This Statement of Licensing Principles was approved by Doncaster Council on (Target date 26th November 2015) and is effective from 31st January 2016

FOREWORD

This is the fourth Statement of Policy produced by Doncaster Council under the Gambling Act 2005, which will set out the basis for all licensing decisions to be taken by the Authority over the next three years. The statement has been produced following consultation with those bodies and persons set out in section 1.10.

The Gambling Act 2005 implemented a comprehensive structure of gambling regulation, which modernised previous gambling regulation and was designed to face the challenges of today and the future.

The Policy creates a regime of firm but fair regulation, which encourages residents and visitors to enjoy gambling and recognises the contribution of this sector to the economic development of the Borough. It also takes account of the Council's significant duty to protect children, young people and the vulnerable and to reduce the potential risks that gambling can bring.

The Council, in its role of licensing premises for gambling, recognises the importance of involving all residents and stakeholders in creating and enforcing this Statement of Policy and will seek to balance all the different aspirations and needs of businesses, local residents and the many visitors to the Borough.

We have taken the opportunity to facilitate the development and use of a Local Area Profile of the Borough in this Policy. We hope that this will bring a clearer understanding of local issues. Unlike alcohol control, where some of the harms are readily apparent, for example anti-social behaviour, gambling harms are usually less visible and insidious in nature. Problem gambling can have devastating impacts on the individual, their family and their relationships with others. These impacts are not confined to debt but also include detrimental effects on an individual's health.

A local area profile will be produced that shows the location of facilities associated with children and vulnerable persons as well as some socio-economic indicators of potential vulnerability such as deprivation and unemployment. We expect operators of gambling premises to have regard to the profile when undertaking their own risk assessment on their premises and when they make licence applications.

This Policy will be reviewed and revised by the Council as and when required.

The Council will seek, through the licensing process and the decisions it takes, to make Doncaster a safe and welcoming place for both residents and visitors to enjoy.

1 Statement of Licensing Policy

1.1 Introduction

Doncaster Metropolitan Borough Council is the Licensing Authority under the Gambling Act 2005 and is responsible for granting premises licences and receiving notifications in the Borough of Doncaster in respect of:-

- Casino Premises
- Bingo Premises
- Betting Premises, including Tracks
- Adult Gaming Centres
- Family Entertainment Centres
- Travelling Fairs
- Club Gaming Permits
- Prize Gaming and Prize Gaming Permits
- Temporary Use Notices
- Occasional Use Notices
- Registration of Small Society Lotteries

Unless stated otherwise, any reference, in this policy, to the Council is to the Licensing Authority and vice versa.

The Gambling Act 2005 requires the Licensing Authority to prepare and publish a Statement of Licensing Policy that sets out the policies that the Licensing Authority will generally apply to promote the licensing objectives when making decisions on applications made under the Act.

In producing this statement, the Licensing Authority declares that it has had regard to the licensing objectives of the Gambling Act 2005, the Guidance to Licensing Authorities and the Licence Conditions and Codes of Practice (LCCP) issued by the Gambling Commission, and any responses from those consulted on the statement.

It should be noted that this statement of licensing principles will not override the right of any person to make an application, make representations about an application, or apply for a review of a licence, as each will be considered on its own merits and according to the statutory requirements of the Gambling Act 2005.

The Policy was approved at a meeting of the Council on (target date 26th November 2015) and was published via our website on or before 3rd January 2016. Notice of the Policy and a copy of the Policy were posted at the Civic Office, Doncaster for inspection on or before 3rd January 2016. This Policy takes effect on the 31st January 2016 and will be further reviewed / revised as necessary. Statute currently requires this Policy to be reviewed every three years.

1.2 The Borough of Doncaster

The Doncaster Metropolitan Borough, extends over 224 square miles, has a population of 302400 (taken from the 2011 census) and is the largest metropolitan borough by area. A plan of the Borough is attached as Appendix A.

The Borough consists of the Doncaster town centre and the urban areas that surround it, the more rural villages and the towns of Thorne, Mexborough and Bawtry. Around 80% of the Borough is classed as green space, with a significant proportion being agricultural land.

Due to its geographical location and good rail, road and air links, Doncaster attracts many visitors attending local, regional and national events and activities.

Since 1776 Doncaster has been home the 'St Leger', the oldest classic horse race.

Doncaster has seen significant developments in recent years with the opening of Robin Hood Airport, Transport Interchange, Doncaster College's Waterfront campus, the Keepmoat Stadium, Lakeside, redevelopment of Doncaster racecourse and the creation of a Civic and Cultural Quarter in the town centre which is home to the Doncaster Council Civic Office and the Cast theatre.

Doncaster has diverse leisure and entertainment facilities which provide facilities for residents and visitors. It is regarded as an important provider of leisure and entertainment within South Yorkshire.

Doncaster's Borough Strategy provides the big picture of the Borough's challenges, ambitions and how priorities will be delivered. Further details can be found in section 2.4 of this policy and on our website www.doncaster.gov.uk.

Each area of the Borough has its own character and challenges. The Council has provided general advice in this policy to assist applicants in preparing applications. Applicants are also expected to demonstrate knowledge of their local area when describing the steps they propose to take to promote the licensing objectives (see section 9). Applicants may consult with the Licensing Officer to ensure they have as much information as possible before making their application.

1.3 Glossary of Terms

Within this Statement of Policy, the following words and terms are defined as stated:

Licensing Objectives:	As defined in section 1.4
Licensing Authority:	Doncaster Metropolitan Borough Council
Borough:	The area of South Yorkshire administered by Doncaster Metropolitan Borough Council (Map appended at Appendix A)
Licences:	As defined in section 1.5
Application:	Applications for licences and permits as defined in section 1.5
Notification:	Notification of temporary and occasional use notices
Act:	The Gambling Act 2005
Regulations:	Regulations made under the Gambling Act 2005
Premises:	Any place, including a vehicle, vessel or moveable structure
Code of Practice:	Any relevant code of practice under section 24 of the Gambling Act 2005
Mandatory Condition:	A specified condition provided by regulations to be attached to a licence
Default Condition:	Means a specified condition provided by regulations to be attached to a licence, unless excluded by Doncaster Metropolitan Borough Council
Responsible Authority:	For the purposes of this Act, the following are Responsible Authorities in relation to premises: <ol style="list-style-type: none"> 1. The Licensing Authority - Doncaster Council; 2. The Gambling Commission; 3. South Yorkshire Police; 4. South Yorkshire Fire and Rescue Service; 5. Development Control - Doncaster Council; 6. Environmental Health Dept - Doncaster Council; 7. Doncaster Safeguarding Children Board; 8. HM Customs and Excise; 9. Any other person prescribed by regulation made by the Secretary of State; 10. In the case of vessels: <ul style="list-style-type: none"> • the Environment Agency, • the British Waterways Board, and • the Secretary of State for Transport.

