How will this contribute to improving health and wellbeing in Doncaster?

The strategy will set out how the Team Doncaster Partnership intends to work together to address the demands placed on mental health services over the past two years and implement new strategies to improve children and young people's mental health and wellbeing across Doncaster. This will make a significant contribution to improving health and wellbeing through improved access to services, improved quality of services and in the long-term access to high-quality universal public health measures designed to improve the lives of children and young people across Doncaster.

The strategy document itself will be finalised by the end of the week (04/03/2022) and circulated to the Board prior to the meeting.

Recommendations

The Board is asked to:

- Agree to the strategic priorities set out within the strategy.
- Sign-off the overall strategy.
