

Doncaster Council

Agenda Item 7
17th January 2019

To the Chair and Members of the HEALTH AND WELLBEING BOARD

REPORT FROM THE HEALTH AND WELLBEING BOARD STEERING GROUP AND FORWARD PLAN

EXECUTIVE SUMMARY

1. The purpose of this report is to provide an update to the members of the Health and Wellbeing Board on the work of the Steering Group to deliver the Board's work programme and also provides a draft forward plan for future Board meetings.

EXEMPT REPORT

2. N/A

RECOMMENDATIONS

3. That the Board RECEIVES the update from the Steering Group, and CONSIDERS and AGREES the proposed forward plan at **Appendix A**.

WHAT DOES THIS MEAN FOR THE CITIZENS OF DONCASTER?

4. The work programme of the Health and Wellbeing Board has a significant impact on the health and wellbeing of the Doncaster population through the Health and Wellbeing Strategy, the Joint Strategic Needs Assessment, system management and any decisions that are made as a result of Board meetings.

BACKGROUND

5. At the first full Board meeting on 6th June 2013, Board members agreed that there would be a Health and Wellbeing Officer group to provide regular support and a limited support infrastructure to the Board. In March 2016 this support was changed to a steering group.

The Steering group has had one meeting since the last Board in November 2018. It is refocussing to ensure progress on the Health and Wellbeing Strategy and key Board priorities including health inequalities, loneliness/social isolation, oral health, the areas of focus (alcohol, obesity, dementia, and mental health) and prevention. Key updates include:

NHS Long Term Plan

The NHS Long Term Plan was published on 7th January 2019. The plan intends to deliver for patients over the next 10 years.

Making sure everyone gets the best start in life	<ul style="list-style-type: none">• reducing stillbirths and mother and child deaths during birth by 50%• ensuring most women can benefit from continuity of carer through and beyond their pregnancy, targeted towards those who will benefit most• providing extra support for expectant mothers at risk of premature birth• expanding support for perinatal mental health conditions• taking further action on childhood obesity• increasing funding for children and young people's mental health• bringing down waiting times for autism assessments• providing the right care for children with a learning disability• delivering the best treatments available for children with cancer, including CAR-T and proton beam therapy.
Delivering world-class care for major health problems	<ul style="list-style-type: none">• preventing 150,000 heart attacks, strokes and dementia cases• providing education and exercise programmes to tens of thousands more patients with heart problems, preventing up to 14,000 premature deaths• saving 55,000 more lives a year by diagnosing more cancers early• investing in spotting and treating lung conditions early to prevent 80,000 stays in hospital• spending at least £2.3bn more a year on mental health care• helping 380,000 more people get therapy for depression and anxiety by 2023/24• delivering community-based physical and mental care for 370,000 people with severe mental illness a year by 2023/24.
Supporting people to age well	<ul style="list-style-type: none">• increasing funding for primary and community care by at least £4.5bn• bringing together different professionals to coordinate care better• helping more people to live independently at home for longer• developing more rapid community response teams to prevent unnecessary hospital spells, and speed up discharges home.• upgrading NHS staff support to people living in care homes.• improving the recognition of carers and support they receive• making further progress on care for people with dementia• giving more people more say about the care they receive and where they receive it, particularly towards the end of their lives.

The mechanisms for delivering this include:

1. **Doing things differently:** we will give people more control over their own health and the care they receive, encourage more collaboration between GPs, their teams and community services, as 'primary care networks', to increase the services they can provide jointly, and increase the focus on NHS organisations working with their local partners, as 'Integrated Care Systems', to plan and deliver services which meet the needs of their communities.
2. **Preventing illness and tackling health inequalities:** the NHS will increase its contribution to tackling some of the most significant causes of ill health, including new action to help people stop smoking, overcome drinking problems and avoid Type 2 diabetes, with a particular focus on the communities and groups of people most affected by these problems.
3. **Backing our workforce:** we will continue to increase the NHS workforce, training and recruiting more professionals – including thousands more clinical placements for undergraduate nurses, hundreds

more medical school places, and more routes into the NHS such as apprenticeships. We will also make the NHS a better place to work, so more staff stay in the NHS and feel able to make better use of their skills and experience for patients.