Interested Party: For the purposes of this Act, a person is an interested party in relation to a premises licence if, in the opinion of the Licensing Authority which issues the licence or to which the application is made, the person:-

- a) Lives sufficiently close to the premises to be likely to be affected by the authorised activities;
- b) Has business interests that might be affected by the authorised activities;
- c) Represents persons who satisfy a) or b) above.

1.4 Licensing Objectives

In accordance with the Gambling Act 2005, Doncaster Council will carry out its licensing functions with a view to promoting the following three licensing objectives:-

1. Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime;
2. Ensuring that gambling is carried out in a fair and open way;
3. Protecting children and other vulnerable persons from being harmed or exploited by gambling.

1.5 Types of Licence

This document sets out the policies that the Licensing Authority will apply when making decisions upon applications or notifications made for:

1. Premises Licences;
2. Temporary Use Notices;
3. Permits as required under the Act;
4. Registrations as required under the Act.

1.6 Licensable Premises and Permits

The Licensing Authority is required under the Act to:

- Be responsible for the licensing of premises where gambling activities are to take place by issuing *Premises Licences*
- Issue *Provisional Statements*
- Regulate *members' clubs* and *miners' welfare institutes* who wish to undertake certain gaming activities via issuing Club Gaming Permits and/or Club Machine Permits
- Issue *Club Machine Permits to Commercial Clubs*
- Grant permits for the use of certain lower stake gaming machines at *unlicensed Family Entertainment Centres*
- Receive notifications from alcohol licensed premises (under the Licensing Act 2003) for the use of two or fewer gaming machines

- Issue *Licensed Premises Gaming Machine Permits* for premises licensed to sell/supply alcohol for consumption on the licensed premises, under the Licensing Act 2003, where there are more than two machines
- Register *small society lotteries* below prescribed thresholds
- Issue *Prize Gaming Permits*
- Receive and Endorse *Temporary Use Notices*
- Receive *Occasional Use Notices*
- Provide information to the Gambling Commission regarding details of licences issued
- Maintain registers of the permits and licences that are issued under these functions

It should be noted the Licensing Authority is not responsible for the licensing remote gambling, this is regulated by the Gambling Commission.

1.7 General Principles

Nothing in this Statement of Policy will:-

1. Undermine the rights of any person to apply, under the Act, for a variety of permissions and have the application considered on its individual merits; or
2. Override the right of any person to make representations on any application or seek a review of a licence or permit where they are permitted to do so under the Act.

The Council is aware, as per Section 153 of the Act, that in exercising its functions it must aim to permit the use of premises for gambling in so far as the Authority thinks it is:

- (a) in accordance with any relevant code of practice issued by the Gambling Commission;
- (b) in accordance with any relevant guidance issued by the Gambling Commission;
- (c) reasonably consistent with the licensing objectives; and
- (d) in accordance with the Council's Statement of Licensing Policy.

The starting point in determining applications will be to grant the application without additional conditions. Conditions will only be considered where they are needed to meet the requirements of the licensing objectives, and any conditions applied will not be overly onerous and will be proportionate to the scale of the application and the risks involved. Conditions will generally be considered unnecessary if they are already adequately covered by other legislation.

All applicants for Premises Licences will be required to set out how they will promote the licensing objectives, as specified in section 1.4, and

what measures they intend to employ to ensure compliance with them. With effect from 6 April 2016, the Licensing Authority will also expect to receive a copy of the applicant's local risk assessment in accordance with the LCCP and Social Responsibility Code. When determining an application to grant a Premises Licence or review a Premises Licence, regard will be taken to the proximity of the premises to schools, vulnerable adult centres or residential areas where there may be a high concentration of families with children. The proximity of premises taken into consideration will vary depending on the size and scope of the gambling premises concerned. Each case will, however, be determined on its individual merits. Therefore, if an applicant can effectively demonstrate how they might overcome licensing objective concerns, this will be taken into account.

Licensing is concerned with the control of licensed premises, temporary use notices or occasional use notices within the terms of the Act. Conditions may be attached to licences that will cover matters that are within the control of individual operators.

When considering any conditions to be attached to licences, the Licensing Authority will primarily focus on the direct impact of the activities taking place at licensed premises on members of the public living, working or engaged in normal activity in the area concerned. The Secretary of State may, by regulation, provide for specified conditions to be attached to a premises licence as either "mandatory" or "default" conditions. In determining an application, the Licensing Authority may not have regard to the expected demand for the facilities, which it is proposed to provide.

The Licensing Authority recognises that, apart from the licensing function, there are a number of other mechanisms available for addressing issues of unruly behaviour that can occur away from licensed premises, including:-

1. Planning controls;
2. Ongoing measures to create a safe and clean environment in these areas in partnership with local businesses, transport operators and other Council departments;
3. Regular liaison with the Police on law enforcement issues regarding disorder and anti-social behaviour;
4. The power of the Police, other responsible authorities or local residents and businesses to seek a review of the licence.

Any person making a representation in respect of a licence application will be required to relate their representation to one of more of the Licensing Objectives, as specified in section 1.4, before the Licensing Authority will be able to consider it.

The Licensing Authority, in undertaking its licensing function, will have due regard to the need to eliminate unlawful discrimination and to

promote equality and good relations between persons of different ethnic and minority groups (see section 1.12).

1.8 Responsible Authorities

The responsible authorities are identified in Section 1.3. The contact details for the responsible authorities are published on the Licensing Authority's website www.doncaster.gov.uk/licensing

The Licensing Authority is required to designate in writing a body that is competent to advise it about the protection of children from harm. In making this designation the following principles have been applied:

- the competency of the body to advise the Licensing Authority,
- the need for the body to be responsible for an area covering the whole of the Licensing Authority's area, and
- the need for the body to be answerable to democratically elected persons rather than particular invested interest group etc.

In accordance with the Gambling Commissions Guidance to Local Authorities the Council designates the Doncaster Safeguarding Children Board for this purpose.

1.9 Interested Parties

See definition of Interested Parties in Section 1.3

Interested parties can be persons who are democratically elected, such as Councillors and MPs. Where appropriate this will include parish and town councillors.

Other than persons mentioned above, the Licensing Authority will require some form of confirmation that a person, representing an interested party, is authorised to represent that party.

