When it comes to the tourism and visitor economy, Doncaster means business.

Whether it’s creating new jobs, supporting investment or simply providing a great experience to our residents and visitors, we’re serious about getting it right. This is why we’re developing our first Visitor Economy Strategy that sets out our plans and commits Doncaster Council and its partners to achieve fantastic growth at a fast rate.

There has never been a more important time to lead transformational investments within the leisure and cultural sector. We live in an age where interconnectivity by road, rail and air means people have a broader range of options on how and where to spend their leisure time. As a result, the tourism industry has become an ever increasingly competitive market, one in which Doncaster needs to have a clear plan of how we can compete with other areas by targeting and improving our offer to where the demand lies.

We are proud of Doncaster and its assets and we’re here to achieve more.

Our objectives within this strategy outline a clear vision for Doncaster’s visitor economy; quality destinations, a captivating mix of events and a diverse culture and heritage offer coupled with accessibility and local engagement resulting in longer stays and enhanced economic and societal benefits.

Working in partnership to deliver the exciting projects that underpin these objectives will help achieve our inclusive growth ambition to ensure all Doncaster’s people and places can participate in a growing, productive economy and feel the benefit of doing so.

This Visitor Economy Strategy will have a major impact on the borough and its residents, creating and sustaining jobs and growth and improving Doncaster as a place to learn, work, live and care.

Ros Jones, Mayor of Doncaster
INTRODUCTION

During the past five years, Doncaster has developed an increasing reputation as a quality visitor destination. This has been achieved by a marked improvement in the quality of the visitor economy offer, investment in key attractions and overnight accommodation and by the co-ordination and package led marketing approach contributed by use of social media channels and video.

Doncaster has a solid base upon which to build on, covering a mix of natural and developed visitor attractions which attract a broad cross section of the local, national and international community.

The ‘Doncaster Growing Together’ (DGT) borough strategy identifies four inter-related themes of activity for the period 2017-2021 in which the visitor economy is closely aligned particularly in the living and working theme;

- Living in a place that is vibrant and full of opportunity here people enjoy spending time.
- Working in ways that create purpose and meaning and allow more people to pursue their ambitions.
- Learning that prepares all children and young people for a life that is fulfilling.
- Caring together for the most vulnerable in our communities.

Doncaster Market dates back almost 2000 years and is still known as one of the best fresh produce markets in the UK. The Mansion House is one of only three original Georgian mansion houses in the country. Doncaster Racecourse is home to the St Leger – the world’s oldest classic horse race; and the neighbouring St Leger Yearling Sales is the oldest Bloodstock Sales in the UK.

Doncaster Minster not only offers guided tours and educational visits but as an event venue, most recently providing a perfect backdrop for the Museum of the Moon Exhibition – brought to Doncaster by Right Up Our Street, attracting over 16,000 visitors.

Cusworth Hall and Museum is an 18th century house set in extensive landscaped parklands and Conisbrough Castle is a fine example of Norman Castle architecture. Brodsworth Hall and Gardens provides a glimpse of a Victorian life in a country house. The Mansion House, one of only three in the country, now proudly hosts regular open days and afternoon teas contributing to the unique selling points that Doncaster truly enjoys.
ARTS & CULTURE

Cast theatre provides high-quality artistic experiences including drama, comedy, dance, and musical performances while more intimate venues in the form of Doncaster’s Little Theatre and the Phoenix Theatre in Bawtry host regular film nights and Folk and Blues evenings.

Other cultural offerings include darts (Doncaster Community Arts) and The Point which host world class exhibitions, Delicious Doncaster Food & Drink Festival, Doncaster Pride, and the neo-Victorian science fiction Steampunk events.

Doncaster Creates is the new project dedicated to increasing and profiling the wealth of distinctive arts and cultural activity in Doncaster from 2020, enabling visitors and residents to experience world class art, produced locally and touring.
SPORT AND OUTDOOR ACTIVITIES

Doncaster has a rich and diverse offer for those wanting to take part in sport and leisure activities as a participant or spectator. Being home to Doncaster Rovers FC, Doncaster Belles, Doncaster Knights RFUC and Doncaster RLFC there is opportunity to watch high-quality professional sport at our excellent stadia.

