How will this contribute to improving health and wellbeing in Doncaster?
<p>The Doncaster Local Digital Roadmap is a plan to join-up information and systems across health and care providers in Doncaster, with the ambition of delivering comprehensive shared health and care records, available to all appropriate practitioners at the point of care, by 2020. Delivery of the roadmap will provide both practitioners and patients with greater access to health information and services, which will contribute to the improvement of health and wellbeing through:</p> <p>Better information sharing between practitioners across health and care services will improve the quality and safety of services provided.</p> <p>Access to more digital health and care services and the increased capability provided by these services to support patient self-care will help to improve health and wellbeing in Doncaster.</p>

Recommendations

Representatives from the CGG and providers, both from health and social care across Doncaster have been involved in developing and approving the Local Digital Roadmap. It is a requirement that Health and Wellbeing Boards are engaged and therefore the Board is asked to endorse the Doncaster Local Digital Roadmap.