The Licensing Authority considers that trade associations, trade unions and resident and tenant associations qualify as 'Interested Parties' where they can demonstrate that they represent persons listed in a) or b) of section 1.3 of this policy (Interested Party).

In determining if a person lives or has business interests sufficiently close to the premises that they are likely to be affected by the authorised activities, the Licensing Authority will consider the following factors:

- The size of the premises
- The nature of the premises
- The distance of the premises from the location of the person making the representation
- The potential impact of the premises (e.g. number of customers, routes likely to be taken by those visiting the establishment)

- The circumstances of the complaint. This does not mean the personal characteristics of the complainant but the interest of the complainant, which may be relevant to the distance from the premises.
- The catchment area of the premises (i.e. how far people travel to visit)
- Whether the person making the representation has business interests in that catchment area that might be affected.

1.10 Consultation

This Statement of Policy was subject to formal consultation with:-

1. The Chief Officer of Police for the Doncaster District.
2. Representatives of the holders of the various licences for premises within the Borough who will be affected by this Policy;
3. Persons/bodies representing the interests of persons likely to be affected by this Policy.

Doncaster Council has consulted widely upon this policy statement and the list of some of those consulted is provided below:

- The Gambling Commission
- Local Elected Members
- South Yorkshire Police
- South Yorkshire Fire and Rescue Service
- HM Customs and Excise
- Doncaster Council Development Control
- Doncaster Council – Public Health
- Doncaster Council - Environmental Health Department
- Doncaster Safeguarding Children Board
- Local Tenants' and Residents' Association groups
- Rotherham, Doncaster and South Humber NHS Foundation Trust
- Doncaster Chamber
- British Beer and Pub Association
- Association of British Bookmakers
- Bingo Association
- The Racecourse Association
- Gamcare
- Local Licensing Solicitors
- Gamblers Anonymous
- Samaritans
- Doncaster Advice Services Partnership
- The Environment Agency
- British Waterways – Canal and River Trust

The consultation commenced on the 31st July 2015 and, as far as practicable, the Council followed the Consultation Principles issued by

central government in 2013. The consultative document was also published on the Council's website for public comment.

1.11 Information Exchange

In fulfilling its functions and obligations under the Act, the Licensing Authority will exchange relevant information with other regulatory bodies and will establish protocols in this respect. In exchanging such information, the Licensing Authority will conform to the requirements of data protection and freedom of information legislation in accordance with the Licensing Authority's existing policies.

Details of those persons making representations will be made available to applicants to allow for negotiation and, in the event of a hearing being required, will form part of a public document. Anyone making representations or applying for the review of a premises licence will be informed that their details will be disclosed.

1.12 Promotion of Equality

The Council recognise that the Equality Act 2010 places a legal obligation on public authorities to have regard to the need to eliminate unlawful discrimination, harassment and victimisation; to advance equality of opportunity; and foster good relations, between persons with different protected characteristics. The protected characteristics are age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

At Doncaster Council we use a range of data and information when we develop policies, set strategies, design and deliver our services. By using equality information we can make sure we have thought about opportunities to promote equality, eliminate discrimination and foster good relations across all the protected groups when making decision. Equality information is used when we develop our corporate plans and it gives us an understanding of what our equality objectives should be.

We continuously review and provide equalities information in line with our commitment to the Equality Act and Transparency Code of Practice

Equality data and information is published on the Council website www.doncaster.gov.uk. The Doncaster Data Observatory aims to provide information and intelligence that:

- informs the development of policies and plans across Doncaster;
- increases understanding to support the main population based needs assessment reports;
- improves the sharing of research, best practice, data and intelligence among partners and minimises duplication;
- improves the commissioning of Public Services.

2. Legislation, Policies and Strategies

2.1 Legislation - Duplication with other Regulatory Regimes

This Licensing Authority seeks to avoid duplication with other statutory / regulatory systems wherever possible, including planning controls. This Authority will not consider whether a licence application is likely to be awarded planning permission or building regulations approval, in its consideration of it. It will, however, listen to and consider carefully any concerns about conditions which are not able to be met by licensees due to planning restrictions, should the situation arise.

When dealing with a premises licence application for finished buildings, the Authority will not take into account whether those buildings have to comply with the necessary planning or building consents (see section 2.2). Fire or health and safety risks will not be taken into account, as these matters are dealt with under other relevant legislation and must not form part of the consideration for the premises licence.

It should be noted that, unlike the Licensing Act 2003, the Gambling Act does not include as a specific licensing objective relating to the prevention of public nuisance. Any nuisance associated with gambling premises should be tackled under other relevant legislation.

Non-compliance with other statutory requirements may be taken into account in reaching a decision about whether to grant a licence, but only if relevant representations are received.

2.2 Relationship with Planning Policies

When determining an application, the Licensing Authority has a duty to take into consideration all relevant matters and not to take into consideration any irrelevant matters, i.e. those not related to gambling and the licensing objectives. One example of an irrelevant matter would be the likelihood of the applicant obtaining planning permission or building regulations approval for their proposal.

When dealing with a premises licence application for finished buildings the Licensing Authority will not take into account whether those buildings have or comply with the necessary planning or building consents. Those matters should be dealt with under the relevant planning and building regulation powers. Section 210 of the 2005 Act prevents licensing authorities taking into account the likelihood of the proposal by the applicant obtaining planning or building consent when considering a premises licence application. Equally the grant of a gambling premises licence does not prejudice or prevent any action that may be appropriate under the law to planning or development.

An applicant can apply for a provisional statement if the building is not complete or if he does not yet have a right to occupy it. Such an application is again a separate and distinct process to the granting of planning permission or building regulation approval.

2.3 National Strategies

The Licensing Authority will also seek to discharge its responsibilities identified by other Government Strategies, in so far as they impact on the objectives of the licensing function.

2.4 Local Strategies and Policies

Where appropriate, the Licensing Authority will consider applications with reference to other relevant local strategies and policies. In particular it will have regard to Doncaster's Borough Strategy, available on the Council's website www.doncaster.gov.uk.

2.5 Integrating Strategies

The Licensing Authority recognises there are many stakeholders involved in the leisure industry and many are involved in the promotion of the licensing objectives. Where the Licensing Authority is aware of stakeholders' plans and strategies linked to matters related to the licensing objectives it will aim to consider them.

Whilst the Licensing Authority recognises the importance of the co-ordination and integration of this policy with other policies and strategies applicants will not be required to demonstrate a requirement to fulfil criteria not in keeping with the licensing objectives of the Gambling Act 2005.

