Dear Andrew,

Invitation to Submit a Solicited Application – Doncaster Council | Doncaster Cycle Circuit Project

I am writing to confirm the outcome of our recent discussions with your organisation and British Cycling relating to the Doncaster Cycle Circuit Project proposals for the site at Doncaster Dome, Doncaster Lakeside, Bawtry Road.

Having reviewed the proposals for your project, Sport England would like to formally invite you to apply for funding as part of the 'Places to Ride' Trailblazer programme under the 'invited bids process'. The programme will deliver a facilities legacy as a result of the 2019 UCI Road World Championships; seeking to inspire more people to ride, connecting communities through cycling and delivering a lasting community legacy.

You have been invited to apply for investment as it is felt that your project has the potential to contribute to the programme objectives and aspirations as well as offering a learning opportunity and unique alignment to the Yorkshire 2019 event.

All applications for funding, whether invited or received through an open bidding process, are subject to a consistent and rigorous assessment and decision-making process. There is, therefore, no guarantee that Sport England will support your project.

Sport England will continue to work with the Doncaster Council's project team to develop your project and advise you on completing the application form and submitting the additional project information. Andy Pearson will be your main point of contact for the project.

You will receive an email outlining the submission requirements for the project including the application form and an action plan template. The evidence required and the timeframe for submission will be agreed with your project contact.

If you have any queries relating to the submission of your application, please do not hesitate to contact Andy on 07917 886346.

Yours sincerely
redaction
