BACKGROUND

5. The Doncaster Health and Social Care Community has a long history of working together in partnership to achieve positive change for local people. Each of the health and social care organisations within Doncaster already have plans for the future and these are often developed in partnership. In some cases, such as the Better Care Fund Plan, the plans are owned jointly. However, there is a strong view that in order to transform services to the degree needed to achieve excellent, sustainable services in Doncaster we now require one shared vision and plan for the whole of Doncaster. For this reason the key

leaders across health and social care in Doncaster have come together over the summer of 2016 to develop the Doncaster Place Plan. This is the first time in Doncaster that a shared vision has been developed and articulated across health and social care and there have been significant contributions from a wide range of organisations.

6. In developing the plan we have recognised the work that has already been done locally and the plans that are already in place. The Place Plan is also set in the context of the wider South Yorkshire & Bassetlaw Sustainability and Transformation Plan (STP). The Place Plan, the STP and other local plans will in totality address the challenges that we face as a health and social care community. A presentation will be provided to the Committee by Jackie Pederson, Chief Officer Doncaster Clinical Commissioning Group and Jon Tomlinson, Interim Assistant Director Modernisation and Commissioning (DMBC) relating to the Doncaster Place Plan, prior to consideration by Cabinet on 13th December.

OPTIONS CONSIDERED AND REASONS FOR RECOMMENDED OPTION