3. Decision Making

3.1 Licensing Committee

The Council appoints a licensing committee and licensing functions will often be delegated to a licensing sub-committee or, in appropriate cases to officers of the Council. Further details on the administration, exercise and delegation of functions can be found in section 3.2 of this policy.

When required, a Licensing Sub-Committee of not less than three Councillors will sit to hear applications where representations have been received from interested parties and/or responsible authorities.

Committee members will have regard to the Council Code of Conduct for Members. Where a Councillor, who is a member of the Licensing Committee or subcommittee, discloses a pecuniary interest in the application before them, in the interests of good governance, they will disqualify themselves from any involvement in the decision making process in respect of that application.

Where a Councillor who is a member of the Licensing Committee is making or has made representations regarding a licence on behalf of an interested party, in the interests of good governance they will disqualify themselves from any involvement in the decision making process affecting the licence in question.

The Licensing Sub-Committee will also refer to the Licensing Committee any matter it is unable to deal with because of the number of its members who are unable to take part in the consideration or discussion of any matter or vote on any question with respect to it.

The Licensing Committee will refer to the Council any matter it is unable to deal with because of the number of its members who are unable to take part in the consideration or discussion of any matter or vote on any question with respect to it.

Subject to the prevailing scheme of delegation, the Council's licensing officers will deal with all other licensing applications where either no representation has been received, or where representations have been received and it is agreed by the parties that a hearing is not necessary.

Decisions as to whether representations are irrelevant, frivolous or vexatious will be made by Council officers, in consultation with the Chair of the Licensing Committee, who will make the decisions on whether representations or applications for licence reviews should be referred to the Licensing Committee or Sub-Committee. Where representations are rejected, the person making that representation will be given a written reason as to why that is the case. There is no right of appeal against a determination that representations are not admissible.

3.2 Administration, Exercise and Delegation of Functions

The Licensing Authority is involved in a wide range of licensing decisions and functions and has established a Licensing Committee to administer them.

The 2005 Act provides that the functions of a licensing authority (including its determinations) are to be carried out by its licensing committee (except those relating to the making of its Statement of Licensing Policy). The licensing committee may delegate these functions to sub-committees or in appropriate cases, to officers of the Licensing Authority. It is recognised that many of the decisions and functions will be purely administrative in nature and it is, therefore, Council policy that the delegation of functions will be determined in the interests of speed, efficiency and cost effectiveness.

In general, where, under the provisions of the 2005 Act, there are no relevant representations on an application for the grant of a premises licence, these matters will be dealt with by officers. This form of delegation is without prejudice to officers referring an application to a Sub-Committee or Committee if considered appropriate in the circumstances of any particular case.

Membership and the terms of reference for the Licensing Committee will be established at the Annual General Meeting of the Council.

The Licensing Committee will agree the appointment of a Licensing Sub-Committee and the delegation of functions annually at its inaugural meeting. The prevailing scheme of delegation will be attached to this Policy as Appendix B

Details of all committee meetings, agendas and minutes including the delegation of functions will be published on the Council's website.

3.3 Giving Reasons for Decisions

Every determination of a licensing decision by the Licensing Committee or a Licensing Sub-Committee shall be accompanied by clear and relevant reasons for the decision. The decision and the reasons for that decision will be sent to the applicant and those who have made relevant representations as soon as practicable and, in all cases, within the statutory time frames. A summary of the decision shall also be posted on the Council's website as soon as practicable after the decision has been confirmed.

3.4 Licensing Reviews

The Licensing Authority will carry out a review of a premises licence either of its own volition or following receipt of an application for review

in accordance with the Act that is relevant to one of more or the licensing objectives. It is for the Licensing Authority to decide whether the review is to be carried out. This will be on the basis of whether the request for the review is relevant to the matters listed below;

- in accordance with any relevant code of practice issued by the Gambling Commission;
- in accordance with any relevant guidance issued by the Gambling Commission;
- reasonably consistent with the licensing objectives; and
- in accordance with the Authority's statement of licensing policy.

Due consideration will be given to all relevant representations unless they fit the following:

- a) The grounds are frivolous;
- b) The grounds are vexatious;
- c) The grounds are irrelevant;
- d) The grounds will not cause the Licensing Authority to revoke or suspend a licence or to remove, amend or attach conditions on the premises licence;
- e) The grounds are substantially the same as the grounds cited in a previous application relating to the same premises; or
- f) The grounds are substantially the same as representations made at the time the application for a premises licence was considered.

The Licensing Authority can also initiate a review of a particular premises licence, or a particular class of premises licence on the basis of any reason which it thinks appropriate.

In particular, the licensing authority may also initiate a review of a premises licence on the grounds that a premises licence holder has not provided facilities for gambling at the premises. This is to prevent applications for licences in a speculative manner without intending to use them.

4 Local Standards

4.1 Applications

An application for a premises licence can only be made by a person who either holds an operating licence authorising him to carry on the activity in respect of which a premises licence is sought, or has made an application for an operating licence which has not yet been determined. (Note: Race Tracks do not require an operating licence in order to apply for a premises licence.)

Applications for the grant, transfer or variation of a premises licence must be accompanied by an assessment that demonstrates how the applicant will promote all the licensing objectives in the form of a written operating schedule and a local risk assessment in accordance with the Social Responsibility code (LCCP). The applicant may ask the Licensing Authority for advice as to the scope of information to be provided. (see section 9)

The level of detail to be provided will be advised by the Licensing Officer and will be proportional to the scale and nature of the application made.

Definitions of “Responsible Authorities” and “Interested Parties” who are able to make representations under this Act can be found in sections 1.3, 1.8 & 1.9.

4.2 Assessment of Need

In accordance with Section 153 of the 2005 Act, when deciding whether or not to grant a licence, the Licensing Authority will not have regard to the expected demand for gambling premises that are the subject of the application.

4.3 Conditions

Conditions will be applied to licences that are proportionate and appropriate to the business, organisation or individual concerned. The Licensing Authority will draw upon the advice issued by the Gambling Commission and attach conditions relative to the given circumstances of each individual case.

Any conditions attached to licences will be proportionate and will be:

- Relevant to the need to make the proposed building suitable as a gambling facility;
- Directly related to the premises and the type of licence applied for;
- Fairly and reasonably related to the scale and type of premises; and
- Reasonable in all other respects.

The Licensing Authority expects applicants to offer their own suggestions as to ways in which the licensing objectives can be effectively met. In order to inform such suggestions, applicants will be expected to prepare risk assessments based on the location and range of clientele of the premises, and to take account of any local area profile produced by the Council. For further details see section 9.

