were and had the Council made any savings with the new reform procedures in terms of the canvass. It was reported that the Council would normally be provided with funding which would pay for the canvass, IER and registration. However, this year funding has not been provided as it was felt that because there was such a large number at the first stage, there was no requirement to chase up to 4 times. In terms of savings, it had saved significantly particularly in terms of printing and postage.

The Council were looking at the savings that had been made this year and what it had cost for the canvass. That information would be fed back and examined to see if there were any opportunities to receive funding. However, Members were advised that Councils had been notified that funding would not be provided going forward as they will be able to meet the costs of the canvass within its own budget allocated internally. It was advised that the Council were meeting the cost at present. However, information was still been collated from the canvass and meetings would be taking place with finance in due course to ensure that those costs can be met. That information would be shared with Members in due course.

The Chair, Councillor Ian Pearson highlighted that the electorate had risen and suspected that this was due to the new properties being built. He asked whether officers were aware if the electorate would continue to rise as a direct impact from new properties over the next 12 months. It was reported that officers were working with South and West Yorkshire and holding meetings with engagement officers and outreach workers and housing was one the links that were being discussed. Information was being sought on new build projects and in terms of what stages they

were at. It was noted that Planning do provide elections with the information in terms of plots and the number of houses. However, information on the stages and when the properties become occupied was not available and work was continuing to seek that information. It was also noted that there were a number of agencies and partners involved in the meetings including Housing Associations and landlords that were discussed at the last meeting.

The Chair and Members thanked officers and all those who had contributed to the canvass.

RESOLVED that the report be noted.

RECOMMENDATIONS

3. This report is for information only. The Committee is asked to note the report and make any additional comments in relation to the contents.

WHAT DOES THIS MEAN FOR THE CITIZENS OF DONCASTER?

4. Having accessible and well-organised elections and referendums are key to public engagement in the democratic process. Elections are the cornerstone of our democratic process and are important to all of our residents. Elections give the electorate the opportunity to hold politicians to account and shape the future direction of national and local government.

BACKGROUND

5. Elections are a significant project, which are delivered by a small core team and large scheduled elections are supported by hundreds of individuals both internally across the Council and externally, who undertake various duties such as working at polling stations, processing postal votes and the counting of votes.

Rossington Neighbourhood Planning Referendum - 17 March 2022

6. A Neighbourhood Planning Referendum took place in the Rossington area, (Rossington Parish Boundary polling districts JC, JD, JE, JF, JG and JH). The eligible electorate was 10,840 electors of which 2862 were postal voters and of those, 1,039 postal votes (36.30%) were returned and personal identifiers correctly verified. A further 11 postal votes were rejected due to signature or date of birth not matching and those electors have been notified accordingly.
7. On polling day 150 (1.88%) electors cast their vote in the six polling stations, adding that to the postal votes, gave a total of 1,189 ballot papers verified and a total turnout of 10.97%.
8. The outcome of the Referendum was in favour of using the Neighbourhood Plan for Rossington to help decide planning applications in the neighbourhood area. A full breakdown of the results can be found below:

Results

9. The 'Question' asked in the referendum was:

Do you want Doncaster Metropolitan Borough Council to use the Neighbourhood Plan for Rossington to help it decide planning applications in the neighbourhood area?

	Number of Votes
Number of votes cast in favour of a 'YES'	1,058
Number of votes cast in favour of a 'NO'	124

