- 20. No development shall take place until details of external lighting have been submitted to and approved in writing by the local planning authority. The external lighting shall be installed in accordance with the approved details and thereby retained as such unless a variation is subsequently submitted to and approved in writing by the local planning authority.**

REASON

To ensure that the proposed lighting scheme safeguards the character of the area and/or the living conditions of neighbouring residents, having regard to the effects of the proposed illumination, and in the interests of air safety.

- 23. Upon construction of the approved cranes TC1 and TC2, and prior to them being brought into use, a Line of Site Radar assessment must take place to assess radar interference, and suggest suitable mitigation measures. The assessment shall be submitted to and approved in writing by the Local Planning Authority, in consultation with Doncaster Sheffield Airport. The development will be carried out in accordance with the approved details.**

REASON

In the interests of air safety

- 24. If during the construction process another mobile or fixed crane is to be used to erect the structures TC1 and TC2 and is taller than those structures themselves, a separate assessment of the impact upon radar at Doncaster Sheffield Airport will be carried out and submitted to and agreed in writing by the Local Planning Authority in consultation with Doncaster Sheffield Airport. The development will be carried out in accordance with the approved details**

REASON

In the interests of air safety

- 25. Unless otherwise agreed in writing by the Local Planning Authority, and with the exception of the approved permanent crane structures TC1 and TC2, no crane structure shall be erected to their full height within the application site.**

REASON

In the interests of neighbouring amenity and air safety