Decisions upon individual conditions will be made on a case by case basis, although there will be a number of measures this Licensing Authority will consider utilising should there be a perceived need, such as the use of supervisors, appropriate signage for adult only areas etc. (See section 7)

The Council will also consider specific measures, which may be required for buildings, which are subject to multiple premises licences. Such measures may include the supervision of entrances; segregation of gambling from non-gambling areas frequented by children; and the supervision of gaming machines in non-adult gambling specific premises in order to pursue the licensing objectives. These matters are in accordance with the Gambling Commission's Guidance.

Conditions attached to Premises Licences will, so far as possible, reflect local crime prevention strategies. For example, closed circuit television (CCTV) may be appropriate in certain premises.

In order to avoid duplication with other statutory regimes, the Licensing Authority will not attach conditions to a licence unless they are considered necessary for the promotion of the licensing objectives. Conditions will generally be considered unnecessary if they are already adequately covered by other legislation.

It is noted that there are conditions, which the Council cannot attach to premises licences, which are:

- Any condition on the premises licence which makes it impossible to comply with an operating licence condition;
- Conditions relating to gaming machine categories, numbers, or method of operation;
- Conditions which provide that membership of a club or body be required (the Gambling Act 2005 specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated); and
- Conditions in relation to stakes, fees, winning or prizes.

4.4 Enforcement

The Licensing Authority is committed to the principles and approach to enforcement set out in the Regulators' Code, and will be guided by the Gambling Commission's Guidance to Licensing Authorities and will endeavour to be:

- Proportionate: regulators should only intervene when necessary: remedies should be appropriate to the risk posed, and costs identified and minimised;
- Accountable: regulators must be able to justify decisions, and be subject to public scrutiny;
- Consistent: rules and standards must be joined up and implemented fairly;
- Transparent: regulators should be open, and keep regulations simple and user friendly; and
- Targeted: regulation should be focused on the problem, and minimise side effects.

As per the Gambling Commission's Guidance to Licensing Authorities the Licensing Authority will endeavour to avoid duplication with other regulatory regimes as far as possible.

The Licensing Authority will adopt and implement a risk-based inspection programme, based on;

- The licensing objectives
- Relevant codes of practice
- Guidance issued by the Gambling Commission
- The principles set out in this statement of licensing policy

The main enforcement and compliance role for the Licensing Authority in terms of the Gambling Act 2005 is to ensure compliance with the premises licences and other permissions which it authorises. The Gambling Commission is the enforcement body for the operating and personal licences. It is also worth noting that concerns about manufacture, supply or repair of gaming machines are not dealt with by the Licensing Authority but should be notified to the Gambling Commission.

This Licensing Authority also keeps itself informed of developments as regards the work of the Better Regulation Executive in its consideration of the regulatory functions of local authorities.

The Licensing Authority intends to use appropriate enforcement to promote the licensing objectives. Once licensed, it is essential that premises are monitored to ensure that they are run in accordance with their operating schedules, in compliance with the specific requirements of the Act and in compliance with any licence conditions. It will also be important to monitor the Borough for unlicensed premises.

The Licensing Authority will seek to work actively with the Police in enforcing licensing legislation and intends to establish protocols with South Yorkshire Police and South Yorkshire's Fire and Rescue Service on enforcement issues to ensure an efficient deployment of resources.

4.5 Casinos

The Gambling Act states that a casino is an arrangement whereby people are given the opportunity to participate in one or more casino games, whereby casino games are defined as a game of chance, which is not equal gaming. This means that casino games offer the chance for multiple participants to take part in a game competing against the house at different odds to their fellow players.

The Licensing Authority has not passed a 'no casino' resolution under the Gambling Act 2005, but is aware that it has the power to do so. Should the Licensing Authority decide in future to pass such a resolution, it will update this policy statement with details of that resolution. Any such decision will be taken by the Full Council.

4.6 Adult Gaming Centres

Adult Gaming Centres are a category of premises introduced by the Act. They are allowed to have limited numbers of Category B and any number of Category C & D gaming machines and are not allowed to admit under-18s.

The Licensing Authority will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the Authority that there will be sufficient measures to, for example, ensure that under 18 year olds do not have access to the premises. (See section 7)

4.7 (Licensed) Family Entertainment Centres

Licensed Family Entertainment Centres are permitted to provide both Category C & D Gaming machines and must ensure that under 18s have no access to Category C machines.

The Licensing Authority will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the Authority, for example, that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machine areas. (See section 7)

4.8 Bingo Premises

The Act does not define Bingo, but previous legislation divided this category into Cash Bingo, played in commercial Bingo Halls and Prize Bingo, traditionally played in arcades or travelling funfairs. As Bingo premises can provide Category B, C & D Gaming machines, under 18s must not be allowed access to Category B & C machines, if provided.

The Licensing Authority will take note of the Gambling Commissions guidance and look to ensure that those issues whereby machines of category C or above are available there are sufficient precautions in place so that they are not available to persons under 18. The Licensing Authority will also take note of any further guidance issued. (See section 7)

4.9 Betting Premises

Betting premises are premises such as bookmakers and betting offices where various types of gambling are allowed to take place. The Council will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the Authority that there will be sufficient measures to, for example, ensure that under 18 year olds do not have access to the premises. (See section 7)

Betting machines - The Licensing Authority will, as per the Gambling Commission's Guidance, take into account the size of the premises, the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines by children and young persons (it is an offence for those under 18 to bet) or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer. (See section 7)

4.10 Tracks

Tracks are sites (including racecourses and dog tracks) where races or other sporting events take place. Betting is a major gambling activity on tracks, both in the form of pool betting (often known as the 'totaliser' or 'tote'), and also general betting, known as 'fixed-odds' betting.

These premises may be subject to one or more premises licence. The Licensing Authority will expect applicants to demonstrate suitable measures to ensure that persons under 18 do not have access to adult only gaming facilities and will take into account any guidance issued by the Gambling Commission in relation to these premises. (See section 7)

It is noted that children and young persons will be permitted to enter track areas where facilities for betting are provided on days when dog-racing and/or horse racing takes place, but that they are still prevented from entering areas where gaming machines (other than category D machines) are provided. (See section 7)

Gaming machines - Where the applicant holds a pool betting operating licence and is going to use the entitlement to four gaming machines, machines (other than category D machines) should be located in areas from which persons under 18 are excluded. (See section 7)

Betting machines - This Licensing Authority will, as per the Gambling Commission's Guidance, take into account the size of the premises and the ability of staff to monitor the use of the machines by children and young persons (it is an offence for those under 18 to bet) or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator proposes to offer. (See section 7)

4.11 Travelling Fairs

Travelling fairs have traditionally been able to provide various types of low stake gambling without the need for a licence or permit, provided that certain conditions are met. Travelling fairs have the right to provide an unlimited number of category D gaming machines and / or equal chance prize gaming (without the need for a permit) as long as the gambling amounts to no more than an ancillary amusement at the fair.

