

# Doncaster Council

## Report

---

**Agenda Item No. 8**  
**Date: 13 June 2019**

**To the Chair and Members of the HEALTH AND WELLBEING BOARD**

### **REPORT FROM THE HEALTH AND WELLBEING BOARD STEERING GROUP AND FORWARD PLAN**

#### **EXECUTIVE SUMMARY**

1. The purpose of this report is to provide an update to the members of the Health and Wellbeing Board on the work of the Steering Group to deliver the Board's work programme and also provides a draft forward plan for future Board meetings.

#### **EXEMPT REPORT**

2. N/A

#### **RECOMMENDATIONS**

3. That the Board RECEIVES the update from the Steering Group, and CONSIDERS and AGREES the proposed forward plan at Appendix A.

#### **WHAT DOES THIS MEAN FOR THE CITIZENS OF DONCASTER?**

4. The work programme of the Health and Wellbeing Board has a significant impact on the health and wellbeing of the Doncaster population through the Health and Wellbeing Strategy, the Joint Strategic Needs Assessment, system management and any decisions that are made as a result of Board meetings.

#### **BACKGROUND**

5. At the first full Board meeting on 6th June 2013, Board members agreed that there would be a Health and Wellbeing Officer group to provide regular support and a limited support infrastructure to the Board. In March 2016 this support was changed to a steering group.

The Steering group has had one meeting since the last Board in March 2019. It is refocussing to ensure progress on the Health and Wellbeing

Strategy and key Board priorities including health inequalities, loneliness/social isolation, oral health, the areas of focus (alcohol, obesity, dementia, and mental health) and prevention. Key updates include:

### **Suicide Prevention and Mental Health Awareness**

The '#Another way' suicide prevention campaign was launched to coincide with mental health awareness week on the 13<sup>th</sup> May. It received widespread media attention with the message of 'there is help, there is hope, there is another way'. A full evaluation will be carried out however to date the reach through Facebook is over 140,000 with over 50,000 views and 20,000 people engaging with the video. Through Twitter there is reach of almost 170,000 with almost 40,000 views and 7,500 people engaged and there is also standalone Youtube activity.

The local Time to Change Doncaster social movement changing how we think and act about mental health will launch on the 5<sup>th</sup> July 2019. Changing Lives are supporting this initiative and through and through the Time to Change Champions and Hubs a number of offers will be available including

- FREE training sessions on speaking out and campaigning
- Opportunities to attend Time to Change activities
- Free resources and tips to help you change the way we all think and act about mental health
- Access to Time to Change E-learning
- Access to free resources from the Time to Change website
- Support for Champions, local councils and organisations on running long term anti-stigma work in their community

### **Get Doncaster Dancing**

In December 2018, the Council commissioned One Dance UK to develop Doncaster's first 'Get Doncaster Dancing' strategy. Dance is uniquely placed to contribute to getting people active and improving health and social outcomes and is particularly popular with women and girls who are more inactive than their male counterparts, at every age across the life course. The Get Doncaster Dancing Steering Group whose members include representation from local arts sector, PE and School Sport organisations and Doncaster Council Public Health are leading the strategy. Consultation was carried out with the public via focus groups and an online survey (70% of whom do not currently dance) and with health and social care partners and the dance sector. The full strategy is currently in draft although emerging themes and priorities have been identified, and include:

- Promotion – encouraging people to take part in dance, building confidence and addressing attitudinal barriers
- Promotion – signposting what opportunities are on offer in the borough
- Address gaps in provision – stimulating dance activity for adults, initiating/incentivising creation of local activity for those living in the

most disadvantaged communities and for those living with health conditions and/or are disabled

- Increase access to dance in schools for children and young people from disadvantaged backgrounds and/or are disabled
- Increase and upskill professional and volunteer dance workforce to work with and support disadvantaged, those living with health conditions and/or disabled people.

The full strategy should be ready for wider consultation by the end of June.

### **Anchor Organisations**

The Board has previously discussed the Inclusive Growth Strategy agreed late last year, and that set out the role that Anchor Institutions can play in helping deliver inclusive growth in Doncaster through each of the 6 main drivers:

1. Quality of Place
2. Industry Specialisms
3. Education and Skills
4. Better Work and Jobs
5. Social Value and Community Wealth Building
6. Reaching Vulnerable People and Places

Team Doncaster partners and large businesses are the primary focus of this work with a significant focus on activity that can increase the amount of money spent locally, improving employment practices and creating new job opportunities. Doncaster Chamber are leading the Private Sector engagement activity which is equally focussed on opening up supply chains locally.

The immediate focus is on:

- Engagement with individual anchor organisations (booked or being booked)
- Creation of two Anchor Networks (Social Value and Better Work)
- Exploration of social value / buy local actions that each organisation can start to undertake
- Supporting the delivery of the Community Wealth Building ESF project (if successful);

Engagement activity is still underway, but from Team Doncaster and organisations already approached, the response has been positive. Health colleagues are being approached with the support of Healthwatch Doncaster. Organisations will need to be able to commit both their procurement and HR staff to the anchor networks when created. Nominations to Jonathan Bucknall.

## Recovery City Workshop

The April Health and Wellbeing Board workshop on Recovery City went ahead and was well attended. The focus of the discussion was on how we celebrate local success stories e.g. the recovery games, how we identify and work with existing community connectors and how statutory organisations can work with communities as opposed to doing to communities. The next steps for the Recovery City approach are to blend this approach with other existing asset based community development approaches.

## Forward Plan

The Forward Plan for 2019 is presented for debate, discussion and agreement (Appendix A).

## South Yorkshire and Bassetlaw Shadow Integrated Care System Collaborative Partnership Board

The minute of the 8<sup>th</sup> March 2019 meeting are attached for information (Appendix B).

## Doncaster Joint Commissioning Management Board

The minutes of the 28<sup>th</sup> March 2019 meeting are attached for information (Appendix C).