South Yorkshire Mayoral Combined Authority Election – 5 May 2022

20. The South Yorkshire Mayoral Combined Authority (SYMCA) is a formal partnership of councils that shapes policy and leads on decision-making. Formed in 2014, the constituent members of the Mayoral Combined Authority are Sheffield, Rotherham, Barnsley and Doncaster Councils.
21. Like Doncaster’s elected Mayor the supplementary voting system was used, which means electors had two votes each at this election – one for their first choice candidate and one, if they wish to use it, for their second choice candidate.
22. There were 150 Polling stations used for this Election across the whole of Doncaster. Postal vote opening sessions returned to our usual venue of the Mary Woollett Centre and our usual count venue Doncaster Racecourse Exhibition Hall was used for the Verification and Counting of votes on Friday 6 May.
23. The total number of staffing positions allocated for these elections across all roles was approx. 700 in total. To avoid polling staff risking catching Covid-19, Polling and Count staff were trained remotely via Microsoft teams which once again proved successful and also created more interaction than the usual face to face training previously used pre covid.
24. Although Covid-19 restrictions were significantly reduced before these Elections, staff and voters health and safety remained a priority. Therefore, every Polling Station undertook a risk assessment and was equipped with plastic “sneeze” screens which were placed between polling staff and electors entering to vote. Staff were provided with face masks but were not required to wear them, individual hand sanitiser and hand sanitiser for voters. Those voting were not required to wear face coverings or socially distance in polling stations although not enforced we did recommended it.
25. There was an electorate of 228,596 of which 58,786 were postal voters. On polling day 17,190 (10.13%) electors cast their vote in the 150 polling stations across Doncaster and 28,315 (48.17%) voted by post. A further 508 postal vote packs were rejected due to the personal identifiers (signature and/or date of birth) not matching. A total of 45,505 ballot papers were verified giving a total turnout of 19.91% for the Doncaster area. The total electorate for the whole combined authority area was 1,003,993 giving a total overall turnout of 264,720 (26.37%).
26. Due to no candidate receiving more than 50% of the first preference votes, the count went to the second stage. All four Councils provided their totals to the Combined Authority Returning Officer who collated the results and Oliver James Coppard was duly elected as the Combined Authority Mayor.

27. Combined Results

Candidate Name	Candidate Description	Number of First Preference Votes	Number of second Preference Votes	Total Votes
BETTNEY, David	Social Democratic Party	10,177		
BILTCLIFFE, Simon David William Watson	Yorkshire Party	34,857		
COPPARD, Oliver James	Labour and Co-operative Party	112,517	30,959	143,476
OTTEN, Joseph (known as Joe)	Liberal Democrats	28,093		
WATKINSON, Clive	The Conservative Party Candidate	43,129	14,218	57,347
WHYMAN, Rebecca Louise (known as Bex)	The Green Party	32,322		

28. For a full breakdown of Doncaster's totals and rejected votes or the results for any of the elections/referendum are published on the Council's website:-

29. **Hatfield Town Council – Dunscroft Ward**

Due to a resignation a vacancy occurred and was advertised for a Town Councillor in Hatfield – Dunscroft Ward. Doncaster Council received the necessary request from at least ten electors within the Dunscroft Ward to fill the vacancy by election. Therefore, nominations open on Friday 22 July and close on Friday 29 July, if contested the election will take place on Thursday 25 August 2022.

At present there are 5,007 registered electors in Hatfield – Dunscroft Ward, of which 1,369 are postal voters. Should the election be contested there will be two polling stations into one double polling place. The cost of this election will be charged in full to Hatfield Town Council.

RISKS AND ASSUMPTIONS

33. Ensuring the necessary arrangements are in place to deliver well-run elections improve our reputation and meeting the Electoral Commission's Performance Standards.

LEGAL IMPLICATIONS [Officer Initials: SF Date: 29/06/2022]

34. The arrangements detailed in this report are designed to ensure compliance with a range of statutory duties including:
- Local Elections (Principal Areas) (England and Wales) Rules 2006, 2014, 2018
 - The Local Elections (Parishes and Communities) (England and Wales) Rules 2014, 2015, 2018
 - Representation of the People Acts 1983, 1985 and 2000
 - Electoral Registration and Administration Act 2013
 - The Neighbourhood Planning (Referendums) Regulations 2012, 2013, 2014
 - The Combined Authorities (Mayoral Elections) Order 2014, 2016, 2017, 2018, 2019

FINANCIAL IMPLICATIONS [Officer Initials: PH Date: 29/06/2022]

35. The costs associated with the Rossington NPR are claimed back by the Planning Department from Central Government. The cost of Parish by-

elections are claimed back from the Parish/Town Council. The costs associated with local Borough By-Elections are expected to be contained within existing budgets. The costs associated with the South Yorkshire Mayoral Combined Authority Election are claimed back in full from the South Yorkshire Mayoral Combined Authority.

HUMAN RESOURCES IMPLICATIONS

36. Human Resources implications have not been requested.

TECHNOLOGY IMPLICATIONS

37. Technology implications have not been requested.

HEALTH IMPLICATIONS

38. Health implications have not been requested.

EQUALITY IMPLICATIONS [Officer Initials: TB Date: 28/06/2022]

39. The Council has a duty to ensure Elections and Referendums are well managed to allow all eligible electors to freely vote by secret ballot ensuring freedom of expression and political debate by exercising their vote. The Council has worked hard to ensure that voting is accessible to all. A full Polling Places review was carried out in 2019 and full risk assessment reviews in 2021 to ensure all Polling Stations are compliant with the requirements of the Disability Discrimination Act 1995. All Polling Stations were supplied with tactile voting devices, large print elections stationery and magnifiers to assist the visually impaired. Ramps were provided to ensure access by wheelchair users and those with mobility issues. Presiding Officers were given guidance at their training session and provided with a handbook on how to assist electors to vote in the unlikely event that they were unable to access the Polling Station. Electors are also able to apply for a Postal Vote if they were unable to attend a polling station. Electoral Services continually review arrangements and look to improve these where possible.

