How will this contribute to improving health and wellbeing in Doncaster?
<p>This is the second annual report for the Health and Wellbeing Board, and it highlights the work of the board during the last 12 months since the last report in July 2022. The report is only a small snapshot of the ongoing work across some of the partner organisations to improve the health and wellbeing of the Doncaster population. The key going forward will be to build on the foundations of this annual report and to address the health inequalities/priorities and to ensure that the work plan for the next year for the Health and Wellbeing Board reflects real needs and addresses those gaps.</p>

Recommendations

The Board is asked to:-

NOTE and APPROVE the second annual report for the Health and Wellbeing board for 2022/23 and consider how the future work plan can be taken forward for 2023/24.
