How will this contribute to improving health and wellbeing in Doncaster?
<p>Doncaster Council assumed the statutory responsibility for health protection when Public Health transferred from the NHS to Local authority in April 2013. Since then, there has been in place the Health Protection Assurance Group to provide assurance on health protection in the borough, bringing together the relevant partners.</p> <p>The presentation at the Health and Wellbeing Board will provide an update on health protection work, including building blocks of health protection, governance, status of health protection in the borough and the next steps of work programme.</p>

Recommendations

The Board is asked to note the update on health protection for the people of Doncaster.

A power point presentation will be delivered on the day.
