### **BACKGROUND**

5. At the first full Board meeting on 6th June 2013, Board members agreed that there would be a Health and Wellbeing Officer group to provide regular support and a limited support infrastructure to the Board. In March 2016 this support was changed to a steering group.

The Steering group has had one meeting since the last Board in June 2018 and can report the following:

## **Doncaster Clinical Commissioning Group Primary Care Committee**

The Health and Wellbeing Board has the opportunity to sit on the Doncaster CCG Primary Care Committee. Nominations are welcome for Board members who want to fulfil this role. Nominations to Jonathan Goodrum by 19<sup>th</sup> September 2018.

### **Work and Health**

The Doncaster Local Integration Board (LIB) has been operational now for just over 6 months. It was created as a requirement of the Working Win Programme, and will become the umbrella board for all employment (including employment and health) related activity in Doncaster. Its purpose is to ensure that Doncaster's health and employment systems are integrated by supporting the work of member organisations to respond to the needs and issues present within the local economy and labour market. Building from the Stronger Families Board, the LIB includes all the main partner organisations plus South Yorkshire Housing Association who are delivering Working Win and Reed in partnership who deliver the Work and Health Programme. The LIB is currently focussed on the performance of the two main contracts, the integration of a range of employment programmes and the services that support activity through a service directory.

Working Win offers:

- One-to-one support to suit individual needs and employment goals
- Working with the individual and their health care team to manage any difficulties
- Help finding a job if individuals are not in paid employment, and continued support once in work
- Help to continue working with a health condition
- Benefits advice to find out if work could increase incomes
- Help talking to employers about specific needs at work
- Meetings over the phone or in person at a convenient location

How does the trial work?

The Health-led Employment Trial is a randomised control trial, meaning people who take part will be randomly placed into one of two research groups. One group will receive the new services and the other group will be provided with information about existing services in their area.

Who is the trial for?

- People with a mental health and/or physical health condition
- People who are out of work and want to work; or working and want support to continue working
- People registered with a GP in Barnsley, Bassetlaw, Doncaster, Rotherham or Sheffield.
- People aged 18+ at the time of referral

How to get involved?

To find out more information please speak to your GP or local health professional or to contact the Health-led Employment Trial team directly, please visit [www.workingwin.com](http://www.workingwin.com) or ring us on 0114 290 0218.

Health partners are asked to consider who is best placed to support the integration between health and employment sectors.