The iconic Dome, one of the region’s largest leisure pools with ice rink and new cycle circuit can provide an active day out for the family. The Transpennine Trail linking the Irish and North seas provides Doncaster with a range of exciting outdoor routes for cyclists, walkers and horse riders.

TRANSPORT CONNECTIVITY

Doncaster Sheffield Airport (DSA) is the fastest growing international airport outside London (2017) with daily access to international hubs for worldwide connectivity. We have unrivalled access to major road networks (A1, M1, M18) and the ferry port of Hull is just an hour away. Doncaster Railway Station is situated on the London-Edinburgh east coast mainline providing over 50+ trains a day (by three operators) from London northwards and has one of the fastest connection times in the UK. This ease of access is fundamental to the success of our attractions and venues.
NEW DEVELOPMENTS

Doncaster’s famous Wool Market reopened in March 2019 following an extensive £7m refurbishment. The development is a vibrant, attractive and welcoming destination providing a new and enhanced offer to retail traders and customers. As part of the re-design, the Wool Market also features a production stage allowing live music, entertainment and cookery demonstrations to attract residents and visitors alike.

Yorkshire Wildlife Park is already recognised as Doncaster and Yorkshire’s headline attraction boasting visitor numbers of 750,000 per annum. A £50m expansion, delivered by 2020 aims to almost double this figure by 2022 – cementing its position in top 20 most visited attractions in England cited by Visit England.

In addition, investment has been secured in hotel provision including the new Hilton Garden Inn at Doncaster Racecourse and multi-million pound refurbishment of Mount Pleasant Hotel, the Crown Hotel, Rossington Hall and Mecure Danum providing visitors with the quality associated with a desirable destination. National and international brands have also extended their portfolio in the borough including a recently extended Premier Inn at Lakeside.

Due for completion in summer 2020, a state of the art £15m Central Library and Museum project will create a new town centre attraction providing areas for quality arts and creative industries, heritage exhibitions, education and business space.

Construction also commences onsite in Spring 2019 for a multiscreen cinema with associated restaurants which will complement the offer of the Civic and Cultural Quarter. Additional footfall will be created by the development of the University Technical College (UTC) also due for opening in 2020.

CULTURE & HERITAGE: DEVELOP AND PROMOTE EXISTING LOCAL ATTRACTIONS AND EVENTS TO IMPROVE OUR CULTURAL AND HERITAGE OFFER
WHY THIS IS IMPORTANT

Doncaster has a vast array of cultural and heritage assets that could be utilised more by both visitors and the local community. We are planning to expand and enhance the Cultural offer from 2020 with high quality experiences that contribute to the quality of life for individuals and how people experience the town.

We know that arts, culture and heritage contribute to the local economy and arts and culture have the potential to generate more per pound invested than the health, wholesale and retail, and professional and business services sectors.

As well as being a key driver in attracting more people into the borough evidence shows that cultural experiences can help the local population in terms of well-being and how they feel about the place they live.

HOW WILL WE KNOW IF WE HAVE BEEN SUCCESSFUL?

• Greater investment secured to host cultural events.
• Increased economic impact from cultural events held throughout the borough.
• Culture and heritage related attractions visitor numbers increase.

GOVERNANCE

We will ensure the actions as set out in this strategy will be delivered over the 2019-22 period. The arrangements to oversee this will be a partnership approach to maximise the chances to achieve our objectives.

See separate detailed Action Plan.

To this aim a quarterly review of the actions contained within this strategy will be considered by the Visitor Economy Group from which ownership of many of the actions will lie. There will also be an annual report on progress made to the DGT Working Theme Board who will be assigned the role to oversee progress and the measures by which we judge our success are achieved.

The Council will also initiate a new set of internal arrangements to ensure the contribution to this strategy by the Local Authority is robust, and an improved mechanism for clear strategic planning and delivery of major events is put in place.

We will work closely with the existing partnership structure to ensure we maximise the reach of this strategy and where appropriate agree activity that other parts of the partnership can oversee and take responsibility for.

This strategy is due for review by March 2022.
