

**To the Chair and Members of the
HEALTH AND WELLBEING BOARD**

**REPORT FROM THE HEALTH AND WELLBEING BOARD STEERING
GROUP AND FORWARD PLAN**

EXECUTIVE SUMMARY

1. The purpose of this report is to provide an update to the members of the Health and Wellbeing Board on the work of the Steering Group to deliver the Board's work programme and also provides a draft forward plan for future Board meetings.

WHAT DOES THIS MEAN FOR THE CITIZENS OF DONCASTER?

2. The work programme of the Health and Wellbeing Board has a significant impact on the health and wellbeing of the Doncaster population through the Joint Health and Wellbeing Strategy, the Joint Strategic Needs Assessment, system management and any decisions that are made as a result of Board meetings.

EXEMPT REPORT

3. N/A

RECOMMENDATIONS

4. That the Board RECEIVES the update from the Steering Group, and CONSIDERS and AGREES the proposed forward plan at **Appendix A**.

PROGRESS

5. At the first full Board meeting on 6th June 2013, Board members agreed that there would be a Health and Wellbeing Officer group to provide regular support and a limited support infrastructure to the Board. In March 2016 this support was changed to a steering group.

The Steering group has had one meeting since the last Board in January 2017 and can report the following:

- **Joint Strategic Needs Assessment (JSNA) 2017**

The Health and Wellbeing Board needs to commission the 2017 JSNA. It is recommended that the 2017 JSNA is co-ordinated by the HWB steering group and consists of three broad areas of work.

1. A stocktake of the health of Doncaster people and communities using the 3 national outcome frameworks i.e. NHS outcome framework, Adult Social Care outcome framework and the Public Health outcome framework.

2. A number of discreet work packages addressing key questions or hypotheses, including:

- What is driving low healthy life expectancy and what might we do about it?
- What is happening with life expectancy in Doncaster and what might we do to improve it?
- What is the role of Adverse Childhood experiences on healthy life expectancy and life expectancy and how might these be prevented and ameliorated?
- Why is childhood poverty increasing, what should our response be?

3. Develop an open data repository as a mechanism to share health and wellbeing data and analyses for Doncaster with partners and the public.

- **Health-led Work and Health Unit trial**

The approval of the health led trial with the Work and Health Unit is still awaited. Locally work has continued to propose Individual Placement Support should be tested alongside social prescribing, Improving Access to Psychological therapies (IAPT) services and musculoskeletal services.

- **Doncaster Festival of Research 2017**

The Health and Wellbeing Board is supporting a Doncaster research festival week commencing 16th October 2017. The format is in development but will include events across Doncaster and across all sectors. Board members are asked to note this and nominate a key contact to develop this further.

- **Doncaster CCG Primary Care Committee**

The HWB has a seat on the CCG's primary care committee. The current representative Dr Suckling is unable to fulfil this role and the Board is asked to consider nominating a different representative.

- **Pharmaceutical Needs Assessment**

One of the statutory duties of the Health and Wellbeing Board is to produce a PNA. Under the current regulations the PNA will need to be updated by 1st April 2018. It is proposed that a South Yorkshire approach is taken wherever possible to produce the next PNA.

- **Governance**

The Health and Wellbeing Board steering group is reviewing the governance of the various boards and groups that report to it and to the HWB. A further report will be brought in June.

- **Forward Plan for the Board.**

This is attached at **Appendix A.**