The Licensing Authority will ensure that any fair complies with the requirements of the regulations.

4.12 Prize Gaming Permits

The Gambling Act 2005 states that a licensing authority may 'prepare a statement of principles that they propose to apply in exercising their functions under this Schedule' which 'may, in particular, specify matters that the licensing authority proposes to consider in determining the suitability of the applicant for a permit'.

The Licensing Authority requires the applicant to (a) set out the types of gaming that they are intending to offer, (b) submit a plan of the building indicating the location of the gaming and (c) be able to demonstrate:

- That they understand the limits to stakes and prizes that are set out in Regulations;
- That the gaming offered is within the law;
- Clear policies that outline the steps to be taken to protect children from harm.

In making its decision on an application for this permit the Licensing Authority does not need to, but may, have regard to the licensing objectives but must have regard to any Gambling Commission guidance.

It should be noted that there are conditions in the Gambling Act 2005 by which the permit holder must comply, but that the Licensing Authority cannot attach conditions. The conditions in the Act are:

- the limits on participation fees, as set out in regulations, must be complied with;
- all chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day;

the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played;

- the prize for which the game is played must not exceed the amount set out in regulations (if a money prize), or the prescribed value (if non-monetary prize); and
- participation in the gaming must not entitle the player to take part in any other gambling.

4.13 Unlicensed Family Entertainment Centres (FEC)

Unlicensed Family Entertainment Centres will cater for families, including unaccompanied children and young persons. As they operate on a permit they will only be allowed to have Category D Gaming machines, which can be played by young people.

It should be noted that the applicant must show that the premises will be wholly or mainly used for making gaming machines available for use and would, therefore, exclude any premises primarily used for any other purposes, e.g. canteens, fast food takeaways, garages and petrol filling stations, taxi offices or non-arcade premises.

The Licensing Authority will, in relation to applications for unlicensed family entertainment centres, take into account the following statement of principles when determining the suitability of the applicant.

The Licensing Authority will expect the applicant to submit a plan of the building and show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations. The efficiency of such policies and procedures will each be considered on their merits, however, they may include appropriate measures / training for staff as regards suspected truant school children on the premises, measures / training covering how staff would deal with unsupervised very young children being on the premises, or children causing perceived problems on / around the premises. (See section 7)

This Licensing Authority will also expect, as per Gambling Commission Guidance, that applicants demonstrate a full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed FECs; that the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act); and that staff are trained to have a full understanding of the maximum stakes and prizes.

4.14 (Alcohol) Licensed Premises

Premises licensed to sell alcohol for consumption on the premises have an automatic right to have two machines of categories C and/or D. Any increase on these limits will require a permit. These applications will be

considered on a case by case basis but generally there will be regard to the need to protect children and vulnerable persons from harm or being exploited. The applicant will be expected to ensure that under 18s do not have access to the adult only gaming machines. This could include being in sight of the bar or in sight of the staff who monitor that such machines are not used by those under 18. In relation to vulnerable persons the applicant could consider the provision of information for support services that offer advice. (See section 7)

4.15 Club Gaming and Club Machine Permits

Members Clubs are defined as having more than 25 members and being established for purposes other than gambling and Miners' Welfare Institutes are defined as associations established for recreational or social purposes.

Members Clubs and Miners' Welfare Institutes may apply for these. A Club Gaming Permit will enable premises to provide three machines of either categories B, C or D and equal chance and other forms of gaming, as set out in regulations. A club gaming machine permit if applied for will enable premises to provide three machines of categories B, C or D only.

4.16 Temporary Use Notices

Temporary Use Notices allow the use of premises for gambling where there is no premises licence but where a gambling operator wishes to use the premises temporarily for providing facilities for gambling. Premises that might be suitable for a Temporary Use Notice, according to the Gambling Commission, would include hotels, conference centres and sporting venues

These notices should not be used to permit regular gambling in a place that could be described as one set of premises. The Licensing Authority expects to object to notices where it appears that their effect would be to permit regular gambling in a place that could be described as one set of premises, as recommended in the Gambling Commission's Guidance to Licensing Authorities.

4.17 Occasional Use Notices

The Licensing Authority has very little discretion with regard to these notices aside from ensuring that the statutory limit of eight days in a calendar year is not exceeded. The Licensing Authority will though consider the definition of 'track' and whether the applicant is permitted to avail him/herself of the notice.

4.18 Small Society Lotteries

The Council will adopt a risk based approach towards its enforcement responsibilities for small society lotteries. The Council considers that the following list, although not exclusive, could affect the risk status of the operator:

- submission of late returns (returns must be submitted no later than three months after the date on which the lottery draw was held)
- submission of incomplete or incorrect returns
- breaches of the limits for small society lotteries

Non-commercial gaming is permitted if it takes place at a non-commercial event, either as an incidental or principal activity at the event. Events are non-commercial if no part of the proceeds is for private profit or gain. The proceeds of such events may benefit one or more individuals if the activity is organised:

- by, or on behalf of, a charity or for charitable purposes
- to enable participation in, or support of, sporting, athletic or cultural activities.

5. Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime

The Licensing Authority places a considerable importance on the prevention of crime and disorder, and will do all it reasonably can to prevent crime and disorder in the Borough. A high standard of control is therefore expected to be exercised over licensed premises.

The Licensing Authority will, when determining applications, consider whether the grant of a Premises Licence will result in an increase in crime and disorder.

Applicants are encouraged to discuss the crime prevention procedures in their premises with the Council's Licensing Officer and South Yorkshire Police before making a formal application.

In considering licence applications, the Licensing Authority will particularly take into account the following:-

- The design and layout of the premises;
- The training given to staff in crime prevention measures appropriate to those premises;
- Physical security features installed in the premises. This may include matters such as the position of cash registers or the standard of CCTV that is installed;
- Where premises are subject to age restrictions, the procedures in place to conduct age verification checks;
- The likelihood of any violence, public order or policing problem if the licence is granted.

The Licensing Authority is aware of the distinction between disorder and nuisance and will consider factors, for example whether police assistance was required and how threatening the behaviour was to those who could see it, so as to make that distinction.

