Dear sirs

Please take this as an objection to a license being granted to the above for the following reasons:-

- 1 . Noise from live music being proposed both inside and out.
2. Traffic congestion in the village which is problematic now. Dustbin Lorries are unable to get through on some days due to parked cars so goodness knows how a fire engine would manage - 3. Health and safety reasons, see no. 2 4. Possible public disorder around the surrounding areas.