4. **Making better use of data and digital technology:** we will provide more convenient access to services and health information for patients, with the new NHS App as a digital 'front door', better access to digital tools and patient records for staff, and improvements to the planning and delivery of services based on the analysis of patient and population data.
5. **Getting the most out of taxpayers' investment in the NHS:** we will continue working with doctors and other health professionals to identify ways to reduce duplication in how clinical services are delivered, make better use of the NHS' combined buying power to get commonly used products for cheaper, and reduce spend on administration.

Local plans for 2019/20 will need to be published by April 2019, with local 5 year plans published in the autumn.

Gambling

Work continues to reduce harms from problem gambling. Key developments include

- Doncaster Council has adopted a new Statement of Licensing Policy adding the Director of Public Health as a consultee for all new betting places and including public health messages.
- Questions on gambling have been added to the Pupil Lifestyle Questionnaire used by Doncaster schools.
- Training provided by Newport CAB to frontline staff is being evaluated
- Young Gambler's Education Trust (YGAM) offering free training for frontline staff in Leeds or local training depending on interest.
- Discussions underway to use a protected learning event for clinical staff to raise awareness.
- Approval for NHS provided gambling clinic in Leeds confirmed
- Consultation on new National Responsible Gambling Strategy underway as the current one comes to an end in March 2019.
- Fixed Odds Betting Terminals stake reduced from 1st April 2019.

Well North/Well Doncaster

Well Doncaster continues to develop and support community capacity building. The 2017/18 annual report is attached. Key success include

- Over £1m of additional resources brought into the Borough through People's Health Lottery, Big Lottery, European Social Fund, Esme Fairburn, Arts Council England, Sport England and Reaching Communities.

- Progress on enterprise, recycling and allotments.
- Supporting local leaders; new 6 groups helped to constitute by Well Doncaster,
- Library; 12 local volunteers, 300 monthly visitors and 48 hrs computer usage, 212 registered members, 127 active users. Space hosts school visits, social groups and other services
- Denaby Reads; Since April 2017, 28 adults supported to read/write on 1:1 basis. Engaging parents at schools & Family Hub
- Bumping Space; 158 attendance per month offering and receiving peer support across three days. Additional funding from People's Health Lottery and constituted a 'Friends Of'
- Generalist advice; Over 688 people accessed generalist advice since Jan 2016 around debt, housing and benefits
- Get Denaby Enterprising: over 90 people engaged with service, 46 people completed courses, 22 people received start up grant and 30 people registered and trading
- Building Better Opportunities: Since March 2017 coaches working with 42 people, 6 have gone on to access training and 6 into employment
- b:Friend: Average 21 people attending weekly befriending sessions and local people volunteering to befriend
- Darling Buds of Denaby: 24 people per week at locally-led social group (savings club, trips, music, games, laughter!)
- Community Mural: 8 community workshops and 10 volunteers supporting the painting of a 30m mural in the heart of the community
- Third Sector Development: quarterly workshops with 15 anchor organizations from across the Doncaster with the focus to develop networks and joint working

Next steps include sustainability in Denaby & Conisbrough and developing the approach in new 'Well Doncaster' areas Stainforth, Edlington, Bentley and Central.

New mental health support in schools and colleges and faster access to NHS care

Doncaster has been successful securing trailblazer status for two of children and young people's mental health programme's national commitments.

1. Establishing new Mental Health Support Teams (MHSTs) – to develop models of early intervention on mild to moderate mental health issues, such as exam stress, behavioural difficulties or friendship issues, as well as providing help to staff within a school and college setting. The teams will act as a link with local children and young people's mental health services and be supervised by NHS staff
2. Trialling a four-week waiting time for access to specialist NHS children and young people's mental health services, building on the expansion of NHS services already underway.

South Yorkshire and Bassetlaw Shadow Integrated Care System Collaborative Partnership Board

The minutes from the October 2018 meeting are attached for information.

Forward Plan

The Forward Plan for 2019 is presented for debate, discussion and agreement.

OPTIONS CONSIDERED