6. Ensuring that gambling is conducted in a fair and open way

The Licensing Authority has noted the Gambling Commission states that it generally does not expect licensing authorities to become concerned with ensuring that gambling is conducted in a fair and open way as this will be a matter for either the management of the gambling business (and therefore relevant to the Operating Licence), or will be in relation to the suitability and actions of an individual (and therefore relevant to the Personal Licence). Both of these options fall under the control of the Gambling Commission.

However, the Licensing Authority will familiarise itself with operator licence conditions and will communicate any concerns to the Gambling Commission about misleading advertising or any absence of required game rules or other matters as set out in the Commission's Code of Practice.

The Licensing Authority is also aware of the special circumstances that apply to Tracks with regard to operator and premises licences.

7. Protecting children and other vulnerable persons from being harmed or exploited by gambling

7.1 Access to Licensed Premises

With limited exceptions, the access of children and young persons under 18 to those gambling premises, which are adult only environments, will not be permitted.

The Licensing Authority will seek to limit the advertising for premises so that gambling products are not aimed at children or advertised in such a way that makes them particularly attractive to children.

The Licensing Authority will consult with the Doncaster Safeguarding Children Board and with other relevant bodies, on any application that indicates there may be concerns over access for children or vulnerable persons.

The Licensing Authority will judge the merits of each separate application before deciding whether to impose conditions to protect children on particular categories of premises. This may include such requirements as:-

- Supervision of entrances;
- Segregation of gambling areas from areas frequented by children;
- Supervision of gaming machines in non-adult gambling specific premises.

The Licensing Authority will work closely with the Police to ensure the appropriate enforcement of the law, especially relating to the sale and supply of alcohol to children.

7.2 Vulnerable Persons

The Licensing Authority does not seek to prohibit particular groups of adults from gambling in the same way that it seeks to prohibit children, but it will assume for regulatory purposes, that “vulnerable persons” include:

1. People who gamble more than they want to;
2. People who gamble beyond their means;
3. People who may not be able to make an informed or balanced decision about gambling due to impaired capacity resulting from mental health or disability problems, alcohol or drugs.

The Licensing Authority will consider this licensing objective on a case by case basis having regard to any guidance issued by the Gambling Commission. Whilst the Licensing Authority acknowledges that it may

be difficult for gambling premises staff to identify vulnerable persons, (especially in the case of persons who may have a mental illness) in the first instance the Licensing Authority would expect staff members to try and maintain an awareness of how much (e.g. how long) customers are gambling. If it is perceived that any particular persons may be gambling excessively or are showing other obvious signs of being unwell then further investigation should follow to try and identify if the person may fall within the category of vulnerable.

7.3 Measures for Protecting Children and Vulnerable Persons from being harmed or exploited by gambling

This Licensing Authority will also expect the licence applicant to offer their own suggestions as to ways in which the licensing objectives can be met effectively.

Applicants may consider measures to meet the licensing objective for protecting and supporting children and other vulnerable persons such as:

- Operators should demonstrate their understanding of best practice issued by organisations that represent the interests of vulnerable people.
- Proof of age schemes.
- CCTV.
- Supervision of entrances/machine areas.
- Physical separation of areas.
- Location of entry to premises: Windows, entrances and advertisements to be positioned or designed not to entice passers-by.
- Specific opening hours.
- Self-exclusion schemes.
- Notices/signage:
 - stickers or notices on gaming machines to identify the stakes/prizes
 - Fixed Odds Betting Terminals should clearly display the odds
- Provision of information leaflets/helpline numbers for organisations such as GamCare.
- ATMs and cash terminals located separately from gaming machines and displaying GamCare Helpline information.
- Training for staff which develops their ability to maintain a sense of awareness of how much customers are gambling, as part of measures to detect persons who may be vulnerable.
- Training for staff for the purpose of identifying and providing support to vulnerable persons
- Measures/training for staff on how to deal with children on the premises, for example suspected truancy from school.

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

The Licensing Authority may consider any of the above or similar measures as licence conditions should these not be adequately addressed by any mandatory conditions, default conditions or suggestions proposed by the applicant.

Any conditions attached to licences will be proportionate and following the principles set out in Section 4.3

This Authority will also ensure that where category C or above machines are on offer in premises to which children are admitted:

- all such machines are located in an area of the premises which is separated from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;
- only adults are admitted to the area where these machines are located;
- access to the area where the machines are located is supervised;
- the area where these machines are located is arranged so that it can be observed by the staff or the licence holder; and
- at the entrance to and inside any such areas there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.

This Licensing Authority is aware that tracks may be subject to one or more than one premises licence, provided each licence relates to a specified area of the track. As per the Gambling Commission's Guidance, this Licensing Authority will consider the impact upon the third licensing objective and the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.

The Licensing Authority will seek to ensure that operators are following conditions laid down by the Gambling Commission to provide information on how to gamble responsibly and how to access information about problem gambling. Information should be made available in accessible form e.g. large print.

7.4 Door Supervisors

The Gambling Commission advises in its Guidance to Licensing Authorities that if a licensing authority is concerned that a premises may attract disorder or be subject to attempts at unauthorised access (for example by children and young persons) then it may require that the

entrances to the premises are controlled by a door supervisor, and is entitled to impose a premises licence condition to this effect.

Where it is decided that supervision of entrances/machines is appropriate for particular cases, a consideration of whether these need to be SIA licensed or not will be necessary. It will not be automatically assumed that they need to be licensed, as the statutory requirements for different types of premises vary.

Consulatatative Document

8. Complaints against Licensed Premises

The Licensing Authority will investigate complaints against licensed premises in relation to matters relating to the licensing objectives for which it has responsibility. In the first instance, complainants are encouraged to raise the complaint directly with the licence holder or business concerned to seek a local resolution.

Where an interested party has made either a valid representation about licensed premises or a valid application for a licence to be reviewed, the Licensing Authority may initially mediate to address and clarify the issues of concern.

This process will not override the right of any interested party to ask that the Licensing Committee consider their valid objections.

Due consideration will be given to all relevant representations unless they fit the exceptions detailed in section 3.4 of this policy.

9. The Local Risk Profile and Risk Assessments by Operators – Licensing Conditions and Codes of Practice 2015 (LCCP)

The Gambling Commission released the LCCP in February 2015 with a commencement date of May 2015. The code strengthened the social responsibility code (SR) requirements. Details regarding the LCCP and SR code can be accessed via the Gambling Commission website at www.gamblingcommission.gov.uk.

The code requires operators:

- To supervise customers effectively on gambling premises and identify customers who are at risk of gambling related harm.
- With effect from 6 April 2016 to have in place schemes to allow customers to self-exclude themselves from all operators of a similar type in the area where they live and work.
- To have a range of measures with regard to marketing to ensure social responsibility that are transparent and not misleading.
- With effect from 6 April 2016 to produce a risk assessment on individual premises, and have policies and procedures and control measures in place to mitigate local risks to the licensing objectives.

