RISKS AND ASSUMPTIONS

15. To maximise the effectiveness of the Overview and Scrutiny function it is important that the work plan is manageable and that it accurately reflects the broad range of issues within its remit. Failure to achieve this can reduce the overall impact of the function. National research has identified that over ambitious work plans that include too many items are a common cause of frustration for Scrutiny Members as they fail to achieve any outcomes. The work plan will continue to be reviewed at each ordinary meeting and officers will advise on the capacity available to undertake any additional work. This provides an opportunity to ensure work plans can be regularly monitored and reviewed.

HEALTH IMPLICATIONS (RS 27/02/2018)

20. The Overview and Scrutiny Management Committee can perform a key role in the council's adoption of a health in all policies approach.

All areas of the committee's work plan can impact on health and it is important that the health implications of each item are considered separately given that 20% of what contributes to health is from clinical care, 30% from healthy behaviours, 40% from socio-economic factors and 10% from the built environment.

EQUALITY IMPLICATIONS (CDR 12th February 2018)

21. This report provides an overview on the work programme and there are no significant equality implications associated with the report. Within its programme of work Overview and Scrutiny gives due consideration to the extent to which the Council has complied with its Public Equality Duty and given due regard to the need to eliminate discrimination, promote equality of opportunity and foster good relations between different communities.
