

Appendix B1

South Yorkshire Police Response in respect of Cumulative Impact Policy

I agree with paragraphs 7.9 through to 7.12.

If we keep the impact area then a possible modification is whether we include other streets within the centre, has there been an increase of off licences since 2008 in any particular area (checking our database Market Place & Cleveland Street crop up on a par to Priory walk – I have entered them under the table below)

I have the following data available which shows incidents recorded on our Licensing database (these are alcohol & ASB related but do not include crimes such as criminal damage/theft from motor vehicle)

Location	Aug 14 2012 – Aug 13 2013	Aug 14 2013 – Aug 13 2014	Aug 14 2014 – Aug 13 2015
Silver Street	122	157 +35	140 -57
High Street	7	9 +2	7 -2
Hallgate	72	72 +/- 0	72 +/- 0
Priory Walk	40	48 +8	26 -22
Bradford Row	2	10 +8	4 -6