Report

12 July 2022

**To the Chair and Members of the
ELECTIONS AND DEMOCRATIC STRUCTURES COMMITTEE**

ANNUAL CANVASS

EXECUTIVE SUMMARY

1. This report provides an update to Members on a number of key work streams being undertaken by the Electoral Services Team in relation to the Register of Electors and the preparations for the start of the Annual Canvass.

EXEMPT REPORT

2. N/A

RECOMMENDATIONS

3. The Committee is asked to note the report and make any additional comments in relation to the contents.

WHAT DOES THIS MEAN FOR THE CITIZENS OF DONCASTER?

4. Ensuring the Electoral Register is as up to date as possible and carrying out proactive electoral activity is key to public engagement to ensure residents are registered to enable them to vote when an election occurs.

BACKGROUND

5. Each year the Electoral Registration Officer (ERO) has a duty to carry out a full annual review of the Electoral Register by contacting all residential addresses to establish if the information currently held on the Electoral Register is complete and accurate, this is called the Annual Canvass. The purpose of the canvass is to identify everyone who should be on the electoral register. This means identifying citizens who should be registered but are currently not, as well as identifying electors who are no longer at a property and should therefore be removed from the register. A revised

version of the electoral register must be published by 1 December each year, following the conclusion of the annual canvass.

6. With the introduction of the canvass reforms in 2020, only properties where all the electors cannot be matched against national and/or local data are required to respond. The overall aim of canvass reform is to deliver a more efficient system by which Electoral Registration Officers (EROs) can maintain their electoral registers with no negative effect on citizens, or on the accuracy and completeness of the registers.

ANNUAL CANVASS

7. The canvass will incorporate a 'data step' at the outset of the process. This will inform the ERO, based on the data available, which properties are likely to have an unchanged household composition, based on matching data on the electoral register against national Government data and, where relevant, locally held data sources. Local datasets are available to the ERO under their existing powers, provided by Regulations 23, 35 and 35A of the Representation of the People (England and Wales) Regulations 2001.
8. The ERO will then follow one of two routes for each property:
Route 1 - the matched properties route, this will be used for properties where the data indicates no change in household composition.
Route 2 - the unmatched properties route, this will be used for properties where data matching has highlighted that there may be a change to the information the ERO currently holds for the property.
9. All those electors in Route 1 properties will be contacted during the canvass to allow them the opportunity to inform the ERO if there are any changes. However, if all details are correct when we contact them they need not respond and they will not be chased several times like under the old canvass system.
10. All those in Route 2 that have not been successfully data matched will also be contacted, however all these properties will require a response and any non-responders will be chased and then personally canvassed via phone and/or visit.
11. All Route 1 and Route 2 properties will have been contacted via letter and/or e-mail by the end of July.
12. A third route, **Route 3** - the defined properties route, will be available for property types which do not fit clearly within Routes 1 and 2. The characteristics of these property types mean that the ERO can more effectively and efficiently obtain information on residents using an alternative approach, where they are able to identify a 'responsible person' to provide the information in respect of all residents. Examples of these property types are care homes and student halls of residence. Should the ERO be unable to successfully obtain information about the property from a 'responsible person' they will need to canvass these property types using the Route 2 process.

Statistics

13. The National data matching process must take place between 1 June to 31 August 2022 and Electoral Services carried out the National data match download on 23 June 2022 and were provided with the results on 27 June 2022. There are currently 227,383 registered electors and 142,519 properties in Doncaster and 110,867 (77.79%) properties successfully matched from the initial National data matching download for Route 1.
14. Electoral Services are now data mining in order to try to match any further properties and electors using the Councils local datasets and will continue to request data to establish further matches at Route 1, any outstanding unmatched properties will be put into Route 2.

OPTIONS CONSIDERED

15. Electoral Registration is a statutory function and must be carried out in accordance with statutory requirements.

REASONS FOR RECOMMENDED OPTION

16. All of the above are statutory duties and must be carried out in accordance with statutory requirements. This report is primarily for information only.
