RECOMMENDATIONS

3. That the Board RECEIVES the update from the Steering Group, and CONSIDERS and AGREES the proposed forward plan at Appendix A.

WHAT DOES THIS MEAN FOR THE CITIZENS OF DONCASTER?

4. The work programme of the Health and Wellbeing Board has a significant impact on the health and wellbeing of the Doncaster population through the Health and Wellbeing Strategy, the Joint Strategic Needs Assessment, system management and any decisions that are made as a result of Board meetings.

BACKGROUND

5. At the first full Board meeting on 6th June 2013, Board members agreed that there would be a Health and Wellbeing Officer group to provide regular support and a limited support infrastructure to the Board. In March 2016 this support was changed to a steering group.

The Steering group has had two meetings since the last Board in March 2018 and can report the following:

Motor Neurone Disease Charter

At Full Council in January the chair of the Health and Wellbeing Board announced that the Council was minded to sign up to the above charter and officers have been instructed to place a decision on the forward plan. This is expected to be signed by early July 2018. The Board of Rotherham Doncaster and South Humber NHS Foundation Trust (RDaSH) have already

signed the charter and other partners are asked for an update on progress.

Working Win – the health led employment trial

The Health-led Employment Trial has begun across South Yorkshire and is testing a new employment support service for people with a health condition. The trial aims to find out how effective this new service is at helping people to find and stay in work. Working Win offers:

- One-to-one support to suit individual needs and employment goals
- Working with the individual and their health care team to manage any difficulties
- Help finding a job if individuals are not in paid employment, and continued support once in work
- Help to continue working with a health condition
- Benefits advice to find out if work could increase incomes
- Help talking to employers about specific needs at work
- Meetings over the phone or in person at a convenient location

How does the trial work?

The Health-led Employment Trial is a randomised control trial, meaning people who take part will be randomly placed into one of two research groups. One group will receive the new services and the other group will be provided with information about existing services in their area.

Who is the trial for?

- People with a mental health and/or physical health condition
- People who are out of work and want to work; or working and want support to continue working
- People registered with a GP in Barnsley, Bassetlaw, Doncaster, Rotherham or Sheffield.
- People aged 18+ at the time of referral

How to get involved?

To find out more information please speak to your GP or local health professional or to contact the Health-led Employment Trial team directly, please visit www.workingwin.com or ring us on 0114 290 0218.
