How will this contribute to improving health and wellbeing in Doncaster?
<p>Doncaster Stronger Families Programme is a service transformation programme focussing on developing a whole family coordinated approach to family support. Families often display behaviours linked to physical or mental health difficulties or health issues result in social issues such as debt, poor school attendance or domestic violence.</p> <p>The aim of Stronger Families is to improve support for whole families and improve coordination between services and organisations in order to avoid duplication and reduce costs while improving outcomes in the longer term. Health and wellbeing partners are integral to the Stronger Families programme and the success in supporting families to improve their lives and build resilience for the future.</p>

Recommendations

The Board is asked to:- Note the progress of the Stronger Families programme to date.