9.1 Risk Assessments

Such risk assessments are required from new applicants, and from existing premises licence holders seeking to vary a licence. The LCCP strongly encourages all operators of Casino's, Adult Gaming Centres, Bingo Premises, Family Entertainment Centres, Betting shops and remote betting intermediaries to assess local risks to the licensing objectives, and to have policies, procedures and control measures in place to mitigate those risks.

Operators are expected by the SR code to make the risk assessment available to licensing authorities when an application is submitted either for a new premises licence or variation of a premises licence, or otherwise on request, and this will form part of the council's inspection regime and may be requested when officers are investigating complaints.

Any failure to provide a competent risk assessment will be taken into account by the Council in determining the application, and such inferences will be made about potential harm to the licensing objectives as appear appropriate.

The Council considers that these local risk assessments are a key component of the overall assessment and management of the local risks. The code requires the Council to set out matters they expect the operator to take account of in the risk assessment in its statement of

policy and the Council expects the Local Area Risk Profile and the following matters to be considered by operators when making their risk assessment:

- Information held by the licensee regarding self-exclusions and incidences of underage gambling;
- Gaming trends that may reflect benefit payments;
- Arrangement for localised exchange of information regarding self-exclusions and gaming trends;
- Urban setting such as proximity to schools, commercial environment, factors affecting footfall;
- Range of facilities in proximity to the licensed premises such as other gambling outlets, banks, post offices, refreshment and entertainment type facilities;
- Known problems in the area such as problems arising from street drinkers, youths participating in anti-social behaviour, drug dealing activities, etc.;
- The ethnicity, age, economic makeup of the local community.

The risk assessment should cover the risks and character of the local area, the gambling operation and the design of the premises.

9.2 The Local Area

The Council expects the following matters to be considered by operators when making their risk assessment.

Matters relating to children and young persons, including:

- The footfall in the local area, for example, does it predominately comprise residents, workers or visitors, is it a family orientated area, popular with children and young people;
- Significant presence of young children;
- Institutions, places or areas where the presence of children and young persons should be expected such as schools, youth clubs, parks, playgrounds and entertainment venues such as bowling alleys, cinemas etc.;
- Any premises where children congregate including bus stops, cafés, shops, and any other place where children are attracted;
- Areas that are prone to issues of youths participating in anti-social behaviour, including such activities as graffiti/tagging, underage drinking, etc.;
- Recorded incidents of attempted underage gambling;
- Transport links and parking facilities;
- Community centres;
- High crime area;
- Other gambling premises in the vicinity.

Matters relating to vulnerable adults, including:

- Information held by the licensee regarding self-exclusions and incidences of underage gambling;
- Gaming trends that may mirror days for financial payments such as pay days or benefit payments;
- Arrangement for localised exchange of information regarding self-exclusions and gaming trends;
- Proximity of premises which may be frequented by vulnerable people such as hospitals, mental health providers, residential care homes, medical facilities, doctor's surgeries, council housing offices, addiction clinics or help centres, places where alcohol or drug dependant people may congregate, etc.;
- Homeless or rough sleeper shelters, hostels and support services;
- Transport links and parking facilities;
- Community centres;
- High crime area;
- High unemployment area;
- Pawn broker/pay day loan businesses in the vicinity;
- Other gambling premises in the vicinity.

Other issues that may be considered could include:

- Matters of faith, including all religious or faith denominations including proximity to churches, mosques, temples or any other place of worship.

9.3 The Gambling Operation

In assessing the risk factors associated with a gambling operation the assessor should take into account the local risks which are commonly accepted by broader stakeholders and how that gambling operation may affect that risk.

The assessor may wish to consider:

- How the gambling operation will relate to how the operator conducts its business;
- What gambling products it provides in the premises;
- The facilities to enable gambling within the premises;
- The staffing levels within the premises;
- The level and requirement for staff training;
- Whether loyalty or account cards are used or not;
- The policies and procedures it has in place in relation to regulatory requirements of the Act or to comply with the LCCP;
- The security and crime prevention arrangements it has in place;
- How it advertises locally and on the premises;

- The marketing material within the premises;
- The display and provision of information, etc.

9.4 The Design of Premises

The design and layout of the premises is a key consideration as this could have a significant impact on the risk to the licensing objectives. In assessing the risk factors associated with the premises design and layout reference is needed to the local area risks factors already identified to ensure the design doesn't add to that risk. The design, both internal and external should be considered and specific risk factors identified and noted. For example:

- The premises may have a number of support pillars which the assessor identifies as obstructing the view of the gaming machines from the cashier counter.
- The assessor may identify that the design of the entrance to the premises is not sufficiently covered by CCTV to enable the identification of offenders.
- Premises which are located within an area which has a high number of children and young people present throughout the day, may identify that their standard external design means that children and young people can see into the premises and see gambling taking place.
- If the premises have a large amount of glass frontage in an area prone to criminal damage, the assessor may consider the risk of damage to the standard toughened glass to be high.

These would be identified risk factors that would need to be documented.

This list is not exhaustive and other factors not in this list that are identified may also be taken into consideration.

9.5 Local Area Risk Profile

The Gambling Commission guidance advises that licensing authorities provide a risk profile of their borough. This will assist operators undertaking the risk assessments of their premises, and will also be taken into account when considering applications for new and variations to licences and reviews of licences.

The Licensing Authority will endeavour to ensure an up to date Local Area Risk Profile for the Doncaster Borough is published and readily available.

Whilst not forming part of this policy, the Local Area Risk Profile for the Doncaster Borough is expected to include data and maps which show the distribution of gambling premises and:

- Educational establishments;
- Relevant leisure facilities;
- Medical facilities, care homes, and temporary accommodation etc.;
- Places of worship;
- Hot spot areas combining the educational establishments/leisure facilities/medical facilities
- Areas of deprivation;
- Areas of unemployment;
- Areas where residents claim working age benefits;
- Areas of poor mental health;
- Violence hot spots;
- Drug and alcohol hot spots.

If an application for a new licence or variation is submitted that is within 400 metres of a sensitive building or vulnerable community, operators are encouraged to provide details of the measures to be implemented that would overcome any risks relating to one or more of the licensing objectives, namely:

- Protecting children and other vulnerable persons from being harmed or exploited by gambling.
- being a source of crime or disorder, being associated with crime or disorder or being used to support crime;
- Ensuring that gambling is conducted in a fair and open way.
