**Subject:** Re: The Barn, Loversall Farm (our ref WK/218006369)

Hi there

Here follows my full representation regarding my objection  
Me or my family have lived in loversall for over 40 years and personally I have never complained or objected to any proposal regarding the village  
But this time I feel compelled to do so

Having not objected to the nursery or the wedding venue ,in retrospect I wish I had  
But that is past and I cannot change that,  
In conjunction with the other 2 this proposal  
Far from rejuvenating the social fabric of this village  
makes it less like the quintessential English Village  
And more like the Pit village we're I lived when I first got married  
I am certainly no snob but since the wedding venue opened there has been a  
serious of drunken behaviour near my house  
Not to mention the noise.

A few Saturdays ago I was out with my dog we're I watched 2 people  
Whom I believe were connected to the wedding venue come to the house next door  
Swedish timbers We're there is a tall nook near the gate so can't be seen and what  
appeared to sound like they were having sex

Regularly there is shouting and swearing while people wait for taxis  
And also there are always people drinking outside When wether is warmer  
And I have seen seen people urinating .

Last Saturday there appeared to be a party on land nearby that is owned by the lees  
The village was full of definitely under age people carrying lots of alcohol  
And I saw mister Lee in his truck waving a. Bottle of beer and shouting  
You May Say that is nothing to do with the venue But it absolutely is when the  
person engaged in these activities wants to turn it into for all extensive purposes a  
public house

A pub next to a nursery Surly sends out the wrong message  
Make no mistake the applicant may be Mrs Lee, And that's because mr Lee would  
never get a License

It may sound to all that I don't like the lees And that's probably correct but that has  
no bearing on why I think the license should be granted

After all this is a conservation. Village And as such the council quite rightly controls  
the aesthetic look of the village So who may I ask looks after the social side  
Well the answer is nobody

If the object of conservation is to uphold the traditions values and looks of a village  
that dates back nearly a thousand years How does extending the drinking times  
Fit with the heritage and history of loversall

I'm all for making business work I have my own company But I would never put profit before the well being And thought for my neighbours  
It's all about the money with them They care nothing for anyone else

If it was someone doing this next to their house It would be a different matter I'm sure

I thank you for your time in listening to my views  
Thank you  
Mr and Mrs Mills
