

Doncaster Council

Agenda Item No. 7
Date: 14 March 2019

To the Chair and Members of the HEALTH AND WELLBEING BOARD

REPORT FROM THE HEALTH AND WELLBEING BOARD STEERING GROUP AND FORWARD PLAN

EXECUTIVE SUMMARY

1. The purpose of this report is to provide an update to the members of the Health and Wellbeing Board on the work of the Steering Group to deliver the Board's work programme and also provides a draft forward plan for future Board meetings.

EXEMPT REPORT

2. N/A

RECOMMENDATIONS

3. That the Board RECEIVES the update from the Steering Group, and CONSIDERS and AGREES the proposed forward plan at Appendix A.

WHAT DOES THIS MEAN FOR THE CITIZENS OF DONCASTER?

4. The work programme of the Health and Wellbeing Board has a significant impact on the health and wellbeing of the Doncaster population through the Health and Wellbeing Strategy, the Joint Strategic Needs Assessment, system management and any decisions that are made as a result of Board meetings.

BACKGROUND

5. At the first full Board meeting on 6th June 2013, Board members agreed that there would be a Health and Wellbeing Officer group to provide regular support and a limited support infrastructure to the Board. In March 2016 this support was changed to a steering group.

The Steering group has had one meeting since the last Board in January 2019. It is refocussing to ensure progress on the Health and Wellbeing Strategy and key Board priorities including health inequalities, loneliness/social isolation, oral health, the areas of focus (alcohol, obesity, dementia, and mental health) and prevention. Key updates include:

Arts and Health

The Arts & Health Project Board have secured investment for a sequence of pilot programmes to test how Arts on Prescription can work for Doncaster. The pilots focus on three health priorities:

1. Improving wellbeing of adults with long term mental health conditions
2. Improving levels of physical activity in older people
3. Improving wellbeing of adults living with dementia and their carers

National evidence demonstrates that arts and culture have a successful role to play in addressing these health priorities. The focus for our pilots is to find the most effective models for Doncaster.

Partners from Arts & Culture and Health & Social Care have worked closely together to design the pilots and engage academic partners to evaluate success. Investment has come from Doncaster CCG and Public Health matching funds from Big Lottery, Spirit of 2012, Sport England and Arts Council England.

Activity began last autumn with Dance On, a borough wide programme using dance to improve physical activity and reduce falls, specifically targeting older women. Dance On is part of a national pilot with One Dance UK, Yorkshire Dance and Leeds University.

Over the spring and summer this year further pilots are beginning in Edlington, Askern and Mexborough with artists and other professionals from Cast, darts and Heritage Services working alongside primary and community care practitioners to support adults with long term mental health conditions.

Our aim over the next two years is to gather the evidence and understanding needed to create scalable, sustainable models which can make arts on prescription available to residents across the borough. This is an ambitious target and Doncaster is one of a very few areas in the UK to be testing arts on prescription at this scale and breadth.

Research City

On the 8th February Doncaster hosted Prof Chris Whitty the Deputy Chief Medical Officer and chief scientific advisor to the Department of Health and Social Care together with his team. Prof Whitty was joined by the representatives from the Yorkshire and Humber Clinical Research Network and key local researchers. Over the course of the day we showcased work on offender health, community research approaches including adult social care, the opening of Community Clinical Research Facility at Rotherham Doncaster and South Humber NHS Foundation Trust (RDaSH). The visit showed how Doncaster was ready to undertake a broad range of health and social research. The next development is to undertake a research prioritisation exercise and commence the process of submitting research bids either as part of a consortium or on our own.

Recovery City

As a result of the presentation at the Board last year work has continued on Recovery Cities. This has included support to South Yorkshire Police on their approach to addressing Novel Psychoactive Substances (NPS) along with working closely with colleagues in Gothenburg and Vienna. The April Health and Wellbeing Board workshop will focus on this agenda and we will look to host an international learning event in August, immediately before the Recovery Games.

South Yorkshire and Bassetlaw Shadow Integrated Care System Collaborative Partnership Board

There has been no meeting since the last Health and Wellbeing Board.

Forward Plan

The Forward Plan for 2019 is presented for debate, discussion and agreement.

OPTIONS CONSIDERED

REASONS FOR RECOMMENDED OPTION

7. None

IMPACT ON THE COUNCIL'S KEY OUTCOMES

- 8.

	Outcomes	Implications
	<p>Doncaster Working: Our vision is for more people to be able to pursue their ambitions through work that gives them and Doncaster a brighter and prosperous future;</p> <ul style="list-style-type: none">• Better access to good fulfilling work• Doncaster businesses are supported to flourish• Inward Investment	<p>The Health and Wellbeing Board will contribute to this priority</p>
	<p>Doncaster Living: Our vision is for Doncaster's people to live in a borough that is vibrant and full of opportunity, where people enjoy spending time;</p>	<p>The Health and Wellbeing Board will contribute to this priority</p>

	<ul style="list-style-type: none"> • The town centres are the beating heart of Doncaster • More people can live in a good quality, affordable home • Healthy and Vibrant Communities through Physical Activity and Sport • Everyone takes responsibility for keeping Doncaster Clean • Building on our cultural, artistic and sporting heritage 	
	<p>Doncaster Learning: Our vision is for learning that prepares all children, young people and adults for a life that is fulfilling;</p> <ul style="list-style-type: none"> • Every child has life-changing learning experiences within and beyond school • Many more great teachers work in Doncaster Schools that are good or better • Learning in Doncaster prepares young people for the world of work 	The Health and Wellbeing Board will contribute to this priority
	<p>Doncaster Caring: Our vision is for a borough that cares together for its most vulnerable residents;</p> <ul style="list-style-type: none"> • Children have the best start in life • Vulnerable families and individuals have support from someone they trust • Older people can live well and independently in their own homes 	The Health and Wellbeing Board will contribute to this priority
	<p>Connected Council:</p> <ul style="list-style-type: none"> • A modern, efficient and flexible workforce • Modern, accessible customer interactions • Operating within our resources and delivering value for money • A co-ordinated, whole person, whole life focus on the needs and aspirations of residents • Building community resilience and self-reliance by connecting community assets and strengths • Working with our partners and residents to provide effective leadership and governance 	The Health and Wellbeing Board will contribute to this priority

RISKS AND ASSUMPTIONS

9. None

LEGAL IMPLICATIONS

10. No legal implications have been sought for this update paper.

FINANCIAL IMPLICATIONS

11. No financial implications have been sought for this update paper.

HUMAN RESOURCES IMPLICATIONS

12. No human resources implications have been sought for this update paper.

TECHNOLOGY IMPLICATIONS

13. No technology implications have been sought for this update paper.

HEALTH IMPLICATIONS

14. There are no additional health implications in this report.

EQUALITY IMPLICATIONS

15. The primary care committee and the Working Win approach both address the needs of some of the most vulnerable people in Doncaster. Assessing the impact of these approaches will be important.
