

Doncaster Council

**Agenda Item No. 7
12 March 2020**

To the Chair and Members of the HEALTH AND WELLBEING BOARD

REPORT FROM THE HEALTH AND WELLBEING BOARD STEERING GROUP AND FORWARD PLAN

Relevant Cabinet Member(s)	Wards Affected	Key Decision
Cllr Rachel Blake	All	No

EXECUTIVE SUMMARY

1. The purpose of this report is to provide an update to the members of the Health and Wellbeing Board on the work of the Steering Group to deliver the Board's work programme and also provides a draft forward plan for future Board meetings.

EXEMPT REPORT

2. N/A

RECOMMENDATIONS

3. That the Board RECEIVES the update from the Steering Group, and CONSIDERS and AGREES the proposed forward plan at Appendix A.

WHAT DOES THIS MEAN FOR THE CITIZENS OF DONCASTER?

4. The work programme of the Health and Wellbeing Board has a significant impact on the health and wellbeing of the Doncaster population through the Health and Wellbeing Strategy, the Joint Strategic Needs Assessment, system management and any decisions that are made as a result of Board meetings.

BACKGROUND

5. At the first full Board meeting on 6th June 2013, Board members agreed that there would be a Health and Wellbeing Officer group to provide regular support and a limited support infrastructure to the Board. In March 2016 this

support was changed to a steering group.

The Steering group has not met since the last Board in January 2020. The ongoing need for this group will be kept under review as part of the development of the next borough strategy. It is refocussing to ensure progress on the Health and Wellbeing Strategy and key Board priorities including health inequalities, loneliness/social isolation, oral health, the areas of focus (alcohol, obesity, dementia, and mental health) and prevention. Key updates include:

Flooding

Team Doncaster partners are moving into a recovery phase. Community staff and third sector providers are seeing an increasing number of people with mental health concerns as a result of the flooding. The public health grant is being used to provide additional capacity in key communities.

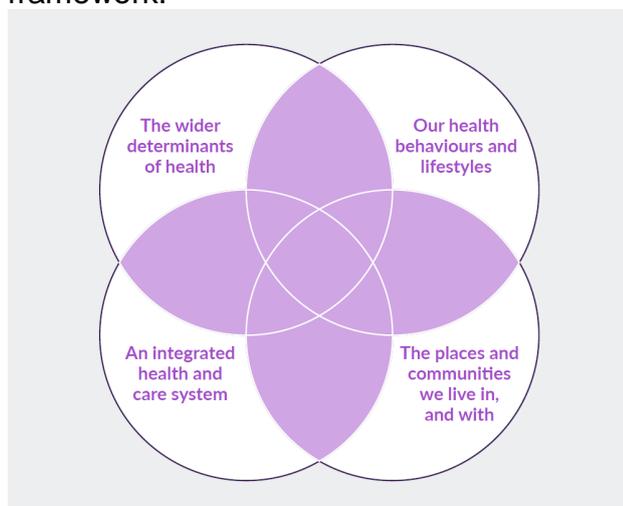

Coronavirus (COVID-19)

On the 31st December 2019 the World Health Organisation was informed of a cluster of cases of pneumonia of unknown cause in Wuhan, Hubei province, china. The cause, a novel coronavirus has (as 2nd March 2020) caused 89,070 diagnosed cases in 70 countries, with 3,043 fatalities and in the UK 40 cases have been recorded. Nationally the current approach is detect and assess. NHS 111 and Public Health England are leading the response. Local resilience and business continuity planning is underway through the local pandemic tactical coordinating group.

Board Effectiveness

The board had its second development session in December. As described last time the focus was on identifying two or three key priorities for the Board that weren't being 'gripped' by other local partnerships.

The Board used the King's Fund's model for population health as a framework.

The conclusion of the workshop was that progress on the wider determinant of health should be the work of the Team Doncaster partners and that the work on an integrated health and care system should be taken forward by

the local integrated care partners. This in effect would allow the board to concentrate on the behavioural determinants of health (tobacco, diet, alcohol and physical activity) and the role of communities as healthy places linking through to previous board's discussions on mental health and loneliness and the role of arts, culture and social connection.

If supported these proposals will be taken into account in the development of the next borough strategy and an updated health and wellbeing strategy.

Shaping Places for Healthier Lives - Expression of Interest

The LGA is working in partnership with the Health Foundation on a new programme to tackle the wider determinants of health. Successful local systems will be supported with a three year learning approach focussing on using a complex systems approach, building cross sector partnerships and strengthening systems leadership. Doncaster Council has made it through to stage 2 of the process with a bid , focusing on aligning work on the wider determinants of health in the East of the Borough through the new 'Towns deal' with improvements in mental health outcomes.

South Yorkshire and Bassetlaw Shadow Integrated Care System Collaborative Partnership Board

There has been one meeting of the Board in the last period – see attached minutes.

Doncaster Joint Commissioning Management Board

There have been no formal meetings of the Board in the last period.

Forward Plan

The Forward Plan for 2020/2021 is presented for debate, discussion and agreement (Appendix A).
