

# Doncaster Council

## Report

---

24<sup>th</sup> November 2022

**To: The Chair and Members of the Health and Adult Social Care Overview and Scrutiny Panel**

### **Integrated Care System Update**

<b>Relevant Cabinet Member(s)</b>	<b>Wards Affected</b>	<b>Key Decision</b>
<b>Councillor Andrea Robinson - Portfolio Holder for Adult Social Care</b>	<b>All</b>	<b>No</b>

### **EXECUTIVE SUMMARY**

1. The Panel is asked to give consideration to a presentation, in Appendix A, which will describe the current planning processes underway across NHS South Yorkshire and within the Doncaster Place.

### **EXEMPT REPORT**

2. The report is not exempt.

### **RECOMMENDATIONS**

3. The Panel is asked to consider and comment on the information provided by the NHS South Yorkshire Integrated Care Board.

### **WHAT DOES THIS MEAN FOR THE CITIZENS OF DONCASTER?**

4. Reviewing such issues ensures the Panel is responding to important issues, which ultimately have an impact on residents across the borough.

### **BACKGROUND**

5. The Health and Care Act 2022 amends the Local Government and Public Involvement in Health Act 2007 and requires integrated care partnerships

(ICPs) to write an integrated care strategy to set out how the assessed needs (from the joint strategic needs assessments (JSNA)) can be met through the exercise of the functions of the integrated care board, partner local authorities or NHS England (NHSE). Integrated care strategies should be published by December 2022.

6. The expectation of integrated care strategies is that they will build on existing work and momentum to further the transformative change needed to tackle challenges such as:
  - reducing disparities in health and social care
  - improving quality and performance
  - preventing mental and physical ill health
  - maximising independence
  - preventing care needs, by promoting control, choice and flexibility in how people receive care and support
7. Work is taking place across South Yorkshire on the journey of strategy development, cognisant not only of all the work done to date within each place, but also the short timescales for the strategy to be published. It is therefore expected that over time the integrated care strategy will mature and develop and that it will be refreshed as JSNAs are updated.

## **OPTIONS CONSIDERED**

8. There are no specific options to consider within this report. It provides an opportunity for the Panel to consider the information provided and provide feedback and comments.

## **REASONS FOR RECOMMENDED OPTION**

9. None

## **IMPACT ON THE COUNCIL'S KEY OUTCOMES**

10. The Overview and Scrutiny function has the potential to impact upon all of the Council's key objectives by holding decision makers to account and reviewing issues outside the remit of the Council that have an impact on the residents of the Borough. The Panel will receive information on a range of issues detailed at paragraph 1. There will be an opportunity for Members to consider the information received and impacts on our key priorities at the meeting. It is expected there could potentially be a mix of positive and negatives, this is reflected in the table below.

Great 8 Priority	Positive Overall	Mix of Positive & Negative	Trade-offs to consider – Negative overall	Neutral or No implications
 Tackling Climate Change				✓
 Developing the skills to thrive in life and in work				✓
 Making Doncaster the best place to do business and create good jobs				✓
 Building opportunities for healthier, happier and longer lives for all	✓			
<p>In considering the South Yorkshire population health needs the key challenges faced are that 37% of South Yorkshire live in the most 20% deprived areas nationally. Life expectancy in South Yorkshire, and nationally, is no longer increasing. People living in South Yorkshire are dying younger and living fewer years in good health. There is also a difference in the number of years people can expect to live in good health for those living in the most deprived areas compared to more affluent areas in South Yorkshire.</p> <p>There is, therefore, a compelling case for the ICP to further support the work of place partnerships to meet South Yorkshire health and care needs and to work together to address health inequalities.</p>				
 Creating safer, stronger, greener and cleaner communities where everyone belongs	✓			
 Nurturing a child and family-friendly borough	✓			
 Building Transport and digital connections fit for the future				✓
 Promoting the borough and its cultural, sporting, and heritage opportunities				✓

Fair & Inclusive	✓
