	Mental Health	
	Dementia	
	Obesity	
	Children and Families	
Joint Strategic Needs Assessment		x
Finance		
Legal		
Equalities		x
Other Implications (please list)		

How will this contribute to improving health and wellbeing in Doncaster?
Evidence suggests that reducing health inequalities improves life expectancy and reduced disability for the population overall i.e. more equal societies are healthier societies.

Recommendations
That the Health and Well Being Board consider the information presented and agree to a bi-annual update on health inequalities. Specifically, a progress report in November and a deep dive discussion in June looking at health inequality alongside the Board's outcome framework.
