Using the 2021 Census Data in RE

The 2021 Census data has now been released and we can use it to look at the results with pupils, and compare with the local area. Here are some tips on how to make the most of it!

1. Explain to pupils or students that the religion was question was voluntary. People over 18 had to choose which box to tick.
2. Show pupils the **results for the UK as a whole**: what do they notice? Note the **large fall in the number of people who identify as Christian, and the large rise in the number of people who tick ‘no religion’**. Ask pupils why that might be.
3. Look at the **results for our area – local authority and region**. Can students notice some similarities and differences to the national picture?
4. Either show to the class, or allow students to investigate for themselves, the Census data on the internet. Use this link: below. **You can find clickable maps that allow you to zoom in on your really local area and search by religion**. Can students see how their area compares to the wider area? How is it similar, how is it different?
<https://www.ons.gov.uk/peoplepopulationandcommunity/culturalidentity/religion/bulletins/religionenglandandwales/census2021>
5. A helpful presentation by Sarah Bateau from Elmlea Junior in Bristol is available from NATRE - could be used together with the local data from our area. Email me on lat@retoday.org.uk if you would like some PPT slides for the census. **Could you use this in an RE unit of work?**

Religion and worldviews in our local area: Census data from 2021.

Teach pupils about the changing demographics of religion and belief in the UK, with an emphasis on these local statistics. Teach them about the global spread of religion and belief as well: the local, national and global pictures are each important

BBC expands early years RE resources

There are new resources for 4 and 5 year olds for RE / RME and RVE from BBC Bitesize Reception. These include some simple craft activities and some recipes for festive food with clear and simple ideas to bring the world of religion alive for small children. The subject is connected to work in the fields of expressive arts and design, helping pupils with their understanding of the world particularly in the field of religion and belief. These new materials cover Christmas, Easter, Eid Al Adha, Vaisakhi, Divali and more and have now gone live. They include video clips made for the age group, activity sheets and information for teacher-use. Lat Blaylock, who contributed to the work says: 'I'm really pleased to see that BBC have made such a diverse and well thought out contribution to Early Years learning about religion and belief. Celebrating 25 years of children's emotional, social and spiritual wellbeing

2023 is an exciting year for Fischy Music as we celebrate our 25th Anniversary! Celebrations are already underway with free online concerts streaming live every month throughout this year, so whole classrooms and assembly halls of children can join in with 30 minutes of uplifting songs! Founded in 1998 by Stephen Fischbacher, Fischy Music (www.fischy.com) is a children's charity, writing songs for and with children to nurture positive mental health and help them express and manage a range of emotions.

Songs are at the heart of everything we do, with Health & Wellbeing and RE & Collective Worship songs and teaching resources made available to children, families, schools and churches. In addition to live events, our innovative song-streaming platform, Fischy Music Online has made it easy for teachers everywhere to access over 140 songs and teaching resources, with new songs regularly added.

“Fischy Music songs open an emotional door allowing children to have the confidence to discuss issues and problems that we might otherwise not pick up on.” Teacher, St Philomena’s Primary School, Glasgow

As well as the many health benefits of singing, the positive impact of the messages in the songs, like ‘build up one another’ and ‘we can make a difference in this world of ours’ stay with children as they grow up. Schools can subscribe to Fischy Music Online to access over 140 songs. The RE Package includes resources created in conjunction with Lat Blaylock, RE Today, to help staff use music well in RE and connecting to significant Christian concepts (eg from Understanding Christianity). The resources can be used by all staff and are useful in all primary schools wherever you want to enable spiritual reflection and can also be used in assemblies and services for collective worship. Using Faith Inspired Art to Encourage Conversation, Enable Reflections and Inspire Action. Cheryl Homer, Westhill Endowment

RE Today and NATRE have always been great supporters of the arts and if you are wondering if using faith inspired arts in your school might be beneficial the answer is most likely 'yes'. But where do you start. Westhill Endowment are here to help, with years of experience working with faith inspired arts. The charity has 10 art collections which are available FREE* to schools and community venues around the UK.

Many communities have already benefited from these resources which aim to encourage conversation, enable reflections, and inspire action. A Year 10 textiles student recently reflected on her experience with the Gethsemane Garments: "I liked the green garment [representing Hope] showing the rips and tears of the fabric, but with the sides being restitched to show signs of healing and positivity."

A Primary School Teacher reflected on a creative lockdown session provided by their local vicar using the exhibition Bald Statements: "The creative artwork [the children produced in response] has been thought provoking and the children were able to speak honestly on their feelings and experiences of lockdown."

The art collections come with a variety of themes and mediums, including free standing and wall mounted works of art. Additional materials such as booklets, education packs, and films are available. Westhill will also consider funding applications for events around your exhibition.

Westhill Endowment work one to one with all exhibition hosts helping you tailor your exhibition to suit your space and your audiences. If you'd like to know more, please contact Westhill's Arts Coordinator, Cheryl Homer, on cheryl@westhillendowment.org or check the website or social media. www.westhillendowment.org www.facebook.com/WesthillEndowment

Anti-racist RE: continuing debates and widening resources.

Jonathan Marshall, MBE, ran a brilliant RE and interfaith centre in Plymouth before he retired. Thanks to Jonathan for drawing attention to resources which might compliment the NATRE anti-racist RE materials (<https://www.natre.org.uk/about-natre/projects/anti-racist-re/>)

"I think teachers might find the work of the Equiano Project on anti-racist education helpful. In the true spirit of quality RE, some diversity of views might be welcome."

This black-led project may help teachers of RE who want to understand the complexity of an anti-racist RE approach: they should be encouraged to explore a range of different voices, one of which is to be found on the excellent website of "The Equiano project" <https://www.theequianoproject.com/>

See for example the video "Understanding the new politics of race" by Prof. John McWhorter. At just under twenty minutes, this perspective is an extremely helpful and profound insight into the background and current situation of anti-racism.

Jonathan also draws attention to the 'Don't Divide Us' project, whose opening statement includes these key ideas: "We should treat everyone as an individual worthy of respect regardless of race, religion or the colour of their skin We call this colourblind anti-racism – it is based on freedom and tolerance – and we believe it is the best way to counter prejudice where it does exist. Britain is a successful multi-cultural society with a positive story to tell about race relations: We won't benefit from importing divisive political ideas from the US that don't reflect our history and which undermine our shared values today.
