### **RECOMMENDATIONS**

### **WHAT DOES THIS MEAN FOR THE CITIZENS OF DONCASTER?**

4. An improvement in recognition of the vital contribution carers make within our communities. This signals a strengthened partnership to identify, empower and value carers. The Carers' Action Plan anchors what carers tell us they need, to drive meaningful change in improving Doncaster's Carer offer. It also seeks to acknowledge the challenges that carers have faced over the last few years, particularly in relation to Covid, and improve the support available to all carers when they need it.

## BACKGROUND

5. The ethos of co-production is that no policy should be decided by any representative without the full and direct participation of members of the group(s) affected by that policy. This is the approach that the Council is seeking to take with carers.
6. "We hear, we listen, we care, if you care" Doncaster's All Age Carer's Strategy 2022- 2025 is now in place and includes six key areas which have been identified by carers for the partnership to work on. Carers from the Carers Action Group (CAG) have produced the Carers' Action Plan covering these areas, as illustrated below-

7. Cabinet Meeting on 11 May 2022  
Carers were invited to speak at the Cabinet Meeting on 11 May 2022 for approval of the Doncaster All Age Carer's Strategy 2022-2025. Geoffrey Johnson, Valerie Wood and Tommy Shaw (Chair of the Young Carers) kindly attended- thanks extended from this group for giving their valuable time to be part of this meeting.

### **Decision taken by Cabinet as a result of the meeting**

- I. Approved the All Age Carer's Strategy for Doncaster 2022-25 with accompanying action plan for 2022-23 and
- II. The Director of Adults, Health and Well-being, in conjunction with the Portfolio Holder, partners and carers produce an annual report detailing measurable outcomes to be presented to Cabinet at the end of 2022/23.

8. The Carers' Action Plan has since been agreed at Councillor Robinson and Councillor Blake's respective Portfolio Meetings in August 2022. The plan allows respective organisations to factor in their own lines of accountability through the Carers' Strategic Oversight Group to provide evidence and metrics against each area as these cannot be prescribed by the developers of the plan itself. This approach aims to build organisational and individual accountability.
9. The content of the presentation describes the progress made and details some next steps following the launch of the Carers' Strategy in May 2022 and the Action Plan that followed in July 2022.
